

The Highway Traffic Act Registration of Motor Vehicles

Public Notice is hereby given that midnight, MONDAY, the 16th day of May, 1955, has been fixed as the deadline for the use of 1954 license plates.

ON AND AFTER MAY 17th NEXT ALL MOTOR VEHICLES USING THE HIGHWAYS WILL BE REQUIRED TO CARRY 1955 PLATES.

Definite instructions have been issued to the Police to make this effective.

Registry Offices are located at 117 Queen Street, Charlottetown; in the Court House, Summerside and at Montague and Souris.

J. A. GALLANT,
Registrar of Motor Vehicles.

Savage Harbour

Mrs. Audrey Gunn has returned to her duties as Nurses' Aid at the Charlottetown Hospital after spending an enjoyable holiday at Savage Harbour where she was the guest of her parents Mr. and Mrs. Lester Gunn.

Mr. John Murphy has resumed his work decorating the interior of the Parochial House at St. Andrews after spending the weekend with his wife and family at Georgetown.

Mr. and Mrs. Aeneas MacDonald were visitors to Savage Harbour on Sunday. The MacDonalds were former residents of this area and have hosts of friends here who are happy to have them visit among them. Some years ago Mr. MacDonald was tops among the real topnotch fishermen of the North Shore but because of uncertain markets and prices gave up fishing and embarked on a railway career. But those who know Aeneas best know that the transition was of the body only for deep in the chambers of his heart exist a love for fishing and this world famous fishing grounds that time cannot erase. An interesting, informative and entertaining conversationalist, Aeneas cannot, nor does he try to hide the fact, that his keenest desire, his fondest ambition is to spend his days, after retirement from the railway, in a comfortable little home at the North Side, fishing in a few traps and gazing with eager expectancy as he pulls his nets from the briny deep.

Mrs. Lloyd Robertson accompanied by her daughter Elaine have returned to their home at Amherst, N. S., after a most enjoyable visit to Savage Harbour where they were the guests of Mrs. Robertson's parents, Mr. and Mrs. Wilfred Coffin.

Mr. J. A. B. McConnell teacher at Savage Harbour spent the weekend with Mrs. McConnell and family at Georgetown.

Mr. Cyril Morrison of Savage Harbour was a business visitor to Souris on Monday.

Because of adverse weather conditions fishermen fishing out of Savage Harbour mutually agreed to postpone the running of their lines from Saturday to Monday. Some fears were entertained regarding the depth of water in the harbour, but these proved groundless as all rope was run without mishap. The shore those days is a veritable beehive of activity, with hopes high for a record catch and a good price. It is to be hoped that both dreams become realities so that those men who brave the hazards of the sea may be fully repaid for their arduous and dangerous labors.

At this season of the year there is always present the added fire hazard of grass fires. Considered fun by many and undoubtedly alluring to most they can prove terrifically destructive. There are however some who gather at the opposite end of the ladder and who are so afraid of such fires that they do not burn fields that should be burned.

The government machines were on the Savage Harbour Road early on Monday and in short order made the highway reasonably fit for travelling. The amount of traffic on this particular section of road at this time of year and in fact continues through to fall, is simply amazing. It has been promised that a check will be made of all unpaved highways in the province and those serving the greatest number will be first paved. If an honest check is made and paving done solely on traffic volume, without political or outside interference then it will not be long until the three miles of road from Gunn's Corner to the Harbour proper will be paved.

The many friends of Mrs. (Dr.) J. C. MacDonald now of Charlottetown but formerly a resident of Mt. Stewart will be sorry to learn that she is a patient in the Charlottetown Hospital. All join in the hope that Mrs. MacDonald will make a speedy and complete recovery.

It is pleasing to note that Eunice Reddin of Mt. Stewart who through illness has been absent from her classes for sometime has now full recovered and is back at school once again. Eunice who

is very popular with her classmates is getting a real warm welcome on her return.

Tommy Atkins of Charlottetown spent the week-end in Mt. Stewart where he was the guest of his parents, Mr. and Mrs. James Atkins.

Deepest sympathy is extended to the family of the late Mrs. Gertrude Handrahan whose death occurred suddenly at Dorchester, Mass. The remains were conveyed by motor hearse to the home of her son Mr. Chester Handrahan, Pisquib. Funeral was held at St. Andrews Church on Saturday morning. Interment in the church cemetery.

A transfer was in Savage Harbour on Monday carrying the furniture and household effects of Mr. and Mrs. Fulton Douglas, who have spent the winter months in Charlottetown, to their beautiful residence here at Savage

Harbour. Mr. and Mrs. Douglas will remain here throughout the summer and fall where Mr. Douglas has extensive farming interests. Citizens in general are delighted to have Mr. and Mrs. Douglas back in their midst once again.

The curtain was rung down Friday night on one of the most pleasing rounds of entertainment offered to the people of this area in many moons, when the final card game sponsored by the Ladies Auxiliary was held in Mt. Stewart Memorial Hall. Play as usual was of a high order but when the final chips were gathered up there in all her glory stood that veteran card handler Mrs. Freddie Affleck holding high score. Mrs. Affleck always among the top two or three is an outstanding card player. Gents high went to Mr. Merrill Rodgersson Mrs. Willard Coffin in a breath taking finish that had the fans

all in a twitter. Mrs. Eileen Glover won the freeze out proving once again that the ladies know their straight forty-fives. A delicious lunch was served by the ladies. This last happy event we understood was not according to schedule as the gentlemen were supposed to dish up the hash on this the closing session. However one fellow lost his apron, and another set the teapot and the others were all in the road so the good ladies gently but firmly told them to vacate the kitchen before another World crisis developed. They took the hint. Next fall the series will re-open with plans already underway for a bigger and better season than ever. —CH.

WHIM ROAD W. I.

*Mrs. Frank Graham was hostess to the Whim Road W. I. when they met at her home on Tuesday evening for the regular monthly meeting. In the absence of the president, Mrs. Wesley Campbell, the meeting was opened by Mrs.

M. J. Munro, with the Institute Creed. Roll call was answered by a household hint, and number of forfeits for not answering were paid. The minutes of the previous meeting were read by Mrs. Lawrence Stuart, in the absence of the secretary, Mrs. Robert Campbell. It was moved and seconded that an amount be forwarded to the Red Cross office. Copies of the Institute News and other pamphlets were passed around to the members. The monthly penny sale was held by Mrs. Lawrence Stuart and won by Mrs. D. P. Ross, a visitor to the meeting.

The different committees for the month gave their reports and the following were appointed — Mrs. M. J. Munro and Mrs. Robert Campbell; entertainment, Mrs. M. J. Munro and Mrs. George Clary. During the social hour following the meeting an enjoyable lunch was served by Mrs. Graham, assisted by several of the ladies. The National Anthem closed the meeting.

Only Chevrolet packs a one-two punch!

The big brand-new Valve-in-head
136 h.p. Blue-Flame 6 gives you—

162 h.p. Turbo-Fire V8 gives you all
the features of the Blue-Flame plus—

1. A COMPRESSION RATIO of 7.5 to 1. This brings great economy to the Blue-Flame 6 — a Chevrolet engine already famous for low-cost, sparkling power. And with this engine you can have Synchro-Mesh, "Power-glide" or "Overdrive" transmission.
2. A 12-VOLT ELECTRIC SYSTEM. Exclusive with Chevrolet in the low-priced three, it ensures faster, surer starts on cold mornings and faultless performance at high speeds. It gives ample voltage for all today's power features.
3. HYDRAULIC VALVE-LIFTERS. These, teamed with Chevrolet's exclusive independent valve trains, provide quieter, more positive valve action at all speeds than the conventional type used by competition. Another high-priced feature now on low-priced Chevrolet!
4. A NEW SHORTER PISTON STROKE. Now the pistons travel far less distance per mile — about 1 mile less in every 12 you travel. Naturally this means far less engine wear and lighter loads on the bearings — causing amazing new engine durability.
5. A HIGH-TURBULENCE COMBUSTION CHAMBER. It's designed to cause the air to whirl at cyclone speed in the chamber. The result is a far more thorough mixture of gas vapour and air during combustion — giving you greater gasoline mileage.
6. CONTROLLED FULL-PRESSURE LUBRICATION, which uses nearly a quart less oil than old splash-type systems. And under pressure the oil is forced to every working part of the engine, protecting it completely with a slippery, non-wearing surface.
4. A NEW ULTRA-HIGH COMPRESSION RATIO of 8 to 1. This feature puts Chevrolet's Turbo-Fire V8 in the performance class of high-priced cars. You'll feel the result of this higher compression the instant you press your foot down on Chevrolet's accelerator.
5. THE LIGHTEST ENGINE in the "low-priced three". Through engineering has eliminated all the deadweight and unnecessary bulk — both factors which drain the rated horsepower of competitive cars. "Turbo-Fire" weighs only 488 lbs.! Compare that with any other.
4. 1/2" SUPER-POWER SHOCKING, which boosts the horsepower of the "Turbo-Fire" V8 to 180 — and results in a brilliant type of performance that's absolutely unbelievable in the low-priced field. If you're looking for action, this is it!

A GENERAL PURPOSE VEHICLE
