

**Woman Draws Jail Sentence In Fraud Case**

TORONTO (CP)—A woman was sentenced here to three months in jail on seven charges of fraud in connection with the reported \$250,000 swindle of an insurance company.

Eleanor N. MacNeil, 40, of Toronto, who was arrested in Vancouver, pleaded guilty last week to charges of defrauding the American Insurance Company of \$12,013.

Police testified she was acquainted with an insurance adjuster at the company who asked her to sign cheques for claims in accidents that never happened.

A representative of the company asked the court to be lenient because she used the money to buy gifts for employees.

"She got about \$500 of it," said the magistrate.

**Export Sale Of Potatoes Not Completed**

FREDERICTON (CP)—New Brunswick's Agriculture Minister Adrien Levesque said here "as far as we know" the federal government has not concluded a deal with an export country but has agreed to assist in the export of surplus Maritime potatoes.

Mr. Levesque was commenting on an announcement by Hamilton last week that such aid would be given on 267,000 barrels—about 20,000 tons—of New Brunswick and Prince Edward Island potatoes.

He said the government had in effect "agreed to co-operate and look into the mechanics" of such an arrangement.

Payments would be made direct to producers for a return to \$1.45 for each 165-pound barrel of No. 1 potatoes loaded on cars. Under the plan, about 15,000 tons would be taken from New Brunswick and about 3,000 from P. E. Island.

Mr. Levesque declined to comment on the size of the potato surplus in New Brunswick.
