The Guardian, Charlottetown, Sat., Oct. 3, 1959

Community Concert Season Opens With Hart House Orch.

The Hart House Orchestra, of Toronto, with Boyd Neel as conductor, will appear at Prince of Wales College next Tuesday evening, to open the 1959-60 season of the Charlottetown Community Concert Association.

BOYD NEEL

The names of the Hart House Orchestra and of Boyd Neel, together and separately, alike enjoy a high measure of international fame in the world of music.

Dr. Neel came to Canada in 1953 with an impressive background of musical achievement, to become first dean of the re-organized Royal Conservatory of Music, at Toronto. He has, since that time, played an increasingly important role not only as an educator but also in conducting and orchestral circles.

Earlier in England, he gained international fame by creating new interest in music for the chamber orchestra through the noted Boyd Neel Orchestra, which he organized in 1932. In recognition of his services to music, he was made a Commander of the British Empire of Her Majesty in the New Year's honors list of 1953. He led his orchestra in tours throughout Europe, New Zealand, Australia, Canada and the United States.

The Hart House Orchestra served as the nucleus of the first Stratford Music Festival in the Summer of 1955. Since then, it has toured the United States, many parts of Canada and played on the CBC.

In 1938, on invitation of the Canada Council, the orchestra appeared at the Brussels World Fair on Canada Day, August 25, with Glenn Gould and Marguerite LaVergne as soloists.

Mr. Bauman, a graduate of the Curtis Institute of Music, Philadelphia, became principal of the Toronto Symphony when only 22 and held position for more than 15 years. He is in great demand as a soloist, having appeared at the Stratford and Peninsula Festivals, and frequently in Toronto.

He also played with the Philadelphia Orchestra on two recent European tours. Mr. Bauman is senior oboe lecturer at the Royal Conservatory of Music and many of his students hold prominent places in Canadian orchestras.

On the island, the main apple producers include P. L. Smallwood at Inkerman, Bert Hansveld, near Montague, Everett Howatt at Tryon, and the Malcolm Reeves at Southport. The crops are marketed locally.

High School Students Meet To Plan Red Cross Program

Some 40 young people from high schools in the province will meet today at the Provincial Headquarters of the Red Cross in Charlottetown. The all-day conference will discuss plans for this year's high school Red Cross program.

Directing the conference will be Mrs. Paul Devlin, director of Junior Red Cross activities, for P.E.I.

The conference will receive reports from two delegates who attended the International Junior Red Cross Study Centre program held in Toronto last month. The two delegates were Erwin Howatt of Kensington and Muriel St. John of Charlottetown. Miss St. John will be the conference chairman.

Scout Official To Visit Here

James Riddell, assistant executive commissioner of the training department of the Boy Scouts Association, Ottawa, will visit this province on Tuesday, Oct. 13. It is announced by provincial scout headquarters.

Hannah Storm Is Not Feared

HALIFAX (CP)—The weather office here said Friday there is little chance hurricane Hannah will seriously affect the Maritimes. The blow was last reported 700 miles southwest of here.

Forecasters said the storm will probably pass Nova Scotia today about 300 miles to the south of Sable Island. This would bring only moderate winds with gusts to 30 miles an hour to Maritime regions.

Hannah is described as a full-sized hurricane, spreading across a 300-400 mile area of the Atlantic. She packs winds up to 125 miles an hour.

The transport department Friday cautioned small ships to be wary of gales.

Family

(Continued from page 1) sixteenth birthday providing they do not begin working for wages before that time.

The changed regulations were brought about by an amendment to the School Act passed at the last session of the Legislature and required attendance at school of every child "who has attained his seventh but not his sixteenth birthday."

EFFECTIVE SEPT. 1

However, because there were only three months of the school year remaining the minister of education ruled that it would not become effective until September 1.

Previously the Act required children who were "between the ages of seven and fifteen inclusive" to attend school. According to the Family Allowances Act, in order to remain eligible for family allowances children must attend school regularly as required by the laws of the province where they reside. In view of this requirement, Mr. Green stated the effect of the amendment to the School Act on family allowances payments is that if a child between the ages of seven and sixteen is absent from school without permission of the school supervisor of his area allowances being paid on the child's behalf will be discontinued. Any allowances paid for a period when a child was absent from school without permission must be refunded, he said.

CITY AIRMAN WINS TITLE

Corporal D.J. Bernard of Summerside P.E.I. is shown with the Trophy he won in the RCAF safe and skilled driving competition at RCAF Station Summerside. Twenty RCAF drivers participated in this competition which is held to determine the most proficient RCAF driver in the Maritime area.

Cpl. Bernard will now proceed to Toronto to compete in the RCAF National finals. This is the third consecutive year he has won this trophy. Cpl. Bernard is the son of Mr. and Mrs. Frank Bernard, 9 Upper Queen Street, Charlottetown, P.E.I.

Sewer Extension Nears Completion

The extension of sewer service to the former Spring Park area in the vicinity of the North River Road is proceeding according to schedule.

In the course of the project a shelf of rock was encountered which was not unexpected. However the quantity of rock was greater than expected.

The resident engineer for W.H. Crandall Associates, Gordon Thomas, says this rock had to be blasted in order to extend the sewer line.

The resulting blasts caused some complaints from homes which were built on the same shelf of rock. The blast-caused vibrations are said to have caused houses to tremble and a few ceilings to crack. A check of the area indicates three houses were affected.

Councillor J. E. Arsenault, chairman of the water and sewer committee of the city council, and Councillor F. G. O'Neill, chairman of the streets committee say they have heard of the complaints but do not believe they were serious.

The sewer extension which is designed to link the new Spring Park section with the main city sewerage system has been under way since June 1. Mr. Thomas of the consulting engineering firm, says approximately 20,000 feet of the estimated 22,000 feet of the sewer pipe has been laid.

The sewer line runs across Simmon's field from Spring Park Road to the North River Road, and it was here that the rock formation was encountered at 16 feet. The new line was extended southerly to connect with the present sewer in front of the Queen Charlotte High School.

The line also is being extended northerly along the North River Road to Nassau Street and it is on this section that work is continuing. Mr. Thomas says the worst part is over and the pipe is being laid at a lesser depth.

He expects the contractor will finish the project before the end of October. He says 24-inch pipe was laid at the beginning of the project and as it proceeded along North River Road smaller pipe is being used until it reaches the minimum of eight inches.

Although apple growing is by no means a major industry in the province, it is interesting to note that the crop this year is expected to be the best for some time. The picking season really gets underway Monday and growers have their fingers crossed that winds from hurricane Grace will not amount to much.

The apples this year are of good color and excellent quality. At the Reeves Orchard at Southport the main varieties grown are the McIntosh Red, Delicious and Courtlands. It is estimated the picking season will last a month. The early cold weather, recently, slackened the growth a bit.

In both Nova Scotia and New Brunswick apple growers are optimistically looking forward to a bumper season. The crops are reported the best in years.

On the island, the main apple producers include P. L. Smallwood at Inkerman, Bert Hansveld, near Montague, Everett Howatt at Tryon, and the Malcolm Reeves at Southport. The crops are marketed locally.

Mr. Bauman, a graduate of the Curtis Institute of Music, Philadelphia, became principal of the Toronto Symphony when only 22 and held position for more than 15 years. He is in great demand as a soloist, having appeared at the Stratford and Peninsula Festivals, and frequently in Toronto.

Dickie Moore Signs Contract

MONTREAL (CP)—Dickie Moore, the National Hockey League's scoring champion the last two seasons, Friday signed his new contract with Montreal Canadiens.

Moore was the last of the squad to come to terms with managing director Frank Selke. Terms were not disclosed.
