ABSOLUTE PURITY.

THE following analyses (made by the Dominion Analyst) of three BAKING POWDERS sold in this market should put a stop to the unjust efforts of the Royal to mislead the public as to its being the only one. These impartial tests show that other Powders are as pure and wholesome:

W. SAUNDERS, Dom. Analyst, St. John, N. B. reports:

Royal—Contains Alkaline Carbonates—a mixture consisting mainly of Bi-Carbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of starch.

W. F. BEST, Dom. Analyst, St. John, N. B. reports:

Pure Gold—Contains Cream of Tartar, Carbonate of Soda—fresh and pure.

Nov. 19, 1882—Not adulterated; same as usual.

WOODILL'S April 7, 1883—Not adulterated; same as usual.

June 4, 1881—Fresh and pure; same composition as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax, N. S. reports:

WOODILL'S of good quality; contains nothing injurious.

WOODILL'S German Baking Powder has held a reputation for purity and wholesomeness now nearly 30 years.

WE ARE

often asked, "How close will your Watches run?" We answer by stating how close they have run and are running in the hands of those who carry a Rockford.

NEW CASTLE, PA., March 10, 1886.

ROCKFORD WATCH CO.

Gentlemen,—Mr. S. J. Frisbie, telegraph operator at Youngstown, O., to whom we sold one of your eleven Jewels a little over two years ago, is frequently in our store rating his watch. The greatest variation we have been able to observe in this watch was thirteen seconds fast in two months.

Yours truly,

J. C. HANNA & SON.

U. S. COAST AND GEODETIC SURVEY OFFICE, WASHINGTON, D. C., Feb. 5, 1886.

Mr. J. KERR, 629 Penn. Ave., Washington, D. C.:

Sir—The silver watch I purchased from you in March, 1885, after being regulated by you, has not varied more than two seconds a month. I therefore take pleasure in testifying to the excellence of the Rockford Watch for which you are agent.

Yours respectfully,

RICH. M. HARVEY.

Hundreds of other testimonials can be shown at our store. The Watches we have sold are doing very well and our customers are well pleased with them.

CLOTH AND WOOL.

TO OUR CUSTOMERS.

IT is just twelve years since we re-built the Woollen Mills from residence to manufacture the best cloth that could be produced from

P. E. Island Wool.

That our efforts have been successful and appreciated were warranted in concluding from the fact that hundreds of the same people who patronized us in 1874 are our customers in 1886.

During the past year we have added many improvements, particularly in the dyeing and finishing departments. Although we have not reached perfection, yet we feel justified in saying that no better tweeds or greater variety of patterns are made in any other establishment in the Lower Provinces. We do not propose to compete against the cheap, shoddy and cotton mixtures that are sold as ALL-WOOL goods, but quality and durability considered we claim ours to be the CHEAPEST CLOTHS in the market.
