WELSH, IV. William Welsh, of Keppoch, Queen's County, Farmer and Ship-owner.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidates.

The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same as he furnished to the elector, and shall detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box. Ballot Act, Sec. 45.

No voter should make any mark on the ballot-paper save one cross on any part of the ballot-paper within the division containing the candidate's names for whom he intends to vote. If the voter writes his name or initials, or any marks, except the X he makes his ballot void.

A simple cross upon the ballot for your candidates will assist in electing them. Any other mark or writing will contribute to their defeat.

- 1. Poll opens at 9 o'clock a. m., and closes at five o'clock p. m.
2. Vote early.
3. See that your Liberal-Conservative neighbor votes early also.
4. If you have a sleigh, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.
5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.
6. Poll every possible vote; the loss or gain of a single vote in each polling division may make all the difference between victory and defeat.
7. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.
8. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.
9. Electors can only vote at the polling division where their names are registered.
10. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.

Deception vs. Fairness.

THE HYDEA-HEADED POLICY OF THE GRITS.

Free Trade in Prince Edward Island. Protection in Ontario. Peace and Revenge in Quebec. Repeal in Nova Scotia. Annexation in New Brunswick. Lawlessness in Manitoba. Slander and misrepresentation everywhere.

Grit vs. Tory Rule.

GRIT RULE. Public Debt.

In 47 years the Grits added \$1,513,007 to the net debt and left nothing to show for it—but the Canadian Pacific Railway and other public improvements in all parts of Canada.

TORY RULE. Public Debt.

In seven years, the Tories added \$36,045,623 to the net debt, and there is to show for it the Canadian Pacific Railway and other public improvements in all parts of Canada.

Public Works.

During the Grit term the total expenditure upon public works chargeable to capital was \$31,883,932, or \$677,137 less than the increase of the debt. That is to say the Government of the Grits added to the permanent obligations of the country nearly seven millions more than they expended upon public works having for their object the development of trade and cheapening of the cost of transportation.

Interest Charges.

When the Liberal party came into office the average rate of interest payable upon the public debt was 8.09 per cent., and five years later they had reduced it to 4.65 per cent., or by 34 per cent.

Assets.

In 1873 the assets of the Dominion amounted to \$29,919,970, and yielded an average rate of interest of 1.56 per cent. In 1878 the assets had increased to only \$31,465,194, and the average rate of interest was 1.63 per cent., a gain in five years of \$1,700,229 in assets and an increase of .07 per cent. in the rate of interest.

Under Tory management of public affairs, the assets mounted up to \$8,235,915, an addition of \$33,700,000, or within a fraction of 100 per cent., while the average rate of interest yielded augmented to 3.91 per cent., an increase of 2.38 per cent.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites

is not only very palatable, but the remedial power of these valuable specifics is greatly increased, and as a remedy for consumption, scrofula, emaciation, or where there is loss of flesh and nerve power, it is remarkable in its results. Take no other.

Astonishing Success.

It is the duty of every person who has used Bosche's German Syrup to let his wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 50,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Samples bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.
