Among The Farmers Federation of Agriculture News

A Feature For Every Friday

Crop Conditions

Considerable grain still remains out and a small percentage yet to be cut. It looks as if the harvest will continue into October this year, the latest for some time. The large number of grain stacks through the countryside are evidence of our bumper harvest and that the policy advocated by our Department of Agriculture is starting to bear fruit.

The western part of the Province has had frost severe enough to kill potato vines. In the eastern part most fields are comparatively green with not much evidence of active blight for some time.

Beef And Meat

The value of our beef exports to the United States is indicated by the latest Livestock And Meat Trade Report. Since January 1st this year 225-225 head of cattle, over 700 pounds in weight, as compared with 132-264 from the same period last year have gone across the border. In dressed meats the figures are 52 million pounds as compared with 38 million pounds.

Numbers of cattle were at a low point in 1945. Usually numbers increase for about seven years and decline for seven.

We are now in the upward swing of the cycle but, population increase coupled with increased consumption per person seems to indicate, barring depressions that meat prices will remain good unless Argentine and Australian meat is admitted in large quantities to the United States.

Potato Board

Charles H. Bradbury, Manager of the Northern Potato Association of British Columbia who visited here some time ago has written us some observations in regard to our potato business.

He is very enthusiastic about our soil which he considers the best for color that he has ever seen. The farmers he met and he felt the majority are the same were the real goods.

He admits that Island potatoes are considered the best everywhere and that by standardizing as few varieties as possible keeping quality first at all times, supplying a guaranteed product and doing a good advertising job that we can sell our potatoes anywhere.

To accomplish this, a marketing scheme is necessary and some changes in our methods of packing. Mr. Bradbury suggests that there should be no farm packing but, this to be done mechanically by brushing method at as many points on the Island as is economical and practical. He is convinced that the Eastern United States commercial market has a preference for long varieties and that we should try in a small way some long varieties to fit in with changing consumer demands.

The P. E. I. Potato Board has engaged the services of Mr. E. D. Reid as manager and D. A. MacDonald of Glenfinnan is to be chairman. Mr. Reid's experience in the potato business will be invaluable in this new position. If the potato industry is to continue to be a profitable one for our farmers, intelligent direction and planning is called for.

The Potato Board has a big job on its hands and it is evident that they are taking it seriously and are trying to do everything possible for the potato industry.

Better Turnip Seed

At a meeting of the Provincial Board held recently the fact that turnip seed of inferior quality and mixed varieties had caused trouble for the growers this year was discussed.

The suggestion was made that possibly restricted turnip seed growing areas could be established to advantage. It would appear that there is an opportunity to develop the growing of a wider variety of seeds in this Province.

Turnip Maggot Survey

It is expected that in a couple of weeks information will be available on the information gathered during the past summer from the research work done by the Division of Science on the turnip maggot.

Hog Prices

Hog prices are uneasy. The packers apparently feel that Canadian consumption will not look after the coming marketings. Bacon going into the export contract will not return as much to the farmer as our own Canadian market.

Hog producers, however, will not benefit by shipping underweight, under-finished hogs in an attempt to beat price declines. In the long run holding hogs until they reach the right weight will always be a good policy.

Dairy Advertising

It is evident that the Dairy Farmers of Canada are going to advertise their product in a fairly extensive way.

The voluntary check-off in June has resulted in a fund of \$300,000. Having a good product to sell without advertising is similar to a boy winking at a girl in the dark—he knows what he is doing but no one else does.

Ploughing Matches

The success of the Ploughing Match at Dundas for the past two days demonstrates the fact that the farmers down there have a sense of showmanship and the executive ability to make it add up to one of the best, purely agricultural shows in the Maritimes.

We doubt if at any show in Canada, with the possible exception of the Royal, you could see such a large ring-side following, but these judging. Not hundreds, but thousands of people watched the classes Wednesday afternoon, and proved that in spite of the popularity of tractors, most people still love a good horse.

The Pownal boys, next Wednesday, are going to show what they can do. We wish them every success and look for their show to develop equally as well as the King's County one.

How many farmers are familiar with or can explain the phrase "To plough with one's heifer" ("Judges XIV, 18")?

In Old England "Plough Monday" was the first Monday following the twelfth day after Christmas. At this time ploughmen would disguise themselves, drag a plow around the community and solicit drink money.

FALL Fashion Show P. W. C. Auditorium OCT. 4th Afternoon and Evening TICKETS 1.00 TICKETS ON SALE AT:— The Gloria, Adella's, Island Furriers, and from Beta Sigma Phi Sorority members.

Long-Time Bakery Contest Winner at Stanley Fair

At the 100th anniversary of the internationally famous fair at Stanley, N.B., special honors are paid Mrs. G. Edwin Sansom, whose record as prize winner stretches back over decades. Mrs. Sansom was named "Most Worthy Settler" by the fair in 1947, and is here seen with the silver trophy accompanying that honor. Famed for her entries of rolls and bread, Mrs. Sansom pays full tribute to Fleischmann's Yeast. "All the prizes I have won for yeast-raised baking were won with Fleischmann's Yeast," she says. "It's so lovely and dependable, I wouldn't use any other."

No doubt about it. The majority of prize-winning cooks place their faith in Fleischmann's Yeast—proved dependable for 83 years.

You can't tear yourself away from Grape-Nuts Flakes... Sugarcoating gives them an exclusive sweet-as-a-nut flavor!

York Highlights

The Misses Aletha Brown, Olga Proude, Margaret Vessey of Charlottetown, were week-end guests in York.

Miss Mary Watts, Charlottetown, spent Sunday as the guest of her parents, Mr. and Mrs. George Watts, York.

Misses Marina Watts, Freda Newsom and Myron Ling, students of Prince of Wales and Union Commercial Colleges, Charlottetown, were visitors to York on Sunday.

Mrs. Barwise and daughter of Charlottetown were in York Sunday, guests at the home of her daughter, Mr. and Mrs. Fred Thompson.

Mr. Bloice Bowen Hubbard, Nebraska, U. S. A., one of the delayed summer visitors to the Island due to the railway strike, returned to his home after a two weeks' visit at the home of his aged mother, Mrs. William Bowen and brother Locksley. While on the Island Messrs. Bloice and Locksley Bowen and Mrs. William Bowen motored to York, the guests of Mr. and Mrs. Earl Ling.

Mr. and Mrs. Raymond Vessey, Hazel and Lorna Vessey motored to Brackley Point recently and were the guests of Mr. and Mrs. George Shaw and family.

Mr. and Mrs. Raymond Watts, City, were the guests of Mr. Watts' parents, Mr. and Mrs. Harold Watts, York, on Sunday.

Mrs. Melvin Jay, York, was a week-end guest of her daughter, Mr. and Mrs. Clifford White, Charlottetown.

The many friends and neighbors in York of Mr. Earl Ling conveyed their heartfelt tokens of sympathy to him in the recent and death of his aged mother, Mrs. T. D. Ling in the Prince Edward Island Hospital. Mrs. Ling has been in failing health for the past few years but not until six weeks ago when she entered the hospital did her family realize that the end was near.
