**N. Y. Market Prices Take Lower Trend**

NEW YORK (AP)—The stock market reversed its course last week, snapping a string of seven weekly advances.  
The Associated Press average of 60 stocks dropped \$2.40 during the week to \$183.40. The average touched a 1958 high of \$186.50 Monday, declined \$1.50 on Tuesday, edged back slightly the next two days, then plunged \$2.10 on Friday.  
The week's volume totalled 14,621,500 shares for a daily average of 2,924,900 shares. This was the first week in a month that the average went under 3,000,000 shares.  
Brokers said many investors were becoming skittish as a result of the trend toward tighter money and the failure of stocks to break through major barriers in the averages.  
Interest rates for several types of short-term loans went up during the week, followed by a hike in the discount rate by the Federal Reserve Bank of San Francisco late Thursday.  
The boost in the discount rate from 1 1/2 to two per cent was regarded as a signal that the federal reserve was more concerned about the dangers of inflation than the recession.  
The five most active stocks of the week fell for under \$20 a share and all moved higher despite the drop in the averages.

**Agrees To Limited Lie Test In Death Of 'Human Torch'**

PONTIAC, Mich. (AP) — Ex-convict Herman Kierdorf agreed Monday to take a limited lie detector test in the human torch death of his nephew, a teamsters union official police believe died in an arson attempt.  
Michigan Attorney General Paul Adams said Kierdorf, a former teamsters business agent who surrendered Sunday night after a two-week search, had agreed to take a lie test on three specific questions:  
Whether he had anything to do with the fire in a dry cleaning establishment that investigators believed was set fire to by Frank Kierdorf, his 56-year-old nephew.  
If he had knowledge of the circumstances surrounding the burning of Frank.  
Whether he knew any details about the mysterious ride that ended in his nephew being left on the lawn of a Pontiac hospital.

**Shriners Will Meet In Boston**

HALIFAX (CP) — The Northeastern Shrine Association of the Ancient Arabic Order Nobles of the Mystic Shrine will hold its annual convention in Boston Aug. 22, when more than 43,000 Shriners, members of 10 temples in the northeastern United States and three in the Eastern Canadian provinces, will attend.  
Following a business meeting in Paul Revere Hall, and initiation of candidates, a colorful parade will be held. Uniformed units — bands, patrols, mounted patrols, Oriental bands, and bagpipe bands — from all temples will participate.  
The host temple to the convention is Aleppo, Boston, and presiding at the business sessions will be D. B. Lusty, president of the Northeastern Shrine Association and potentate of Philae Temple, Halifax.  
Meeting concurrently will be the Northeastern Oriental Band Association, of which Earl Smith of Halifax is president, and Fred Johnson, also of Halifax, secretary.

**REFUSES FIRE QUERIES**

Adams, after 90 minutes of questioning Kierdorf, said the prisoner talked easily about his activities on Aug. 4, the day Frank stumbled into the hospital. But he said Kierdorf refused to answer questions when they reached the subject of the fire.  
Kierdorf disappeared shortly after his nephew Frank stumbled into a Pontiac hospital with burns over 85 per cent of his body. Frank died four days later.  
Frank said two strangers set him afire. Police said later evidence disproved his story.  
They expressed belief that Frank set himself on fire when an arson plot backfired and that friends, fearful of becoming in-

involved, dumped him at the hospital.  
Adams, who earlier described Herman as the key that would open the door to the entire mystery, said he had no evidence linking Herman to any arson plot.  
Herman had resigned as a teamsters union business agent last month.
