

CURRENT NOTES.

Thomas Gorman has been appointed assistant general superintendent of the Canada Pacific railway. Sir Charles Tupper will sail from Liverpool on the 27th of next month, arriving at Ottawa shortly before the opening of parliament. Oscar Wilde is favoring the barbarians of Scotland with his sentiments on the beautiful and is very successful, as his actions are a constant source of amusement. The Truro Guardian understands that the L. C. R. authorities have recently been obliged to suspend or dismiss a number of the employees for violating the regulation of the department against the use of liquor. Mr. Wallace is determined that the regulation shall not become a dead letter. Mr. Spurgeon, the famous London Baptist preacher, is now described as a brown-skinned, low-browed, big-checked, rugged-framed man, stout, of medium height, with iron-gray hair, short, bristling, and unparted beard and moustache closely trimmed, wearing a "Prince Albert" coat, and black cravat, with nothing clerical in his appearance, but looking for the world like a village blacksmith with his "Sunday-go-to-meeting" clothes on. In this country, where the killing of a single bear is heralded in half a dozen newspapers, it is not easy to form an idea of the relative positions of man and beast in less happy regions. A return lately published shows that in Madras Presidency the number of persons killed by snakes and wild animals last year, was 1,195, offset by the killing of 2,035 destructive wild beasts. In a single district 176 persons were slain by tigers. In the whole presidency 9,703 cattle were destroyed, 3,271 by tigers, 3,839 by leopards, and 1,714 by wolves. The following story, told by London Life, serves to illustrate the love of the French people for the mysterious: A short time ago, a Parisian doctor set up an establishment on the Faubourg Montmartre. He assumed a high-sounding name, furnished his house in a weird and fantastic fashion, engaged so many looking and taciturn-looking servants and announced that he could only see patients after the hours of midnight or in the gray dawn of the morning. The effect was electrical. Every weak-minded person, with maladies real or imaginary, flocked to the new medico, who soon began to reap a golden harvest. At last the suspicions of the police were aroused. The Commissary paid him a personal visit, and asked to see his diplomas. To his surprise he found out that not only had the suspected individual taken good degrees, but that he had graduated with the highest honors of the Paris University. Just as he was taking his departure, however, the doctor, entrusting him not to let anyone know of his high qualifications. The Commissary, with some surprise, asked him the reason of his desire to conceal so much intellectual light under a bushel. "Why replied the other, "if my patients only knew that I was a mere doctor, my practice would vanish like the snow."

A MARVELOUS STORY TOLD IN TWO LETTERS. FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882. 'Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous effect Ayer's Sarsaparilla

Ayer's Sarsaparilla has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case. Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of Ayer's Sarsaparilla. Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the Sarsaparilla in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully, HIRSH PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blisters, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system. PREPARED BY Dr. J. C.
