MANLY STATEMENT BY CAPTAIN WATKINS

The Paris Was Lost by His Error.

His License as Master of Ocean Steamers is Suspended for two Years.

[Special to the Examiner.]

New York, July 11—The report of Capt Watkins concerning the stranding of the American steamer Paris has been made public by the board of steamboat inspectors. Captain Watkins makes no attempt to evade responsibility for the accident, but says frankly that the stranding of the ship was the result of an unaccountable error on his part. The accident, he says, was not due to any want of thought or anxiety about his vessel, but the result of a mistake in calculating the position of the ship. Captain Watkin's license as a master of ocean steamers has been suspended for two years.

SIR CHARLES HIBBERT TUPPER

Exposes the Tricks of Sifton's Defence

Vancouver, B. C., July 8.—In speaking of his second speech on the administration of the Yukon territory, Sir Hibbert Tupper said: "Mr Sifton's defence was based on a flaw in the indictment. He did not even plead not guilty. A mistake made a by stenographer in writing in 1898 instead of 1897 furnished him with his strongest argument. The defence may have appeared clear to some of the Government supporters, but it did not commend itself to the Conservative side of the House, nor to the Western Liberal members, the majority of whom supported my amendment, viz.: Messrs W. W. B. McInnes, R. L. Richardson, and Frank Oliver. I do not think my charges have been disproved nor has any serious attempt been made to refute them."

International Arbitration.

The Hague, July 8.—The revised proposal regarding the institution of a permanent court of arbitration consists of 56 articles. Those regarding the constitution of the court itself are substantially identified with Sir Julian Pauncefote's original project. Clause 23 is interesting in that it provides that each signatory power shall designate within three months following on the ratification, not more than four persons recognized as competent to deal with the questions of international law who are ready to accept the office of arbitrators. The bureau will keep a list of the nominees who will be entitled to sit as members of the court, and will report to the signatory powers all modifications therein. Two or more powers can designate the same members. Members will be nominated for six years, and eligible to re-nomination. In case of the death or retirement of a member of the court the vacancy shall be filled in the same manner as the original nomination.

ADMIRATION FOR BRITAIN'S QUEEN.

A Touch of Feminine Diplomacy.

London, July 8.—Miss Susan B. Anthony, who, with Mrs. May Wright Sewall, the newly elected president of the congress, and hundreds of other ladies, enjoyed the privilege of presentation to Queen Victoria on Friday last, said to the correspondent of the Associated Press this evening:—

"I had never seen the Queen before and could not but feel a thrill when, looking in her wonderful face, I saw her, as her life is going out, welcoming the woman's movement, which is the precursor of the 20th century. What pleased me most was when Her Majesty said 'Now, I cannot have these ladies who are visiting me return without giving them a cup of tea.' Sir Arthur Bigge, the Queen's private secretary, replied, 'But, your Majesty, they are here in hundreds.' 'I do not care,' said the Queen, 'if they are here in thousands, they must all have a cup of tea when they come to see me,' and we had it in the Queen's palace as a recognition of the great womanhood of our country."

Mrs. Sewall said: "The Queen looked 10 years younger than when I saw her 10 years ago. Every fine inner face displayed serenity, sweetness, and pleasure. She looked us full in the eyes with a quick, keen glance. Her voice is melodious. The whole bearing of Her Majesty was a symbol that she who has governed the mightiest of Empires for 63 years has finally recognized intuitively that she crowns her work in recognizing the claims of her sex to equal rights with man. With what womanly pride we joined in the anthem "God Save the Queen." The impression we all carried away of the greatest woman of the century was of strong intellect governing fine and womanly sentiment."

S. S. PORTIA ON THE ROCKS

Likely to be a Total Wreck.

ALL ON BOARD SAVED EXCEPT A BOY PASSENGER

About Seventy-Five Passengers Including Some old Friends.

[Special to the Examiner.]

Halifax N. S., July 11.—The Red Cross Line steamer Portia went ashore at Sambro last evening and is likely to be a wreck. She left New York for Halifax on Friday. Heavy weather was encountered on Sunday but all went well until an unusually dense fog west of Halifax, on the south shore enveloped the ship and drove her off her course dead on the rocks.

The disaster was quick, but so complete that the Captain ordered all to leave and abandoned the ship to her fate. She was already leaking badly and laying in a dangerous position. The passengers and crew took to the boats and reached the mainland in safety, with the exception of a boy passenger. The passenger list numbers about 75, principally tourists among whom were Mr. W. S. Ferguson, M. A., Ph. D. and Miss Barron, of Bermuda.

CITY COUNCIL MEETINGS

Strong Resolution Regarding Hospital For the Insane.

The regular monthly meeting of the City Council was held last evening. Mayor Warburton presided. Councillors Horne and Wheatley were the only absentees.

The minutes of the last regular meeting were read and adopted, and some bills were ordered to be paid.

Councillor Nicholson introduced the following resolution, which after some discussion was held over for consideration of a full board:

Whereas the Grand Jury of this Province during the last Trinity term of the Supreme Court on making their usual visit of inspection of the Falconwood Asylum for the Insane found the management of that institution in a deplorable condition as evidenced by their presentation then made.

And whereas, upon a further investigation being held by the same body the disclosures then made but too well confirmed their first presentment, which disclosures proved in the most unmistakable manner cruel mismanagement on the part of the Government which permitted such flagrant abuses to exist amidst a civilized, not to say Christian community.

And whereas we the Common Council of the city of Charlottetown and as the representatives of the capital of the Province deem it our duty to place on record our unqualified disapprobation of the conduct of all the parties concerned in the gross and sad disgraceful mismanagement that existed in the said Hospital for the Insane, which is calculated to bring the fair fame of the province into disrepute.

Therefore Resolved that this Council hereby express in the most emphatic terms their protest anent the gross and scandalous abuses which have been brought to light in the said institution.

And Further Resolved that the members of the Provincial Legislature whose bounden duty it is to keep a watchful eye over the welfare of the unfortunate inmates and wards of the province do immediately request His Honor the Lieut. Governor to cause a non political investigation to be held at which all the facts may be impartially enquired into.

Councillor Taylor's amendments to the curfew bylaw, and a bylaw relating to meat-hawkers will also come up for consideration at the next meeting.

Meeting adjourned.
