

INDUCT JAYCEES ON LADIES NIGHT

Two new members, Michael Hennessey and Ross MacDonald were ceremoniously inducted during Ladies Night at the Junior Board of Trade at the Charlottetown Hotel Thursday night. They are seen behind president Walt Wheeler and Miss Elvira Villett. The Ladies who were all wives or friends of the regular members were given an insight to Junior Board work, which should prove valuable when they found the Jaysette movement in Charlottetown.

Garth Crockett proposed a toast to the ladies during a speech of welcome to the ladies, and Mrs. George Scantlebury responded with a short but gracious speech.

Mrs. Henry MacWilliams gave the first report on the proposed new Jaysette movement which was conceived last Thursday night at her residence. The conclusion of Ladies Night nicely rounded off with a film entitled Anger at Work.

Retirement Plan For Dairy Employees Favored

Employees of all Prince Edward Island dairy plants will have the added security of a retirement plan if suggestions made at yesterday's meeting of the Prince Edward Island's Dairy-men's Association are put in force.

The topic was introduced during the afternoon session, by the organization's secretary, Mr. J. Lincoln Dewar. He pointed out that one of the Island plants already had such a plan. Without some such guarantee it becomes increasingly difficult to employ and retain capable workers, he said.

Later the meeting adopted a resolution supporting the establishment of this plan.

During this session the dairy-men were addressed by Dr. George Fisher, Chief Provincial Veterinarian. Dr. Fisher spoke on artificial insemination.

Reports were also heard from the president, Mr. Frank Jardine, and the dairy superintendent, Mr. Henry J. MacDonald.

The executive officers chosen for 1958 were: Max Thompson, Victoria, president; Marshall Peters, Midgell, vice-president; Frank Jardine, Wilmot Valley, director to Federation of Agriculture; and J. Lincoln Dewar, New Perth, secretary.

The meeting established the June "set-aside" at \$4,000, an increase of \$1,000 over last year's assessment. It also approved an additional \$200 grant to the Federation of Agriculture, bringing this grant for 1958 to \$300.

MILK FARMING

"Mixed farming must be maintained with dairying and livestock raising at the top of the list if the family type of farm is to survive in this province," Frank Jardine of Wilmot Valley, told the dairymen. He was speaking in his capacity as president.

Butter prices now are not high enough to warrant increased production or even maintain the present level, he said, although across the country in general it appears that production is falling short of the demand.

Noting that the support price of 58 cents a pound for butter fat is inadequate, he said that the expected increase of 6 cents

and increased. The Air Cadet Squadron, which is sponsored by the Wing, was reported as having had a very good year.

The chairman of trustees reported many improvements to the clubrooms and to the outside of the building.

Mr. Stu Chandler reported on the annual group meeting held in Sydney, N.S. on Feb. 14-15.

The retiring president presented past president J. Currie with his past president's pin. Mr. Currie was president for the 1955-56 term.

The new president spoke briefly before adjournment.

RESOLUTIONS APPROVED

Matters approved by resolution included: unemployment insurance coverage for farm workers; payment of the June "set-aside" by a reduction of 1 cent per pound in the price of butter fat to the producer; maintenance during 1958 in Ontario of the 34 cent basic cheese price; support for the dairy farmers of Canada in their demand for a 64-cent floor price on butter.

A three-month study of government check tests in comparison with fluid milk plant tests taken during the same period, was also advocated by the Dairymen.

WEATHER

TORONTO (CP) — Temperatures issued by the Toronto public weather office:

| | Min (Night) | Max (Day) |
|---------------|-------------|-----------|
| Dawson | 11 | 19 |
| Vancouver | 34 | 59 |
