

THE RETURN OF THE B.S.

The first few weeks of confusion have passed and now the returnees can get prepared for another year at UPEI. To the Freshmen who have successfully weathered the registration storm, I welcome you to the university campus and hope your 4-year stay at UPEI will be enjoyable and fulfilling. To the new students whose main goal is to try to fit in a few classes and studies between parties, Pigs and athletic events, I wish you good luck. To those who are only concerned with classes and studies, let me take this opportunity to direct you to the psychology lab to get your head read.

That's enough analysis and advice for the time being, because the main priority of the Business Society this year is to try and install some form of involvement in the Business students and try to rid them of any negative feelings about campus life. Of course we have plans, all organizations do, but to be of service to you, the student, we must carry out the ideas to the best of our ability. To do this we need a form of feedback where you are offering your opinions, whether they be complimentary or critical, so we can improve the next time. As for our first party, we had a satisfactory turnout of about 120 members and another 60 or so guests. Being there myself, I witnessed a group who seemed to have a good time but also a few that were bored. To

those of you just filling in time, we will do better the next time.

As for the upcoming events, we are presently planning another party, with entertainment, but most of our time is being spent on organizing the Atlantic Business

Students Conference, to be held here starting on the 26th of October. There will be speakers from various parts of Eastern Canada, sharing their knowledge with Business students from each university in the Atlantic region. At the moment we are planning on opening the

lectures to all our Business students with between 6 and 10 delegates from our department being official participants. If you are interested contact myself or any of the executive members. More will be said on this subject in the next issue.

Any student interested in playing intramurals for the Business Society should contact Vince Mulligan in the Gym or Marg Huising, who you will find in the business building or Bernadine Hall.

While on the topic of sports, we in the Business department have our own group of heroes at the intercollegiate level. Four Business students comprised the UPEI golf team and did a magnificent job in representing the university and the Business department. Senior John Neville led the way (my choice for Athlete of the Month) and was followed closely by Freshman Lee Brammer, Juniors Steven Dowling and Dave Stevenson. They were guided by coach Earl Nicholson and captured the AUAA title. My congratulations are awarded to these fine golfers for a job well done.

Once again, the Business Society is for the Business students so pitch in and participate; may all the Pigs be super and Friday's classes cancelled.

See you next week.
