REMEMBER the Gospel Union Meeting to-night in Euston Street Hall.

ANDREW USHER'S SCOTCH WHISKIES have a world wide reputation for their superior qualities.

ARRIVAL AT SOURIS.—The St. Olaf arrived at Souris last evening from the Magdalen with a general cargo and a few passengers.

I. O. F.—Regular meeting of Court Avondale this evening at 8 o'clock. Payment of monthly dues. Full attendance requested.

THE FIRST BUTTERFLY.—The first real butterfly of the season that we have seen was brought into our office to-day. It is one of the common brown variety, and was found in the western part of the town.

IMPORTANT SALE.—We call attention to the auction sale of superior furniture at the residence of Miss Hazard, Kent Street, to-morrow (Wednesday) commencing at 11 o'clock.—R. Beairto, auctioneer.

BOSTON MARKETS.—Eastern choice fresh eggs sell in Boston at 17 cents per dozen; in potatoes, cheangoes are quoted at 75 to 80 cents per bushel; silver dollars at 75 cents; white stars and burbanks at 75 to 80 cents; no change in fish.

ADDRESS.—Mr. John Corcoran, an efficient officer of Division No. 1, A. O. H., was last evening presented with a complimentary address on behalf of the officers and members, testifying to the regard with which he had been held by the Division, and wishing him success in the neighboring Republic. Mr. Corcoran made an appropriate reply.

POLICE COURT.—This forenoon Wallace Rice, arrested on complaint of his wife for assault and battery, was discharged on his own recognizance to appear whenever the prosecutrix showed up; and William Pearson, for breaking and entering the counting house of Augustus Down in September last, was released on his own recognizance to appear for trial at the next session of the Supreme Court.

IN DISTRESS.—An exchange says: Brig. Aquila, Senabough, at Boston from Nagabo, P. R., reports made the run in 11 days up to fighting land. April 10, n. lat. 34, the vessel was discovered to be leaking, and it was decided to make for the nearest port. The crew have been 8 days pumping the vessel, but she still leaks 900 strokes per hour not withstanding. The Aquila was bound to Providence, R. I., for orders. He cargo will be discharged to find the leak, after which she will probably go on the railway for repairs.

A PECULIAR ACCIDENT.—The Summerside Pioneer says: Mrs. Kenneth McLeod, of Park Corner, an old lady 83 years of age, and aunt of Mr. Neil Mackelvie, of this town, met with a peculiar and severe accident on Friday, the 14th inst. She resided with her son, Capt. George McLeod, and as she was walking through the kitchen she tottered and fell upon the leg of a chair. This was an old fashioned chair of the kind, the back legs of which extended up behind the back piece to a sharp edge. The under part of Mrs. McLeod's chin came in contact with this sharp edge, with the result that the leg of the chair broke through the flesh into her mouth.

FATAL ACCIDENT.—Mr. William Wedlock, who has been living nearly three years in Boston, returned to the Island via Pictou last week with the body of his dead wife, having left on Sunday morning, the 16th. The deceased was only married about three years and leaves two small children, the youngest, only four months old, having been left in Boston. She was a daughter of Mr. John Dymont, of O'Leary Station. Mrs. Wedlock was cooking the dinner, and as she was frying beefsteak her clothing caught fire. She screamed and the woman living in the other part of the double tenement house immediately ran to her assistance and threw a mat around her, but the fire was not put out. After being taken to the hospital she lingered in excruciating pain for eight hours and then expired. Mr. Wedlock with his little boy and the corpse passed through here for O'Leary on Thursday.—Pioneer.

FIRE AT SOURIS.—About 8 o'clock last evening the alarm was sounded for a fire in a house on Main Street, owned by the Knight estate and occupied by L. E. Shaw, Esq., jeweler, as a store and dwelling house, and also by J. H. Hooper, Esq., as a dwelling house. The fire originated in Mr. Shaw's end, and in fewer minutes than it takes to tell it, his half of the house was in flames, and all efforts to secure either his jewelry or household furniture proved futile. Mr. Hooper was a shade more successful. He recovered a portion of his furniture, but still was unable to secure some of the most valuable articles. This was a new house, having been completed scarcely a year ago. It was re-built on the site which was rendered vacant by fire about two years ago in connection with the Connolly estate property. This fire goes to impress more clearly than ever the necessity of a full equipped fire apparatus in Souris, there being nothing at all in the shape of apparatus for putting out a fire, and if it all starts it cannot be extinguished till the building has been demolished. Luckily there was no wind, and this prevented the destruction of the adjoining buildings, which however were only saved by hard work on the part of the villagers. It is reported that the loss is covered by insurance.

LETTERS TO THE EDITOR

A Correction.

SIR.—I am not concerned to defend the anti-Roman crusade of the Guardian, nor am I in sympathy therewith, for our obvious duty in the present day is to promote unity among Christians of various bodies rather than discord. But in his remarks about the Guardian's article on the "Divisions of Christianity" your correspondent "Anti-Prejudice" errs in describing the Bishop Perry there spoken of as "the Ritualistic Bishop of Iowa"—the Guardian writer is referring to Bishop Perry, late of Melbourne, Australia, a well known champion of Protestantism. "Anti-Prejudice" has, however, scored a point in his statement about Dr. Littledale, whose writings contain the most pungent argument for the anti-Roman controversialist available. TRUTH.

Personal.

Mr. Haslam, of the C. P. R., is in town to-day.

Mr. J. C. Hall, jr., is here on a business trip.

Lieutenant Colonel Irving left this morning for Halifax, to assume the duties of Deputy Adjutant General for Nova Scotia. He is followed by the hearty good wishes of the militiamen of this Province.

A report is current in official circles at Ottawa to the effect that Colonel Walker Powell, Adjutant-General, and Colonel Panet, Deputy Minister of Militia, will shortly be superannuated in pursuance of the Government's new scheme of reorganizing the militia service.

Prof. Robertson, Dominion Dairy Commissioner, has gone to Chicago with the object of seeing to the proper installation of the mammoth cheese and the Canadian cheese pyramid at the World's Fair. Dr. Selwyn, a director of the Geological Survey, also left for Chicago in connection with the geological exhibit.

Mr. P. A. Hughes, formerly of Emerald, P. E. I., son of J. W. Hughes, Esq., was escorted to the C. P. R. depot on Thursday night, 20th inst., by his many friends. Mr. Hughes has received an important appointment on the federal staff at the World's Fair, Chicago. It is gratifying to know that the Province has one representative on the staff at the World's Fair, and one on whom islanders may call for information during the progress of the great exposition.

WHAT'S THE HURRY, GOVERNOR?

WELL, what spare time I have at my disposal I propose to spend at the STAR TAILORING ESTABLISHMENT, as I want to get several Suits and Overcoats etc. before I leave for the Continent.

As you know, Americans travelling abroad always dress nice, and of course I want to uphold the style and dignity of the "Home of the Brave and the Land of the Free"; so this opportunity I must take advantage of to advertize the Star of the Hub of Canada.

The man is known by the company he keeps, so Poole of London, Ball of New York, and McKenzie of the Star Tailoring Establishment of the Dominion of Canada are always associated with what is elegant and strictly correct in dress.

Our aspiration has always been to present a faultlessly fitting garment—what is termed, a "correct thing" by our customers. Our success in attaining to that aspiration is attested to by our numerous customers from the Atlantic to the Pacific. To enlarge upon the quality of our goods is not necessary, as the same has become a common household word. Workmanship, etc., is in keeping with the reputation we have achieved. If you want for testimonials, ask anyone you meet. Prices at rock bottom.
