
MISS WENDY Johnston, Montague, is pictured receiving a scholarship certificate from Bruce L. Stewart, Souris, Dominion representative, Royal Canadian Legion. The scholarship is presented annually by the Dominion Command of Legion to a student with high qualifications, with preference going to children of veterans. Miss Johnston, qualified for this scholarship and the presentation was made Thursday night at the monthly meeting of the branch at Montague. Miss Johnston is attending third year PWC.

Montague Student Receives Dominion Legion Scholarship

MONTAGUE — Miss Wendy Johnston, a graduate of Montague Regional High School was presented with the Royal Canadian Legion certificate of scholarship at the regular monthly meeting of the Montague Branch, Thursday evening.

The presentation was made by the Royal Canadian Legion Dominion representative for Prince Edward Island, Bruce L. Stewart, Souris. Mr. Stewart congratulated Miss Johnston and wished her success.

The scholarship is worth $400 a year for four years and is presented through the Provincial Command by the Legion's Dominion Command.

Judge J. S. DesRoches spoke briefly, congratulating her and pointed out that these certificates are not easily won and other high qualifications as well a high marks were required to receive this four - year scholarship.

Previous to the meeting the regular business of the branch was carried on and included a discussion on the forthcoming poppy campaign. The attendance was large and included several out-of-branch visitors. The president, Athol (Red) Robertson presided.

Following the presentation to Miss Johnston who was accompanied by her mother, Mrs. Eileen Johnston; her grandmother, Mrs. William Keenan; and her aunt, Mrs. Ferne Horton, the executive of the Ladies Auxiliary and guests were entertained by the branch president, Mrs. Florence Dewar at her home. A buffet lunch was served.

William R. Gill Dies At 70

KENSINGTON — The death of William R. Gill occurred suddenly at his home in Kensington, Monday night as he was about to retire. He was in his 71st year and had apparently been in his usual good health.

He was a veteran of both world wars, a charter member, a life member and honorary president of the Kensington Branch, Royal Canadian Legion.

He is survived by his wife, the former Mae Howard, three sons and four daughter, Allison, Sherwood; Linwood, at home; Ivan; Erma, Mrs. Garnet Turner and Minnie, Mrs. Ernest Davis all of Kensington; Thelma, Mrs. William Nicholson, New Glasgow, P.E.I.; Dorothy, Mrs. Heath Leard, Central Bedeque and 22 grandchildren.

Also surviving are two brothers and three sisters, Ernest, Elva, Mrs. Arthur Collingson; Ann, Mrs. Ross MacMillan, all of Boston and expected home for the funeral: Herbert, Pleasant Valley; Emma, Mrs. Robert Welsh, Vancouver, B.C.

Resting at the Davison Funeral Home until Wednesday evening then to his late residence. Funeral services at St. Mark's Anglican Church Thursday afternoon at 2.30 o'clock.

His remains are resting at the Hennessey Funeral Home from where the funeral will be held Thursday morning, leaving the funeral home at 8:45 for Requiem High Mass at St. Dustan's Basilica at 9 a.m. Interment will take place in the Roman Catholic cemetery.

S'side Jaycees Name Chairmen

SUMMERSIDE — The second meeting of the '62-'63 season of the Summerside Jaycees was held last evening at the Birch Hill Tourist Home with the president, Gerald Enman presiding.

The agenda consisted of formation of committees for the forthcoming year and a report from the executive on the duties expected from each chairman.

Two guests were present, Bruce MacKenzie and Reg Bryan, both of Summerside.

Job Evaluation Survey To Start

Work is expected to start next week on the job evaluation survey of provincial government employees.

Contract for the job went to the Toronto firm of Payne and Ross.

This company carried out a survey for the City of Charlottetown a few years relative to the city's tax system.

Suspended Term Is Given Lawyer

TRURO (CP)— Charles A. Manning, a New Glasgow lawyer, pleaded guilty Tuesday to fraud and forgery and received a two-year suspended sentence.

He appeared before Provincial Magistrate R.E. Inglis of Halifax who ordered that a $500 bond be posted.

Crown prosecutor Peter Ohearn of Halifax told the court the charges involved forging of a clients' signature on a cheque intended as settlement in a motor vehicle claim.

Full Co-operation Is Urged In P.E.I. United Fund Drive

Key workers and representatives of agencies participating in the United Fund met at a dinner meeting last night at the Charlottetown YMCA to officially launch the province-wide United Fund appeal on behalf of 17 charitable organizations and services.

In the absence of provincial chairman, W.W. Reid who is ill. David Carnegy, chairman for Summerside presided. Seated at the head table were: Dr. Loyolla Duffy, treasurer; G.R. MacNutt, chairman for Queens County; Russell Seller, provincial president; Earl Hickey, chairman for Prince County; Milton Fitzpatrick, chairman for Kings County; Orin Simons, chairman for Charlottetown and Jack Keefe, Moncton, guest speaker.

Dr. Duffy introducing the speaker, spoke of his deep and active interest in community affairs, referring to his leadership in many organizations including the presidency and campaign chairmanship of the Greater Moncton Community Chest. The latter organization has had phenomenal succes and has held the honor for several years of being the first Community Chest in Canada to reach its objective as well as having the lowest campaign expense.

IS OUTLINED

Mr. Keefe outlined the organizational setup of the Moncton group. He emphasized the great results achieved in Moncton through the payroll plan of contributing and hoped that the Island committee was giving prominence to this system which in Moncton and many other communities accounted for a large portion of the objective.

He described the Moncton organization as a dedicated team of workers, who stressed not their differences but their similarities, uniting in a selfless spirit of service that has broken down and cut across every barrier of race, class or creed.

"I have a feeling", said Mr. Keefe," that they and you as leaders of this unique Island venture are in a very real sense following in the tremendous footsteps of another man, a simple Nazarene carpenter who also went about doing good. Who also came not to be ministered unto, but to minister."

TWO SEAS

The speaker vividly described the two seas of Palestine, the Sea of Galilee and the Dead Sea. One was full of life and beauty because it flowed outward. The other had neither life nor beauty because it takes all and gives nothing in return. It lives unto itself like a miser hoarding his gold," he said

In concluding, Mr. Keefe said, "Let us make certain that our lives more nearly resemble the Sea of Galilee than the Dead Sea and what better place to start than right here in one's own community and what better way than to co-operate with one another in sharing the united way."

Norman W. Lowther, QC, thanked the speaker on behalf of the gathering.

A note of regret was read from Lieutenant-Governor F. W. Hyndman on his inability to attend the gathering. Many messages of good wishes from other communities were read by Jack Ambler, executive director. There was also a special message read from Bishop M.A MacEachern of Charlottetown who is now in Rome.

Near the conclusion of the meeting the chairman announced that the returns for the first day of the campaign totalled $11,055 or 4.8 per cent of the objective.

In concluding the meeting Mr. Carnegy asked for the full cooperation of every worker. "The eyes of many communities across Canada are upon us", he said, "Let us show them that Prince Edward Island can make a success of this province-wide venture."

P.E.I. CHAPTER HAS $7,341 GOAL

Foundation Aims All Resources At Defeating Polio, The Crippler

(Editor's note: This is the fifth in a series of articles concerning organizations taking part in the province-wide United Fund campaign.)

By JEAN Mac ISAAC
Guardian-Patriot Staff Writer

Polio is a crippling disease; it strikes the helpless toddler, the young adult on his way to "conquer the world" and leaves behind the devastation of twisted limbs, and useless bodies.

For the victim of this dread disease there is an organization dedicated to aid him in becoming a useful citizen and make a contribution to the nation and the way of life. This is the Canadian Foundation for Poliomyelitis and Rehabilitation.

Sympathy for the polio victim is an important ingredient but sympathy must be translated into funds, for rehabilitation costs money. The P.E.I. polio chapter has designated $7,341 as the amount required from the $227,487 sought in the United Fund campaign in this province.

CAMP FOR CRIPPLED

In any charitable group funds received are put to good use. Standing at the top of the list here is the crippled childrens camp at Bellevue Cove completed last year. At this modern summer camp the children may enjoy the outdoors while receiving the treatment necessary for recovery or readjustment.

The vaccination program continued to be a major project in work toward elimination of polio. During the past years the vaccine project has moved the adult population of the province closer to a satisfactory goal of immunization. The chapter has for some years accepted complete responsibility for the program.

AID IN EDUCATION

The chapter provides educational assistance for students who have had polio, through payment of, bursaries, tuition fees and board. Recently demands have been increasing for this educational assistance as more students attend high school, business colleges, vocational schools and universities. Checks are made to insure that recipients of assistance are making satisfactory progress in their studies.

A general system of hospital insurance has relieved the chapter of payment of medical bills, but the provision of appliances for the handicapped continues to be a major item as is the purchase of equipment for the Rehabilitation Centre, and in particular for the occupational therapy department.

HELPED COUNCIL

The P.E.I. Chapter also assists in the training of physiotherapists, teachers and occupational therapists, and has made a substantial grant to assist in the setting up of the Canadian Rehabilitation Council.

Since it was founded in 1949, the organization has devoted itself to help smooth the path of those who found it rough through physical disabilities. The ultimate restoration of handicapped persons to useful lives is the whole point of the program.

Shown above are Wolf Cub leaders attending a weekend Gilwell training course at Crapaud, P.E.I. The leaders are, left to right, Robert Brighty, Slemon Park; George Ross and Ena Docherty, New Haven and Clyde River; Jack Rawek, Charlottetown, and instructor, Irene Kenner of Souris. This was one of the sessions designed to train leaders in the methods used to present the program to boys of Wolf Cub age, 8 to 11 years. Here "Loyalty to the Queen and Canada" are taught through use of the Union Jack.

Borden Has $15,000 Surplus, No Increase In Taxes Sighted

BORDEN — The financial report submitted to Monday night's regular meeting of the Borden Town Council, indicated that for the first nine months of this year, there was a surplus of $15,156.95 in ordinary revenue.

Mayor G.C. Bell noted that as the end of the fiscal year is close at hand, the present surplus was a good indication that an increase in the tax rate will not be necessary for next year in order to meet the payment due on the bond issue recently sold.

The matter of naming the new street, recently completed in the town, came in for some discussion, and it was decided that a name will be selected by a contest conducted among the students at Borden School.

Under the contest rules, each student is limited to one entry, and each entry is to be placed in a sealed envelope and handed in to the principal before Nov. 6.

Approval was given for the payment of the sum of $7,191.70 to Curran and Briggs Ltd., for the laying of the new street.

GOV'T PAYS PORTION

The mayor advised the meeting that the provincial government had forwarded 60 per cent of this amount, totalling $4,315.02, thus leaving the sum of $2,876.68 to be paid out of the town treasury.

Reginald Rogers, representing the Borden Athletic Association, informed the council that the field now being used as a ball diamond could be purchased by the club in conjunction with the town council.

It was decided that this matter would be discussed at a later meeting, when more information would be available and the councillors had had more time to study the proposal.

The number of suggestions submitted by the police committee, regarding certain improvements in the department were discussed briefly, and it was decided to have the committee meet with the mayor in order to arrive at a firm decision which could be presented to the full council.

INCINERATOR

(Continued from page 1)

cient for this winter, he observed.

Mr Gormley also suggested that city engineer Norman Stewart look at incinerators in other cities.

PARK BREASTWORK

The breastwork at Victoria Park also came under discussion and it was noted that no satisfaction had been received as the result of correspondence with Federal Government officials regarding the paying of a third of the cost for repairs to the structure.

The council decided to renew its efforts and again write the Minister of Public Works in Ottawa, and the two members of parliament for Queens.

W. R. MacNeill, chairman of the police committee, said that a 30-page traffic report had been received from Laurie Blanchell of Oakville, Ont., who was hired to do a survey of the city's traffic problems.

Mr. MacNeill said it would have to be given extra study and before any decisions were made it would have to be approved by a full council.

"There are many features of the report we agree with and many we disagree with but we don't intend to be crowded or pushed without going into every angle," Mr. MacNeill said.

He stated parking was the first problem that had to be faced and that Mr. Mannell has supplied maps marking the spaces, located to the rear of buildings, between blocks, that could be used for parking facilities.

"I visited two of these places myself," he said, "and was practically shut out. When I asked one owner of an apartment house if we could park cars in his yard, he stated that he had no intention of letting cars drive in and out of his yard annoying his tenants."

He said his committee would put forth a recommendation very shortly on the matter of changes to the parking meter system.

PLEBISCITE DISCUSSED

Speaking on the Spring Park (No Man's Land) plebiscite Oct. 24, Mayor A W Gaudet said that concern had been felt in regard to the cumulation of of votes that would come out of St. Dunstan's University but after waiting on the rector it was pointed out that the members of the university would not take advantage of the right to vote.

Correspondence included a letter from Provincial Town Planner Walter deSilva stating that the long awaited housing survey would be in the hands of the council in November.

Other correspondence included a letter from Postmaster Earl Connolly stating that drive-in mail boxes could be installed on Richmond Street near the corner of Queen Street and also on Sidney Street near Queen Street. Council members will discuss the matter more fully with postal authorities.

Ivan Doherty represented a group of Spring Park citizens proposing a new Spring Park playground. Mr. Doherty asked the council members to clarify a few matters and it was decided that Mr. deSilva and Mr. Stewart will look at the design of the playground.

A first reading was given an amendment to the zoning by-law in Ward 6 to permit multiple dwellings to be erected. The second reading will be given at the next council meeting.

YIELD SIGNS

Commenting on a decision given in Summerside by Chief Justice Thane A. Campbell, regarding the legality of yield right-of-way signs, City recorder K.M. Martin explained that in Charlottetown a motorist is required, when confronted by a yield sign, to reduce his speed to 15 m.p.h. and enter only when it is safe to do so. He said yield signs in Charlottetown are backed by authority.

Mrs. Dorothy Corrigan, chairman of the welfare committee, said that the committee and City Comptroller, John Butler, visited a number of homes with which the welfare administrators were concerned. She termed their findings as "disgraceful."

"People are paying $35 to $45 a month rent, buying a drum of oil a week, and coal for a furnace, which is $70 to $75 a month, and they are still cold. Rooms are being rented in such places for $20 to $25 a month each," she said.

It was noted there was no rent control act but the city had power in the health act and could declare the buildings unfit for habitation.

ASKS FOR TEETH

Coun. Allison Gillis asked that more "teeth" be put into the act and if the city didn't have power it should get it. The matter was left to the recorder to look into the existing regulations.

The first reading was given to a bylaw to restrict or prohibit tag days. The second reading will be given at the next Council meeting.

Mayor Gaudet pointed out that there would be no further tag days in 1963 and afterwards.

Coun. Arthur Wright objected to a statement made recently by Bennett Carr regarding the city having a "dog-in-the-manger" attitude toward rezoning. He said the matter to which Mr. Carr was referring was adopted by the town planning board and later presented to council. He said Mr. Carr's remarks were "unfounded."

CROWDED REFUGE

The population of Hong Kong has jumped to more than 3,000,000 persons from 600,000 since the Second World War.

PRINCE COUNTY WI SCHOLARSHIP WINNERS

Pearlene Corcoran (left) daughter of Mr. and Mrs. Herman Corcoran of Pisquille, was first prize winner in the Prince County Women's Institute scholarship competition for grade 10. She is attending Miscouche Regional High School. Other prize winners were Eileen Dalton of Burton, (centre) second, and Cheryl Corcoran, Pisquille, third. They are attending high schools at O'Leary and Miscouche, respectively.

Kensington Gives Delinquent Taxpayers Another Chance

KENSINGTON — The Kensington Town Council at its regular monthly meeting held last night, decided that the time has come to get tough with all delinquent property taxpayers.

As a result it was announced that all arrears of these taxes will be placed in the hands of a collection agency. Prior to this taking place a final notice will be published in the press to the effect that the time limit for payment of arrears has run out, in accordance with a notice circulated in September.

This press notice will give a brief extension of time before accounts are actually placed in the hands of the agency.

The council also decided to make application for assistance under the winter works program to carry out much needed repairs to sidewalks.

A permit was issued to Wallace Bryenton, permitting him to move and convert an old building into a dwelling house, and also to John Pillman to move a house-trailer into the town limits. Approval was also given, to issue a permit to the Island Telephone Company to erect a building in the town to house the proposed new dial system for the Kensington area.

The building committee was instructed to make a full study of the town by-laws regarding the erection of new homes and the repair and maintenance of old dwellings.

Mayor Everett Champion presided over the meeting, which was attended by all councillors.
