AM Most Active Issue Last Week On NY Exchange

NEW YORK (AP)—The stock market made its best rise in more than a month last week. The Associated Press 60-stock index climbed \$3 to \$209.90, 20 cents below its record peak of \$210.10 reached Thursday.

Thursday's record, which topped a steep rise the day before, followed the announcement of a proposed 3-for-1 stock split and a bigger dividend for American Telephone and Telegraph shareholders. The stock, the fourth most active during the week, closed at 22 3/4, up 2 3/4.

Friday saw the market's only decline, based on the AP average. American Motors was the week's most active issue, closing 2 1/2 higher at 38 1/2 on 461,000 shares.

A AND P SLIPS The common stock of Great Atlantic and Pacific Tea Company was admitted to trading on the New York exchange from the American exchange.

As frequently happens when a stock moves from a lesser exchange to the big board, A and P lost ground, opening Monday at 59 and closing the week at 49 1/2. The short interest in the New York exchange was reported moderately greater in the latest month. Since this represents sale of borrowed stock which must be replaced to make good the contract, this was a somewhat bullish element as it places a future buying cushion under prices.

The retiring secretary-treasurer Mrs. Alton Raynor stated thirteen meetings were held during the past year. Receipts amounted to \$381.86. Disbursements \$237.10. Since the balance from the previous year was \$402.33 the total on hand is \$547.08.

Alton Webb was appointed presiding officer for the election of officers with Douglas Cornish and Clayton Kaulbeck as scrutineers.

OFFICERS The following officers were elected: president, Ivan Webb, vice president, Clayton Kaulbeck, secretary-treasurer, Mrs. Alvia Webb.

16 Ships Make Progress Down St. Lawrence River

MONTREAL (CP)—Sixteen of 31 foreign ships trapped in the St. Lawrence made downstream progress during the weekend, despite fresh ice jams breaking out like a rash up and down the river.

Ten ships made the 70-mile downstream plunge from Trois-Rivieres to Quebec City, where six of them tied up. Four kept on going into the St. Lawrence estuary, heading for the Atlantic 650 miles distant.

The German freighter Christian Sortori, an earlier arrival at Quebec City, sailed Saturday to join the adventurous four, which included her sister ship Alexandra Sartori, the British freighters Beaverford and Appledore; the Norwegians Elin Haven and Ognia County; the Germans Luise Bornhofen, Christa, Poselidon and Transantario; the Dutch Prins Frederik Hendrix and Liberland Kall L. SHIPS AT QUEBEC CITY

In Quebec City are the Swedish ships Uddeholm and Ragneborg, the Germans Elfriede and Vrigilla, the British Wendover and the Liberian Elmarie. The ice-jam at Montreal has caused the water level in the harbor to rise enough to cause concern. It fell two feet Saturday after passage was rammed clear for the ships at Montreal East, but rose rapidly during the night and was reported 2 1/2 feet higher Sunday at an even 50 feet.

Above 53 feet there is danger of flooding in communities along the bank of the river south of Montreal. The British freighter Beaverford remained at Trois-Rivieres, left behind the others by heavy vapor which blotted out visibility. And remaining at Montreal, their downstream passage

halted by NEW JAM The German Leada; the Jolie, a Frenchman; the Ebba Robert, a Dane, and the Panamanian Perseverance Bay were halted by a new ice jam in Lake St. Peter, a bulge in the St. Lawrence just above Trois-Rivieres. But the German Transmichigan, escorted by the McLean, reached Trois-Rivieres, 90 miles from Montreal.

High Resolve For Peace Seen By PM During Tour

OTTAWA (CP)—Prime Minister Diefenbaker said Sunday night in a report to the country on his recent world trip that there is real hope for peace.

In a nationally-televised broadcast on the CBC English and French networks, Mr. Diefenbaker said:

"In essence . . . there is real hope for the maintenance of the peace in spite of the great problems that still confront us, because there is among most of the leaders of the nations, a determination to confine and condemn the schemes and ambitions of those who would destroy that peace.

"There is a high resolve among the free nations to work together constructively and positively as never before in history, to maintain a strong and united front as an effective deterrent to aggression."

His remarks were contained in the text of a speech issued to the press in advance of delivery. COUNTRY-BY-COUNTRY Mr. Diefenbaker gave a country-by-country report of his tour, beginning in Britain where, he said, he resumed trade and other negotiations with Prime Minister Macmillan.

It was in the United Kingdom and other Commonwealth countries that Canada must expand trade to offset our excess of imports over exports in our trade with the United States. He was glad to report "excellent prospects" for further expansion of trade with Britain.

Of his visit to France, Mr. Diefenbaker said he would not comment on the prospects of the new Fifth Republic except to say that General de Gaulle is "a man dedicated to his fellow citizens and prepared to devote his talents to the cause of France and her allies among the free nations."

Turning to domestic problems, Mr. Diefenbaker said: "It is here that my first responsibility lies. "Every possible resource of the government is being used to combat the national problems and individual hardships resulting from the world-wide economic slowdown."

Those in charge at the three centres, Mother Superior at St. Vincent's, Mrs. Avelina Wright at St. Herbert and Dr. E.M. Found at the Sanatorium graciously expressed their appreciation to the Summerside Legion for their thoughtfulness and kindness in presenting the many gifts.

Legion members who assisted Santa and Mr. Champion in this year's visitation were Alyse Arsenault, Roland Sheen, Les Jenkins, Frank Clow, Joe MacDonald, and Joe J. Gallant.

Mr. Champion also expressed the thanks of the legion to the commanding officer of the RCAF Station Group Captain Creeper, for their bus and driver who transported the Sea Cadet Band to Charlottetown to take part in the Christmas visitation.

Cpr. Wensell Harris, Mrs. Harris and two children Debra and Brenda have been posted to England for the past three years returned to their former home here in O'Leary, where he visited his mother and father Mr. and Mrs. Isaac Harris, before going to Greenwood, N. S.
