

Alberton Human Objects To Be Reveal Planning

By STAN BOWLES
A leading Charlottetown businessman, H. Holman, president of Holman & P.E.I. has forwarded a letter to Walter Cox, chairman of the city planning committee, in which he urged the withdrawal of the plan recently adopted by the City Council, until such time as a master plan is prepared for presentation.

Mr. Holman pointed out that although he is a taxpayer of the area concerned for rezoning he was forwarding his comments to the council, rather than being accepted as a form of constructive criticism.

He also claims that any plan should not become part of the by-laws of the city until the city planning commission and City Council cannot avoid these pressures.

Mr. Holman stated that this is a small piece of the planning process which should not be done before a complete plan is presented to the council.

KENNINGTON — The town council here at a regular meeting last night decided to remove a pumping station from the property. The station was used for fire-fighting purposes but is no longer required.

Trouble at the lift station in the sewage system was discussed and it was decided to obtain qualified advice in an effort to eliminate the overflow problem.

The meeting was given notice of a by-law to be introduced at a next meeting to prohibit dogs running at large or being a public nuisance.

Other problems discussed included police duties and police protection at the rink.

FOLKISINGERS Ian Tyson and Sylvia Fricker, accompanied by guitarists Monte Dunn, played to an audience of 1,000 last night at the Basilica Recreation Centre here. The concert was sponsored by the Prince of Wales College winter carnival committee. The performance drew a standing ovation from the audience.

Joint chairmen were Fred Cannon and Charles Bentley, and the guest speakers were Robert Lutz from India and Nicholas Wong from Hong Kong.

Mr. Lutz explained there are 10 political parties in India and "there is a saying among us whenever you meet 10 people, you can talk general topics without any harm, but if you want to talk politics, you should hold a knife."

He described his nation's food, living conditions, religion, working conditions, and said English was the most commonly spoken language.

Mr. Wong told something of the history of Hong Kong and its position today as a manufacturing centre. Its 2,300 factories produce goods, three-quarters of which are exported.

He said 57 new schools have been added recently by the total to over 3,000 with more than 25,000 teachers.

1864 Costumes Predominate At S'side Mardi Gras Event

SUMMERSIDE BUREAU OF THE GUARDIAN
Over 235 lovers of 18th century costumes and accessories were seen at the S'side Mardi Gras event here last night for the Mardi Gras supper being sponsored by the St. Thomas Aquinas Society.

During the serving of the supper entertainment was provided by an 18-member singing group which joined voices in such old fashioned, French-Canadian songs as "Evangeline," "An Acadian Farewell," "Partons, La Mer Est Belle," and "The Boatman's Song."

The group was under the direction of Gabriel Chaboussier. This was the second night of a three-night celebration, the Centennial Mardi Gras opened with a modern and old time dance at the Legion home Saturday night.

Many couples attended the dance dressed in 18th century costumes, the ladies with long dresses, bustles and bonnets, and their escorts many of them sporting luxurious beards, wigs, and powdered wigs and matching tricornes.

A prize, offered for the most appropriately dressed couple, went to Dr. and Mrs. J. A. Drouin of Summerside.

Suppers will again be served at the Legion tonight and entertainment will include selections by the singing group, step-dancing performances, and the dancing of the quadrille to the accompaniment of a fiddle music band.

Columnist To Speak

"Across The Island", popular and award-winning feature by Neil Matheson will appear in this paper each week, will be the subject of an anecdotal talk by Mr. Matheson tomorrow night when he appears as guest speaker at the monthly meeting of the United March Men's Club.

The meeting, to be held in the school hall, will be presided over by club president Walter Wheeler while the guest speaker will be introduced by Allison MacKinnon, eastern district secretary in men's work, and himself a former member of the Guardian staff.

show that the operating deficit for the university for 1962-63 was \$186,259 and the projected annual operating expense for 1964-65 is \$227,500.

Assuming that the surplus for 1964-65 is from 500 to 600 and that there will be no new academic programs, the additional operating deficit of \$227,500 made up of \$82,000 for maintenance, \$145,500 for salaries, \$18,000 for library, \$40,000 for increase in library purchases, \$21,000 for financing 1/2% debt on the library, \$5,000 for maintenance, and \$2,000 for the normal increase in the salary schedule.

The additional expenditure proposed and the 1962-63 deficit make the annual requirement for operating expenses \$337,759.

It was stated that the university, via renewing our request for economic assistance, we do so with the conviction that such assistance would certainly be in the public interest because it would enable our existing university to maintain its essential academic independence, to meet its financial obligations, and to discharge its educational functions as a university directly beneficial to many people of this province, without interfering with the contributions being made by similar institutions in this area.

Mr. Holman lists the following advantages to the preparation of a master plan: (1) A knowledge by all citizens where different classifications of development will be placed.

(2) The feeling of security by householders that their land and properties will not be intruded upon by commercial and industrial areas.

(3) It would enable an intelligent study of low income home areas to make it acceptable to Central Mortgage and Housing.

(4) It would enable a low cost land revenue area to be developed and improve to bring the area into the tax revenue stream.

(5) The terrific pressure now exerted by interested landholders and investors who are leaders of piece-meal rezoning would be removed.

It is suggested that a plan be prepared.
