An accurate map of Prince Edward Island has long been a desideratum. All those hitherto given to the public having been merely copies of the chart, published many years since by Des Barres, with the county, township, and parish lines inserted, if not exactly at random, yet without actual surveys having been consulted. By the advertisement in this day's paper it will be seen, that a new Map of the Island is about to be published here. A copy of which—received by the last mail from England—is now before us. It is upwards of three feet in length, and is from the graver of Lizars, the first artist in Edinburgh; its greatest advantage consists in its having been compiled from the most authentic charts and plans, the result of public and private surveys. The roads, which in former maps were mostly fictitious or erroneous, are in this laid down with critical accuracy, enabling any person at a glance to ascertain for himself as well the proper route, as the distance from one place to another. It will be found to be no trifling improvement, that the *real* names of the different places have been inserted in this map instead of the fancy ones (given before any actual settlement) which are to be offered on the former.

The work reflects great credit on Mr. H. J. Cundall, the compiler, a native of the Island, and educated in Charlottetown; and will, we trust, repay the publisher — Mr. G. T. Haszard — who has been at some pains to have it executed in a style worthy of the Island and of the distinguished putronage under which it is sent forth.

☞ For several reasons we have been induced to change the name of our Paper, which in future will be issued under the tiile of HASZARD'S GAZETTE.

NOTICE TO MARINERS.

Hoy Sound Lighthouses.

THE Commissioners of the Northern Lighthouses hereby give Notice, that two LIGHTHOUSES have been built upon the *Island of Gremsey*, lying in *Hoy Sound*, opposite *Stromness*, in *Orkney*, the Lights of which were exhibited on the Night of Thursday the 15th of May, 1851.

The following is a Specification of the Position of the Lighthouses and of the Appearance of the Lights, by MR ALAN STEVENSON, *Engineer to the Commissioners:*—

The HIGH LIGHTHOUSE is N. Lat. 58° 56 09, and W.Lon. 3° 16 33. By Compass, the Lighthouses bear from each other S. E. ¼ E., and N. W. ¼ W. The HIGH LIGHT, towards the Western Entrance of Hoy Sound, is a *Fixed Red Light*, and the LOW LIGHT is a *Fixed Bright Light*. When seen in one line, they lead through the Western Entrance to Hoy Sound, in the fairway, between the Bow Rock, off the Hoy Shore—and Kirk Rock, off the Stromness Shore. After running in on this line to the point A in the Chart, half-a-mile off the Low Light, where the depth is about 8 fathoms, the High Red Light is suddenly eclipsed by the land; and it is then time to haul towards the Stromness Shore, when the Red Light will immediately reappear.

The HIGH LIGHT is elevated 115 Feet above the Sea; but, being a *Fixed Red Light*, it is not seen at a greater distance than about 10 *Nautic Miles*. It illuminates a small Arc toward the S. E. from S. E. by E. to S. E. ½ S., facing the Western Entrance to Hoy Sound. Toward Stromness, the High Tower shows a *Fixed Bright Light*, from S. S. E. ¼ E. to W. S. W.

The LOW LIGHT, as already stated, is known to Mariners as a *Fixed Bright Light*. It is elevated 55 Feet above the Sea, is seen at the distance of 7 *Nautic Miles*, and at lesser distances, according to the state of the weather. The Arc illuminated by this Light extends from E. ½ S. to W. ½ N., and faces northward.

Notice is also hereby given, that towards the Islands of *Cava* and *Risa*, a *Fixed Bright Light*, illuminating a small Arc between N. ½ W. and N. N. W. ½ W. will be shewn from the High Tower on the night of Friday, 1st August 1851, and every night thereafter, from Sunset to Sunrise, in addition to those already lighted and described above. This Light is intended to serve as a guide to Vessels approaching Stromness from the Eastward.

REMOVAL.

H. Found, Tailor, Habit & Robe-maker.

THE Subscriber having removed his Establishment to the premises lately occupied by Mr. William Smardon, situate on the North side of Queen's Square, a favorable oppportunity presents itself, of thanking the public for their extensive patronage and support, for nearly 12 years; and he is more desirous than ever for its continuance, as nothing shall be wanted on his part, to give entire satisfaction.

Punctuality in business is a *desideratum*, which can only be supplied by a mutual desire to *reciprocate*, on the part of the employers and the employed. That 'punctuality begets punctuality' is the very best maxim that can be observed; and the Subscriber is as anxious as any *Man* in the Trade, that it should be adopted.

H. F. feels assured, with his present facilities, that he will be able to meet the wishes of all, who may be disposed to employ him; and having engaged the best workmen to make up garments of his cutting, they will be found superior to those produced in any other establishment in the town.

N. B. Those parties whose unsettled accounts are of long standing, unless paid without further delay, will be sued without distinction.

H. F.

Charlottetown, August 15, 1851. 4 ins.

Mr. JOHN M'KINNON,

TAILOR and HABIT-MAKER, respectfully acquaints his friends and the public generally, that he has removed his Business to the House of *Mr. John M'Gill*, Upper Queen Street, next door to Doctor Pott's, and that he will continue to execute all orders in his line with neatness and dispatch.

J. M'K., takes this opportunity of returning thanks to the GENTRY who have so liberally supported him for the last 18 years, and now informs them, that as he *makes up* garments of his *own* cutting upon *approved* principles, he feels assured they will be *Found* superior to those produced by any *Man* in the Trade.

Charlottetown, Aug. 25, 1851.
