VARIETIES.

New Invention.—*Submarine Navigation* The great invention of the day, the submarine navigation of Dr. Payerne, is about to be put in practice at Cherburg, the company purchasing the invention, having volunteered to cleanse that harbor free of expense to the government. The secret consists in the discovery of a means whereby artificial air may be produced in sufficient quantity to enable a crew of fourteen men to breathe freely beneath the water for the space of two hours. A curious experiment has been already made at Marseilles, where Dr. Payerne, in company with three sailors, went to the bottom in presence of hundreds of spectators and rose at a considerable distance and climbed the port holes of a man-of-war without being perceived by the crew. Many experiments are about to be tried of the efficacy of this novel means of attack. A submarine fleet of small boats, each to contain a crew of twenty men, is already talked of as being about to be organized for the Black Sea. It seems that no intimation whatever is given, by the slightest ruffle on the surface, of the approach of one of these vessels. The apparatus invented by Dr Payerne enables the wearer, moreover, to move about with perfect ease at the bottom of the sea, and great anticipations are formed of the immense benefit to be derived in submarine history from the adoption of this new method of becoming acquainted with the hitherto unknown mystery of ocean·

Dr. Walter, of Pitsburg, has removed the main bone in the leg of a boy of 15 years old, from the knee to the ankle. The patient is doing well, and the doctor has the utmost confidence that a new bone will form and the shape aud length of the leg be preserved. In that case this will be a triumph of surgery in private practice such as is seldom or never reported from the hospitals.

Influefce of Mind on Disease—It would seem as if the study of certain diseases sometimes favored their real or imaginary developement. Laeunnec died of phthisis, and Corvisart of disease of the heart. When the celebrated Professor Frank was preparing his lectures at Pavia, on disease of the heart, his own heart became so disturbed that he was obliged to rest for a while. Rumour says that no less than five of the Professors in one of the medical colleges have unjustly suspected their hearts. Medical students, exhausted by a winter session, are apt to be special subjects of real or imaginary irregularity of the heart· A young friend attended our lectures last winter, on diseases of the chest, felt an unusual knocking of his heart after ascending the long college stairs, and required several examinations to satisfy him that there was no danger.

Curious Information.—The *Chinese Repository* says that criminals are sometimes punished by making them into a candle.—The convict is wound around with cotton, saturated with tallow, and then dipped until he presents the appearance of a gigantic candle, when he is taken and after being "stood up" on his father's grave, is lighted.

One of the most convenient new inventions is the speaking tube of gutta percha. In London an experiment was tried with a tube seven miles in length, and it was entirely successful. A tune was played at the same time, which gave great amusement to the bystanders. This tube is now introduced into many of our first class dwellings, &c.; and as alarm whistles are fixed to the apparatus no doubt their introduction will become general.

More than two thousand of the chiefs and leading men among the Rajpoots in India, with the English commissioner, recently met in Punjaub to adopt measures for putting an end to the evil of female infanticide, which prevails among them to a great extent. The proposition was received, by general consent, with acclamations that no one should be allowed to continue the custom.

Odd Directions on Letters.—We learn from the "Durham Advertisor," that the following curious direction was found on a letter lately consigned to the post office.—"John Todd. Has a wooden leg, and lives somewhere about Bitchburn, nigh Crook. Find him out postman." It is added that the postman did find him out, wooden leg included. In another post office, a letter was posted for "John Smith" with a "wooden *head*" the postman did not find him out, The number implicated was great and not one would accept the description, so that the letter was absorbed by the "dead department."

Galen, the celebrated Physician.—When Galen, the celebrated physician, but atheisitically inclined, had anatomized the human body, and carefully surveyed the frame of it, viewed the fitness and usefulness of every part of it, and the many several intentions of every littie vein, bone and muscle, and the beauty of the whole he fell into a pang of devotion, and wrote a hymn to his Creator.

White Windsor and Toilet Cake Soap.

Mrs, Partington's Toilet Soap. This beautiful TOILET SOAP, possessing in its composition the combined virtues of the vegetable kingdom to cleanse, purify and perfume, is by permission dedicated to Mrs Partington by her obd't servt's.

Boston, January, 1854,, Beck & CO.

Mrs Partington to the Proprietors.

Gentlemen :— The education of your beautiful and flagrant soap to me, as a mark of a steam, is very pleasant. From my experience in roots and herbs, in forty years that I have made soap, I must say that I never made any half as good and I will recommend it to my young freinds all over the world for their twilight tables.

her
Ruth ✕ Partington.
Boston, Jan., 1854. mark.

Also,

Extract Perfumes for the Handkerchief—which, for delicacy of fragrance and lasting odor, are pronounced by Chemists and those who have tested them to be superior to the best imported article.

Purified Ox-Marrow with Ex. of Rosemary,—for preserving and dressing the Hair. This article is so prepared as not to become rancid, and is free after being put on the hair from all disagreable odor.

For preserving the Hair, restoring it where bald places appear, and causing it to retain beauty and lustre to old age—

Dr. Adam's Colcasiian Ambra,—An article that has gained a reputation by the really excellent qualities it possesses for the purposes intended.

Particular care is taken in PREPARATIONS FOR THE TEETH. Experience has proved that the most efficacious to remove the animalculæ from the Teeth is a paste chemically prepared in soap—and to meet the wants of those who prefer clean teeth and firm Gums, is their *Saponary Tooth Paste* an article that has achived the highest enconiums from scientific Dentists and Physicans.

Also *Cooking Extracts*, for flavoring Pastrys, Jellys, etc, etc, which will be found pure in their compound, and such as will suit the taste of the most delicate. Also—*Boston Chemical Washing Powder*—admired because it makes washing easy and pleasant.

THOMAS MANN, TAILOR, (*Late of Upper Queen Street,*) begs to inform his numerous friends that he has just REMOVED his Business to the House lately occupied by Mrs. Wood, in Pownal Street, next door to Mr. Dodd's Brick Store. June 2.

PROCLAMATION
TO THE
Good People of P. E. I.

PROBABLY there is not a family in your Province but what some members of it are more or less afflicted by Humours or Chronic Affections. As a remedy for these various complaints, there are numerous preparations brought into the market, but all of them of little or no good. But there is a discovery which has recently been made in chemical analysis that is wonderful in its operation. It has been long enough tried and we have proof sufficient to satisfy—all from men holding the highest offices the people of the United States can give—that the medicine will do just what it is recommended. It is Doctor Hampton's Vegetable Tincture. The medicine is compounded from the Vegetable Kingdom and may be used by any person without injurious consequences. By a wise choice and combination of some of the best of each class of co-operative, simple remedies, it fully reaches all the essential organs of the human system and there it has proved itself so effectually curative of the whole round of chronic affections.

Over two million bottles have been sold in the north and west during the last five years.

Three to five bottles is warranted to cure the worst case of *Rheumatism*.

Two bottles will check the worst case of *Dyspepsia*.

Three bottles are warranted to cure the severest case of *Erysipilas*.

Five to eight bottles will cure the worst case of *Scrofula*.

One to two bottles is guarranteed to cure the worst kind of *Pimples on the Face*.

Two to three bottles is warranted to cure the worst case of *Ring Worm*.

Three bottles are a certain remedy for the *Piles*.

Five bottles will cure the worst case of *Gout*.

Three to five bottles has never failed to cure the worst case of *Liver Complaint*.

Five bottles will cure the worst cases of Cough, Consumption, General Debility, Asthma, &c.,

As a Female Medicine it has no superior.

We could give hundreds of cases where the cures were truly wonderful, but we request all to get a pamphlet and read the hundreds of certificates of its cures *Price $1,00 per bottle*.

General Agent for P. E. I., W. R. WATSON. Sold also by M. W. SKINNER.

Notice to Travellers.

IT has become an established fact that accidents will happen notwithstanding the care and attention which may be paid to the safety and convenience of travellers. Explosions will take place, bridges will be left open, and cars run off the track as usual.

It is well enough for the public and legislators to caution companies to "beware," and "take heed," yet these casualties will occur, which result in severe contusions, broken limbs, burns, bruises, &c.

The Mexican Mustang Liniment.

Upon such occasions, is invaluable! The wonderful effects of its soothing and healing properties have induced many, who have tried it, to always carry a bottle of it with them when they are travelling.

Frequent tests have proven it to be efficacious in curing Rheumatism, Piles, Scrofulous diseases, Cancers, Ulcers, Old Sores, Neuralgia, Toothache, Earache, &c. Also Spavin, Ring-bone, Scratches, Cracked Heels, Chafes, Galls, &c., on *Horses and other animals*. It is external in its application, and we guarantee it to cure Permanently in every case for which we recommend it.

Many Physicians use it because they can depend upon it—so can their patients.

Farmers and Livery-stable Keepers.

Say they will have it, and will not be satisfied without it, after giving it a fair trial. Therefore we say to travellers upon highways and by-ways *use the Mustang Liniment!* It has become so thoroughly introduced throughout the United States, British Possessions, and West Indies, that it is almost impossible to step off the cars at any Station without beholding the gay banner of the "Mustangs."

The prices are as follows:—25 cents, 50 cents, and $1 per bottle; the 50 cent being three times as large as the 25 cent size, and the $1 size nearly three times as large as the 50 cent size, so that the large bottles are cheapest.

D. TAYLOR, jun. & Co., 25 Hanover street, Boston, General Agents.

Agent for P. E. Island, M. W. Skinner, and sold by dealers generally. 6m

MINIATURES! LIKENESSES.

THE Subscriber has just received a handsome stock of Plates and Cases gold and plated Lockets and Broaches for Likenesses, done by top or side light.

Also, a first rate Camera, for sale, with instructions in the old stand.

W. C. HOBBS.

TURNIPS.

THE ROYAL AGRICULTURAL SOCIETY offer the following Premiums, to be competed for in Queen's County this season, viz:

			£	s	d
For the best acre of Swede Turnips,			£3	0	0
2d	do	do	2	10	0
3d	do	do	2	0	0
4th	do	do	1	10	0
5th	do	do	1	0	0
6th	do	do	0	10	0

Should the most successful competitor have been a winner of a First Prize on any previous occasion, he will receive, instead of the Money Prize, a Silver Medal, with suitable inscription; and the money for the first Prize will be awarded to the next successful competitor, and so on to the end of the list.

AN INDUSTRIAL SHOW will be held in Charlottetown in November, at which the usual Prizes will be awarded.

By Order,
C. STEWART, Secretary.

Committee Room, 3d May, 1854.

Mill for Sale by Auction,

ON the Premises, on Thursday, the 27*th July*, at 12 o'clock, an excellent Site for a GRIST MILL, situate at Black River, in the Settlement of Brackley Point. The Stream of Water is sufficient to drive a number of Stones. A good Kiln has been erected near the Mill. For particulars, enquire of

MRS. MALCOLM SHAW.

One Pound Reward.

THE above Reward will be paid to any person who shall give such information as will lead to the discovery of the parties, who broke maliciously, the Subscriber's windows, on the night of 29th June last.

JOHN GARVIE.

Grange House, West River, July 1st.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS. COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. Ayer. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Pectoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes. I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. Ayer,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money. and I feel gratified in seeing the benefit it confers.m

Please send me a further supply, and believe Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. Ayer. Sir; This may certify that I have used your Cherry Pectoral for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfuliy,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

Dr. J. C. Ayer, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
CHAS. STREATER, M. D.
