

Defaulting Debtors.

HAVING abrogated the Insolvency Laws it became the duty of our Legislators at Ottawa to provide for the distribution of the estates of defaulting debtors.

"The issue of a writ of execution for an amount over \$100 constitutes the debtor an insolvent, and the property seized is held for all the creditors."

"The next extract is from Dr. Johnson:—'Before we confer on a man who carresses the people the title of PATRIOT, we must examine to what part of the people he directs his notice.'

"SIR,—A letter signed 'Catholics' appears in your paper. I wrote over my name, and do not feel called upon to reply to an unknown opponent."

"THE London Globe announces that the skull of Confucius is for sale in a curiosity shop in that city, but that so far it has found no purchaser."

Mr. Brecken on the Fishery Award. THE Ottawa correspondent of the Montreal Gazette comments upon Mr. Brecken's latest speech on the Fishery Award in the following terms:—

"Mr. Brecken's short speech was marked by his extreme earnestness and force, though he disclaimed making any appeal for mere effect, and stood manfully upon what he holds to be his Province's right."

"Hands Off"

A few days ago Gladstone was interviewed by a correspondent of the Vienna Allgemeine Zeitung and said, in substance, regarding the Austrian incident that he had been misrepresented.

It is not the Chinese after all who have to go, but the hoodlums. The people of San Francisco have been so successful in dealing with Kearney that they think they might as well go on with the 'good work.'

A Good Account. "To sum it up, six long years of bed-ridden sickness and suffering, costing \$200 per year, total \$1,200—all which was stopped by three bottles of Hop Bitters taken by my wife, who has done her own household work for a year since, without the loss of a day, and I want everybody to know it for their benefit."

THE handy fingered Chinese, each of whom, we are told, can live on ten cents a day, are doing three-quarters of the shoemaking in California, says the Shoe and Leather Reporter, and their share of the business is increasing there.

Correspondence.

We do not hold ourselves responsible for the statements or opinions of our correspondents

To the Editor of the Examiner. SIR,—The following extract from a speech of the celebrated M. Thouvenel, in the French Chamber of Deputies, on January 16th, 1832, is well worthy of attention, now as then, here as there.

"For yourselves, Ministers, learn that a Government must, in order to be strong, either command admiration, inspire terror, or awaken gratitude. It is not given to you to perform deeds noble enough to accomplish the first alternative; the second is no longer possible; try, then to effect the third; and, with that view, PRACTISE ECONOMY, and REDUCE THE TAXES!"

"The next extract is from Dr. Johnson:—'Before we confer on a man who carresses the people the title of PATRIOT, we must examine to what part of the people he directs his notice. If the candidate of Patriotism endeavour to infuse right opinions into the higher ranks, and by their influence to regulate the lower; if he consort chiefly with the wise, the temperate, the regular, and the virtuous, his love of the people may be rational and honest. But if his first or principal application be to the indigent, who are always inflammable; to the weak, who are naturally suspicious; to the ignorant, who are easily misled; and to the profligate, who have no hope but from mischief and confusion,—let his love of the people be no longer boasted.'

SIR,—A letter signed "Catholics" appears in your paper. I wrote over my name, and do not feel called upon to reply to an unknown opponent. As the matter stands now, I am quite willing the letters should go to the public side by side. I am not surprised that "Catholics" has withheld his name, when I consider the tone of his letter.

THE London Globe announces that the skull of Confucius is for sale in a curiosity shop in that city, but that so far it has found no purchaser. It was found at Pekin during the plunder of the summer palace of the Emperor by the allied French and English troops in 1860, and was then mounted in gold and ornamented with diamonds to the value of \$60,000.
