He Was too Good for Anything.

He was not at all like other men. He never swore, he never gambled, he never drank. He went to church, and would not even read "Sh--" He was a good young man, and his entire family looked up to him He was always correct in his language, and he never got excited. But one day he took his beloved to a base ball match; she sat beside him and overheard all the other men using slang and vulgar language, and she felt proud of her hero. He was very much interested in the game, and got more so all the time; at last it came a critical moment in the match, all the bases were crowded, and there came a chance for the third man to make the home plate. The fool did not see it. He never moved. There was a thrill of suspense through the crowd. The young man was gazing in intense interest. The crowd was silent but excited, and in the thrilling quiet the young man got up and yelled at the man on third base: -

"You-- -fool! Come in! for mercy's sake!"

The girl got up when the shock had passed away, and said she guessed she'd go home.

A Canine Politician.

"That's a nice dog you have D. Horn, but what's the matter with his eyes—one is blue and the other is black?"

"Yes; he was sired by a tan terrier and dammed by a sky blue terrier, and he has taken a mean advantage of the fact whenever I have a stranger to dine with me."

"How's that?"

"He first gets fed on one side of my guest and then goes around the table to the other and pretends to be another dog."

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, cansumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Why She Avoided Him.

"Darling" he muttered hoarsely, "I reformed for your sake. Because you asked me, I have foresworn the saloon and its pleasures. Still you avoid me and keep me at a distance.'

"I am sure, Charlie, you were quite heroic in doing so much for me."

"Then why do you draw haughtily away from me?"

"Because I can't bear the smell of cloves."

One Paris reporter is detailed to follow women who have a Teutonic expression of countenance. Every such woman is suspected, it is said, of being a German spy, and all her movement are noted and published in The Lanterne, to which paper this reporter is attached. Up to date he has succeeded in detecting two alleged spies, one of whom is proven to be such by the fact that she never passes a French soldier without looking at him, and the other must be a spy because she has a mysterious relationship with a blond man.

A Hartford man has invented an apparatus for timing horses. A clock with three hands—minute, second, and quarter second—is started by the official timer. When the winning horse touches the wire the clock is stopped by electricity. At the same instant the current opens a camera, which photographs the horse and the clock face.

"You understand, George, of course," she said, as she nestled in his arms, "that I shall have no money of my own until papa passes away." "I understand, dear," replied George, tenderly and hopefully, "but just think, love, how feeble your father is."

Oscar Wilde regrets that his son is not a daughter because "girls drape so much better." Maybe they do; but then Oscar can make his son a draper if he wants to.

A Georgia debating society discussed the question:—"Did Zeke Slade's tobacco barn burn up or down?" It was decided that it did.

TAMARAC

Alderman R. E. Elbeck, Kingston, Ont., says: "Tamarac Elixir" is the best medicine on earth for Coughs and Colds. In my own case it produced rapid and gratifying results. I caught a severe cold which it seemed impossible to break up, but continually became more thoroughly seated. Finally a hacking cough set in which troubled me day and night, causing soreness of the Lungs. Hearing your "Tamarac" highly recommended, I procured a bottle. The first dose eased the cough, and one bottle completely cured me. It is a splendid preparation, pleasant to the taste, and should be kept in every house.

Why the Columbus Watch is the Best

THE Main Spring barrel is completely covered, making the watch perfectly dust proof.

There can be no interference between the Balance and the Barrel.

The Regulator is nearly double the length of others, rendering accurate regulation a very simple matter.

To replace a broken Main Spring, the Barrel can be removed without disturbing the Balance or interfering with the regulation.

The pins of the Regulator are so formed and located that two or more coils of the Hair Spring cannot catch between the Pins and cause the Watch to stop or gain time at an unusual rate.

The Balance comes under the round, or edge, the strongest part of the case, not as with all others, under the center and weakest part.

The Main Spring Power is the lightest used in American Watches.

The calculation of the Train is such that this Watch runs 8 to 10 hours longer than others, with one winding, giving more uniform power and rate.

These are improvements that cannot be claimed by any other manufacturers, and once seen, all must agree with us in saying that this is the strongest and best Watch made; and with all the above improvements, the Columbus Watches cost no more than others.

Ch'town, Sept. 6, 1887—eod wky

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**
