

A NOVA SCOTIA CASE

Significant Praise of Dodd's Kidney Pills by a Meteghan Citizen.

METEGHAN, N.S., Aug. 22.—No man is better known to the travelling and commercial classes in this province than is Mr. William German, proprietor of the Bay View Hotel here.

An interesting statement is made by Mr. German, and reads thus: "I take pleasure in testifying to the merits of Dodd's Kidney Pills. Two years ago, I was suffering from severe pains in my back caused by Kidney Trouble."

"I got two boxes of Dodd's Kidney Pills and used them, and my complaint was completely cured, I have not had the slightest pain since."

To all victims of Kidney Complaint there is one way of escape from their suffering. That is only by using Dodd's Kidney Pills. They always cure.

HER CAT IN HER POCKET.

Bismarck Travels In State Wherever His Mistress Goes.

A woman walked into the breakfast room of one of Chicago's swell hotels, dressed in traveling costume and carrying on her arm a cape of plaid cloth, which she hung over the chair next at table, disposing of it with some care, as if it might be of value.

Then she gave her attention to the menu and discussed a service of fruit while she waited for her order. She was roused from a pleasing study of her plate by a series of "Ohs!" and "Ahs!" and "What a darling!" and a hasty glance showed her a big white Angora cat seated gracefully on the vacant chair at her side.

"Oh, Bismarck, you dreadful cat!" she said, as the head waiter approached with a look in his eye that boded no good to the cat.

"I must put him out, madam," he said, with the assurance that goes with head waiters.

But his mistress clicked her fingers and the cat disappeared. Every eye was upon him, yet no one saw him go. The waiter looked on the chair and under it, but pussy had vanished like a dream.

"Find the cat—he is in the picture somewhere," remarked the owner of the pet, as she buttered her toast. But the cat did not come back, and it was not until the woman had finished her breakfast and was leaving the table, with her traveling cape thrown over her arm, that the mystery of the animal's disappearance was explained, and pussy's head was allowed to peep from a capacious inside pocket in that cape.

"He has traveled in that pocket from the Pacific coast, and this is the first time he has given away his hiding place," said his mistress. "He will not purr for fear of being found, but he is near his journey's end now and is getting tired. This cape is his exclusive property, and the pocket is his private car."—Chicago Times-Herald.

Dangers From Violent Exercise.

There is considerable diversity of opinion as to the safety with which women may indulge in violent exercise in view of possible injury. As regard the heart, there appears to be but one opinion—namely, that that organ, accustomed to a quiet life, may be dangerously and permanently crippled by the excessive strain in athletic sports. Experience in medical practice, says an eminent authority, teaches that the patient with a weak heart must be extremely cautious in his exercises, and the demonstration of a dilatation of the healthy heart under sudden, violent, exhausting effort which has been made was of a surprising nature. Many clinical observers in Germany and in this country have detected by percussion and observation of the changes in the heart beats that there is under strain and exertion considerable dilatation, which continues for a shorter or longer time after the exertion is over. Ocular proof of this has been afforded by the Roentgen rays. This shows not only the need of caution by those in good health, but more particularly so in the case of those who suffer from any weakness, constitutional or otherwise, in this organ.—New York Ledger.
