*Johnson's Wax has improved the formula!*

New brightness! New long-life shine! Improved Hard Gloss Glo-Coat gives you floors so shiny and easy to clean that you'll have lots more leisure time. It introduces an exclusive formula that resists scuffing and stays bright under damp-mopping like no substitute can! It dries with a finish so hard your floors are bound to stay brighter for six, seven, even up to ten weeks! Use it from now on and you won't have to wax so often! Improved Hard Gloss Glo-Coat is now at your store. Accept no substitute! It's in the regular yellow can with the green band.

"Johnson's", "Hard Gloss" and "Glo-Coat" are registered trademarks of S. C. Johnson and Son Ltd.

You can test floor polishes exactly the way the experts do it at Johnson's Wax famous Research Tower. Apply Hard Gloss Glo-Coat to half a kitchen floor and put any substitute brand on the other half.

A dozen kitchen parties won't give your floor the rugged wear the Johnson's Wax test floor gets daily. For six weeks, hundreds walk on it and it's regularly damp-mopped. Then comes the Gloss Meter test...

This photoelectric device proves eyes don't deceive. Just as your own floor will show after weeks of traffic and damp-mopping, Hard Gloss Glo-Coat scores a brightness rating of 16... the substitute polish a 4.
