Black Hawks Top Montreal

By JIM CULLEN

The Chicago Black Hawks pulled to within two points of the league leading Montreal Canadiens as they blanked the 'Flying Frenchmen' 3-0 in the Chicago Stadium, Sunday night.

The 'Golden Hawk' of the Billy Reay coached outfit hasn't scored in his last five outings with the Hawks, but neither Hull nor his coach are worried about the situation.

The 'scouter line' has apparently taken over where Hull left off in the scoring department as they have accounted for 10 of the Hawk's markers in the team's last six outings.

We would like to see this New York club do something about their goal production, as we don't relish the idea of the Detroit Red Wings in the National Hockey League playoff picture.

The Black Hawks will tangle with the New York Rangers in Madison Square Garden tomorrow night and we think you will see Bobby Hull break out of his scoring slump against the Blueshirts.

Patterson Beats Chuvalo By Unanimous Decision

NEW YORK (CP)—Floyd Patterson took all of George Chuvalo's dazzling exhibition of sharp-shooting and speed to defeat the Canadian heavyweight champion from Toronto in a 12-round bout at Madison Square Garden that had a sellout crowd of 19,100 cheering to the end.

Patterson, world heavyweight champion at 21 and a disappointed former champion at 30, won some measure of vindication by standing up to the Canadian brawler's best Sunday punch—a crunching right to the ribs. Floyd came on in the late rounds to overcome an early lead and win a decision that was

unanimous on all three of the officials' cards. The Canadian Press scorecard gave Patterson six rounds and Chuvalo five, with one even. The 27-year-old Toronto brawler had a big edge in the weight, scaling 208 to 174 for Patterson. It was the heaviest Floyd had weighed in his 12-year ring career.

Referee Zack Clayton voted for Patterson six rounds to five with one even; Judge Tony Castellano saw it seven to five for Patterson and Judge Joe Armstrong gave it to Patterson, eight to four. HAS LOT TO LEARN It was by far the most exciting match in New York in years, and Chuvalo had nothing

Saints Nip X-Men In Thrilling Game

By CHARLIE MACMILLAN - ANTIGONISH - St. Dunstan's University Saints, holding off a strong third period drive defeated St. F.X. here last night 6-5. The win, worth four points to St. Dunstan's, gives the Saints a strange hold on first place, and only a complete collapse in the remaining five games would dent the Saints' first Maritime Championship in 13 years. Not since 1947 has a St. Dunstan's team won the championship, and last night the Saints played like true champs. Rex MacCarville and Gordie Whitlock gave the Saints a 2-0 first period lead and the Saints extended it to 5-1 in the second. It was in the second period that the Saints played their best hockey as they pumped in three goals while holding the X-Men to a single tally. Billy MacMillan started the streak at 1:28 on a goal crease pass from Maurice Roy. Then at 15:58 MacMillan scored his second of the night and 14th of the year with Art LeClair sitting out an interference penalty. Denie DeCartuel had picked up a pass in his own end from Vince Mulligan, skated to X's blue line, and passed to MacMillan who, promptly beat Richie MacPherson in the X cage. Saint F.X. broke the shutout at 16:48 when Kevin Murphy rifled a high shot past George MacNeill in the St. Dunstan's net. Near the end of the per-

Ivan Blasts Officials; Hull Being Fouled Out

CHICAGO (AP) - Tommy Ivan, Chicago Black Hawks manager, blasted National Hockey League officials Monday and said scoring star Bobby Hull "is being fouled out" of his chance to set a single-season goal-scoring record. Hull has failed to score in five successive games after getting 27 goals in his first 42. He has 23 games remaining and needs 14 goals to break the NHL season mark of 50 which Hull shares with Maurice Richard and Bernie Geoffrion, retired Montreal Canadiens stars. "It's not that Bobby isn't playing well enough right now to break the record, but he's just not being allowed to play his game," said Ivan. "Two weeks ago, I'd have said he couldn't make it. Now he can only hope." The referees don't call a quarter of the penalties they should against players trying to check Bobby. He is hooked and held and tripped more than any other player in the league. And because he's as great as he is, the refs seem to ignore what guys do to him—and they do plenty.
