**THE FARMALL SUPER-A WITH TOUCH-CONTROL!**

Just a finger-tip touch — and right now, a Farmall Super-A Tractor with Touch-Control does what you want done. You command 2000 pounds of hydraulic power to raise the implement, force it into the ground or hold it as any selected working depth.

A full line of matched, quick-change implements — direct-connected and forward-mounted — fit the Farmall Super-A to do a list of jobs as long as your arm — to do every power job for you whatever crops you raise. No less wheels, levers, or excess weight on these low-cost implements — and they are easily interchanged, in minutes.

The Farmall Super-A is built to power the diversified farm of up to 80 acres, or be the second tractor on the larger acreage. The Farmall Super-A pulls a one- or two-bottom plow, cultivates one row of corn and up to four vegetable rows. You can do effective conservation farming with the Super-A and matched equipment. Ask us all about it.

See this Farmall at work on your own farm  
 Call us for a demonstration now.
