Civic Elections.

Four times consecutively the citizens elected Mr. Dawson Mayor of Charlottetown. They have now elected Mr. Hooper.

It is, we think, to be regretted that Mr. Dawson did not follow the judicious example of the popular Mayor of Ottawa, who, after being three times elected, declined re-nomination.

Mr. Dawson has filled the office with ability and success. His successor has lived long in the world, and his election to-day is the crown of an honorable and successful career.

The re-election of Councillor Murphy is very gratifying. Councillor Murphy is one of the ablest, most active, liberal-minded and prudent gentlemen who has served the City in recent years.

On the other hand, Mr. Crabbe's defeat is to be regretted. Mr. Crabbe is a good debater, a man of progressive ideas, who has served the City well, and well deserved the suffrages of Ward Three.

The Council will now be composed of the following gentlemen:— Mayor, D. R. M. Hooper, Esq. COUNCILLORS, Ward 1—Koughan and Morris, Ward 2—Byrne and Murphy, Ward 3—Blake and Davy, Ward 4—Chappelle and Lea, Ward 5—McLean and Horne.

The Teacher's Responsibility. The Canada "School Journal" comments to its readers the following extract from an educational address of that great statesman and Christian, the eloquent and philosophic Guizot.

"All the provisions hitherto described would be of non-effect, if we took no pains to procure for the public school this constant aid, an able master, worthy of the high vocation of instructing the people."

His first duty is towards the children confided to his care. The teacher is summoned by the parent to share his authority, this authority he must exercise with the same vigilance and almost the same affection.

The trespass case of Barratt vs. McInnis and others, which has been before the Court since Tuesday week, was finished last night, the jury finding a verdict for the plaintiff, and \$15 damages.

The City of Charlottetown vs. Richard Hearis. This was a special case agreed on between the parties to test the legality of the Income Tax. The Court upheld the legality of the Act respecting the tax, but gave judgment in favor of the defendant, that he was improperly assessed.

A Boston confidence man has succeeded in swindling the traders and farmers in Kennebec, Androscoggin, Franklin and other counties in Maine, out of several thousand dollars worth of produce.

Mistakes in Mining.

One of the reasons why so many mining properties are changing hands in Colorado and other mineral countries for small considerations, is not because the ores are low grade and the veins "petering out," but because the mines are being improperly worked.

Brown, who was formerly a teamster, has been two or three years in the mines. He has learned how to put down a hole, to load and fire it. He can strike a drill, put in a few timbers in the entrance of the drift or shaft. He prospers in the summer and works for wages in the winter.

Let us take another: Mr. Smith has been a successful dry goods merchant in the East. He goes out of business, takes a trip to Colorado. He takes a look at the mines, gets enthusiastic, obtains a bond on some property, and returns to his old home, where he induces some of his business friends to join him in the purchase.

Then there is Jenkins—an honest, well-meaning young man, who neither drinks, smokes nor swears. He never saw a mine; but he was a most attentive clerk in his uncle's office.

Then there is Smith, aforesaid, with his power drills. It sounds big in the East to hear of running power drills on mines, and so he puts them on, and it costs him \$50 per foot to run his tunnel, when he could do it by hand for \$15.

A great mistake is often made by companies putting up works to treat their ores before they have properly prospected their mines, and before they know how much ore they can produce in a day, and what its character.

Why should Temperance men refuse to vote for one of the candidates for Ward Five? Because they are supposed to have strong objections to A Horn.

Why are the illicit liquor sellers in this city opposed to commerce? Because they bar up their front bars and put up bar-rears to trade.

Parties requiring ice can be supplied from Wright's, Gates', or Crabbe's Ponds, by applying at once at the Fish Market, Grafton Street, Charlottetown. [Jan 25 31 eod]

The meeting in St. Patrick's Hall, this evening, promises to be an interesting one. Ladies and gentlemen interested in the temperance cause are cordially invited free of charge. Doors open at 7.30.

We learn from the columns of the "Canada Presbyterian" that the large and influential Presbytery of Montreal, at a recent meeting, unanimously nominated the Rev. Kenneth Maclean, M. A., Minister of St. James' Church, in this city, for the Moderatorship of the next General Assembly of the Presbyterian Church.

The Sun says that it may be interesting to slender women to know that Mr. Oscar Wilde's ideal of perfect beauty is Mrs. Oscar Wilde's whom he regards as the realization of all his aesthetic dreams. He says he would ask no higher earthly delight than to sit the livelong night on the doorstep of the house in which she sleeps.

According to a German economist, the debt of the world is \$13,529,000,000; debt \$10,026,000,000; taxes, \$2,002,000,000; capital, \$85,612,000,000. Sweden has the smallest debt, or \$50,000,000; France the largest, or \$2,140,000,000. The United States has the largest income, and England the most capital. Italy is the heaviest taxed, paying 35 per cent. of its income for taxes, to the average 15 per cent. of other nations.

VALUABLE FREEHOLD FARM!

Business Stand, Farm Utensils, Dry Goods and Groceries, at Auction.

I AM instructed by JAMES MACKIE to sell at PUBLIC AUCTION, on WEDNESDAY, the 1st of February Next, at 12 o'clock, on the premises, all that Valuable Freehold Farm, with the substantial and well appointed Dwelling House, Barns, Stable and other Outbuildings.

The Farm contains about 89 acres of the best land in Queen's County. It is situated at the terminus of the Caynash Road, at the Bay View Wharf, one of the best shipping places in New London. About 6 acres of the Farm is cleared and in a high state of cultivation, the balance is covered with soft wood suitable for fencing. Around the shore and within 50 yards of the Barn Yard is to be had an abundant supply of sea manure, thereby enabling the owner to keep the Farm in good condition without the toil of obtaining Mussels Mud. This Farm has a southern aspect, can be tilled earlier in spring than most Farms on the Island, and is renowned for its Wheat growing qualities.

Also, all that eligible Mercantile Establishment, consisting of about 1 acre of land, together with the following buildings, viz— 1 Dwelling House, 1 Warehouse, 1 Store, 1 set 3 ton Fairbank's Scales. The above Business Stand is unutilized as a trading site on the North side. Being in the centre of a wealthy farm district, and alongside a good Wharf, renders it convenient for carrying on the Produce Trade as well as general merchandise. The stores are well constructed and arranged, with frost-proof Cellars and other convenience for the Country Trade.

Also, at the same time and place, I will sell 1 Organ, fine toned, 5 stops, 1 Buckeye self-raking, Mowing and Reaping Machine 1 Iron plough, 1 set Steel Teeth Harrows, 1 Horse Rake, 1 set Fanners, 1 Cultivator, 1 Cart and Truck (iron axle), 1 Truck Wagon (new), 2 Wood Sleighs, Horse Rakes, Forks, Shovels, &c, together with the Dry Goods, Groceries, &c, in the Store.
