Members of the Legislature might give strangers a ticket to admit them for a time to read the books in the Library.

To the Editor of Haszard's Gazette;

Sir,

While I heartily concur in the vote of thanks which appeared in the *Examiner* of Monday last, to the Lady and Gentlemen Amateurs who so kindly and disinterestedly came forward and gave the late Concert in aid of the Patriotic Fund, permit me also to mention the Audience, who so promptly and liberally responded to the appeal made by the Committee of management on behalf of the Widows and Orphans of the brave men who have fallen in the cause of liberty. I cannot allow the present opportunity to pass, without giving my humble testimony in praise of J. T. Pidwell, Esq., to whose patriotism, energy, and perseverance, we are, in a great measure, indebted, for the late Concert. That Gentleman neither spared time nor money, in order to accomplish the benevolent object he had in view; and, in the face of many difficulties, which always occur in getting up a Musical Entertainment in small communities, he had to contend with a selfish opposition, which met him at every step he took. Yet, by a continued perseverance, which few men are possessed of, the difficulties vanished like mist before a noonday sun; and he has happily to say, his labor was crowned with a complete success.

Sir, in offering the above remarks, I have no desire to flatter, but simply to give credit to whom credit is due.

I am yours, &c. Justitia.

To the Editor of Haszard's Gazette.

Mr. Editor,—

Observing by the discussions of the House of Assembly, that a Bill is likely to pass for Taxing the Rent Roll of all Landed Proprietors, both resident and absent, a measure which in its present bearing cannot fail of being very *obnozious* to all who are Landholders to any extent in this Island. A mode therefore by which such an enactment may be rendered not only the *reverse*, but highly beneficial to both Landlord and Tenant, and at the same time extend the patronage of Government by placing new offices at their disposal, cannot fail to be highly acceptable. What I would recommend is that the Government call upon all proprietors or their agents to hand over to them the Rent Roll of whatever Lands they may have under Lease, and thirty days from this time these Rents become due that the Government pay to each Landlord or Agent, the amount of his Rent Roll after deducting therefrom the sum recognized to meet the Tax, and also retaining a liberal sum for collecting. By this arrangement, the Proprietors and their Agents would be relieved from much trouble, as well as the *obloquy* which attends their exacting their Rents; as regards benefiting the Tenants themselves, it could not fail producing a happy effect, as would arouse them to habits of greater industry and *economy*, in order that they may be prepared when pay day arrives to meet the demands of Government, at all *times imperative*. The amount collected from this Tax would no doubt, add a considerable sum to our Revenue, besides providing for a number of worthy individuals. * * * *

Yours,

* Truth.

We have ommitted such parts of the above as would seem to weaken the effect of the suggestion. Truth need not be told at all times.—*Ed. Has. Gaz*

BIBLE SOCIETY.

The Annual Meeting of the Bible and Missionary Society, of the Presbyterian Congregation, of Princetown, was held in the Church, on the 13th of March. The Rev. R. S. Patterson, of Bedeque, preached from Matt. ix. 37, 38. "The harvest truly is plenteous, but the labourers are few; pray ye, therefore, the Lord of the harvest, that he will send forth labourers into His harvest". After the Sermon, the President of the Society took the Chair, and the Report having been read, and the Treasurer's account exhibited, it appeared that the income for the year was £50, which was appropriated as follows:—

with whatever subscriptions may yet be paid to the Treasurer.

It was also stated, in the Report, that there had been remitted from the congregation during the past year, for the Foreign Mission, the following sums.

And also a large Box of clothing and other articles for the use of the Mission.

THE ROSICRUCIAN DIVISION.

A Public Meeting of the friends of Temperance was held at New Perth, on Monday, the 27th of March. There were present many members of the Grand Division, from Charlottetown, and Georgetown, who were robed in the rich Regalia of the Order.

On motion of J. T. Pidwell, Esq., Grand Worthy Patriarch, the Rev. John Knox was invited to occupy the Chair. After prayer and praise, the Rev. Chairman briefly stated the object of the meeting, and called upon Mr. Trowan to address the assembly. Mr. T. who is a firm friend and zealous advocate of this great Reform, expounded its principles in a neat and interesting Speech, and met many objections generally urged against the order of the Sons. Br. George Millar followed in a long and powerful address full of rich anecdotes and happy illustration, and delivered with his usual earnestness and force. The Grand Worthy Patriarch, in a clear, logical and able Speech exhibited the necessity and propriety of a prohibitory law as the only effectual remedy for the monstrous vice of intemperance, and presented the order of the Sons, as the most perfect organization in existence, for extending the triumphs of Temperance principles, admirably adapted to secure mental cultivation and promote moral elevation and social improvement of our race.

The building was densely crowded and the attention and interest were unabated to the close.

The Rosicrucian Division was then formed, which consists of Thirty-one Sons who were all initiated on that evening into this noble order.

The following Officers were then chosen.

Rev. John Knox, W. Patriarch, Charles Stewart, Esq. W. Associate, John McNiel, R. Scribe, James McVean, A. R. S. James Finlay, Conductor, Charles Alley, A. C. John Hamilton, F. Scribe John McMillan, Treasurer, Peter Campbell, Chaplain, James McLaren, Esq. P. W. P., Peter Robertson, J. T. Daniel Gordon, O. S.

After a vote of thanks to the friends from Charlottetown and Georgetown, they seperated at a late hour, highly delighted with the proceedings of the evening.

New Perth, March 30th, 1855.

Mechanics' Institute.—Last evening, according to announcement, the Rev. Mr. Snodgrass delivered a Lecture upon "Habit." He treated this important branch of moral Philosophy in a popular and interesting point of view; and discussed the difference between *Custom* and *Habit*, with true logical clearness. He shewed that Custom was a frequent repetition of the same act, and that Habit, was the impression, that Custom made upon the mind. He admitted that the subject in itself was perplexing; but as Habit, became second nature, he pointed out the necessity of so moulding the minds and manners of the young, as to produce good impressions, so that these should remain in after years, and thus enable the man to become useful in his day and generation.

The Lecture was highly appreciated, and called forth a very lengthy and animated discussion.

The Hon. Edward Whelan, Vice President, will lecture next Tuesday, on "The Literature of the 19th Century."

Dyspepsia and Indigestion.—These great scourges of our people cannot be too well understood, nor the means of adverting or curing them too highly appreciated. The person who discovers any means of cure or alleviation, confers a benefit upon his fellows, and is deserving of honor. This desirable consummation has been achieved, and not only may dyspepsia be cured, but it may be prevented. By the use of "Hoofland's German Bitters," prepared by Dr. C. M. Jackson, Philadelphia, which medicine is spoken of in terms of the highest commendation by thousands who have tested its efficacy. It is perfectly innocuous in its nature, and possesses the valuable property of improving the health of the robust, as well as restoring the health of the sick. See advertisement.

Died,

At St. Eleanor's, on Monday, the 4th instant, William Schurman, Esqire, High Sheriff of Prince County, in the 64th year of his age. He was highly respected and esteemed both in public and private life. Mr. S. was a native of the Island, his parents were Loyalists from one of the now United States of America.

On Saturday, the 7th inst. at his residence in Charlottetown Royalty, after a lingering illness, Captain John William James, aged 67, a native of Cumberland, G. B. He sailed over the deep waters for upwards of half a century, for forty years of which time he had been Master Mariner, and was much esteemed, as a respectable and practical Navigator, during this long period he never lost a square-rigged vessel under his management. He was returned as a Member of Assembly for Georgetown, in the year 1834, and often indulged in outbursts of loyalty, determinedly opposing measures not based, as he conceived, on "sound constitutional principles." Until within a few days of his demise, he often expressed an anxious desire to know the result of the present war, and all particulars relative to our suffering heroes in the trenches before Sebastopol, with which and the seat of war he was acquainted from his having formerly navigated the adjacent seas. His end was peace.

NATURE OUTWITTED!!!

Dr. Antrobus's Persian Hair Restorative,

AND HAIR DYE.

Under the immediate Patronage of the Princes of Persia and India.

These articles are without doubt the most extraordinary to their powers ever introduced to the Public, and require but to be tried, to be appreciated, admired, and continued.

The RESTORATIVE strengthens the hair and prevents it falling off after every other means have been resorted to unsuccessfully; it cures baldness and creates a natural curl, and by its use, myriads of persons of both sexes are indebted to having a good head of hair at the present moment. Its efficacy is therefore undoubted, and the whole world is challenged to produce an article to equal it, either for beautifying the human hair or preserving it to the latest period of life. For the production of Whiskers or Moustache, it is infallible.

The qualities of the HAIR DYE are decidedly superior to any thing of the kind ever attempted and the whole surface of the head can be changed into a most natural black or brown, within five minutes after using it, so as to defy detection from the greatest connoisseur. Advice by post gratis on receipt of Postage Stamps.

Copy of a Letter from Dr. Magrath, M. R. C. S., dated Duke Street, Adelphi, London, the 17th January, 1854.

To Dr. Antrobus,

Sir,—I feel great pleasure in attesting the virtues of your Persian Hair Restorative. Several parties who have been patients of mine having derived the most inconceivable benefit from using it; and in fact it is owing to this article alone, the tenancy of them are not at the present moment completely bald, one party I may mention in particular, who had been laid up with typhus fever: (a most beautiful young lady,) the attack however left her although as beautiful as ever in the face, still with scarcely any hair on her head. She tried every thing unsuccessfully, until I recommended her to use your *Persian Hair Restorative*, and in three months, she again possessed the same fine growth of hair she had before illness, although if possible, still more jet like, and attractive. I must admit, although I have recommended it to hundreds of persons of both sexes, I have never found it fail, and consider, that where the hair is not past human aid, your wonderful preparation will restore it to its pristine state.

Your Hair Dye is the best I have ever seen or heard of, and has been used among my private acquaintances, with the most unbounded satisfaction.

I am, Sir, yours most truly,

(Signed) DENNIS MAGRATH.

Letter from Henry Vinson, Court Hair Dresser and Wig Maker, of 124, *Leadenhall Street, London.*

To Dr. Antrobus,

Sir,—Your Hair Restorative is one of the greatest blessings ever invented. Several of my customers are quite enraptured with it, and consider it beyond all praise. I cannot deny, but that it has appeared to me quite wonderful, the alteration it causes after using it for a few weeks, it excels any thing of the kind I ever used, causing a complete metamorphosis; giving the hair a natural curl, and even entirely hiding grey locks, and restoring the colour.

You may depend upon it that it, surpasses any thing of the kind ever brought before the public, and as to your Hair Dye, I can sell all you can send me, it is so unquestionably good.

I am, Sir, yours faithfully,

(Signed) Henry Vinson.

The Restorative is sold at 1s. 6d., 2s. 6d., and 4s. per Bottle Sterling. The Hair Dye 3s. 6d. and 7s. per case. The larger sizes are a great saving. Directions for use accompany each Bottle and Case.

☞ *Be particular to ask for Dr. Antrobus's, or you may be imposed upon.*

Sold by all respectable Chemists and Perfumers throughout the world, and at Dr. Antrobus's Establishment, 2, Brydges Street, Strand. If any difficulty in obtaining it, send postage stamps to Dr. Antrobus's address, and it will be forwarded by return of post.
