ON THE DEATH OF JANIE MACLELLAN, INDIAN RIVER, P. E. I.

Once more the family is broken by death, Whose subtle, smiting hand has stilled the breath.

Her years were few, and early crowned With the harvest of God's grace, Like golden wheat sheaves reaped and bound

MR. B. LAURANCE,

—THE— Eminent English Oculist's Optician,

will attend personally at the RANKIN HOUSE, CHARLOTTETOWN,

—ON— THURSDAY, 31ST MAY, 1883,

And will remain a few days only.

—O—O— Read the following, out of hundreds of Testimonials:

Lieut. Gen. Sir Patrick McDougall, K. C. M. G., writes: Mr. Laurance has supplied me with a pair of spectacles, which I find to be very satisfactory.

Chief Justice Jas. McDonald, N. S., writes: "I beg to say that I have used the spectacles which you have fitted me, a sufficient time to test them thoroughly, and I am pleased to say that they have given me the highest satisfaction in every way."

Ex-Chief Justice Sir William Young writes: "I have pleasure in certifying that the two pairs of spectacles I have purchased from Mr. Laurance gives a CLEARER AND PURER LIGHT, especially under gas, than any I have previously obtained, HERE OR ELSEWHERE."

Rev. Dr. Phil. Halifax, writes: "The glasses with which you have supplied me for reading, both by natural and artificial light, have proved themselves to be all that could be desired. I strongly recommend any person wishing to save strain upon their eyes and enjoy comfort while reading, to apply to you to fit them with lenses adapted to their condition of sight."

Hon. W. J. Almon, M. D., writes: "By the aid of the glasses you last fitted me with I was enabled last night, by lamplight, to read with comfort, a thing I had not done for some time previous."

A. J. Blair, Premier of N. B., writes: "I have very great pleasure in certifying to the comfort and assistance I have experienced in the use of the eye-glasses I had from you."

Hon. Judge Wetmore, N. B., writes: "From the flattering notice of your eye-glasses and spectacles, I was induced to purchase a pair of each, and I am happy to say they have proved quite equal to your recommendation, and have given entire satisfaction."

Hon. T. F. Gillespie, President of the Executive Council, N. B., writes: "Having purchased eye-glasses and spectacles from you that suit my sight admirably and make it equal to what it was a few years ago, I confidently recommend them to any person whose sight demands improvement."

Hon. Judge Weldon writes: "I have obtained from Mr. Laurance a pair of eye-glasses and spectacles, which are superior to any I have had for the last thirty years—having used glasses for that period."

Dr. Rand, Chief Superintendent of Education, N. B., writes: Dear Sir,—The glasses supplied to me at your shop by Mr. Laurance are very satisfactory. For nearly ten years past I have suffered with pain in my eyes. The glasses have already almost entirely relieved the pain."

Dr. Jennings writes: "Mr. B. Laurance, of London, has shown me a great variety of spectacles, all of which bear close examination. The lenses are well polished, and the mounting beautiful and substantial. I can see more distinctly through his glasses than any others I have tried. I will recommend them to my patients."

Dr. Tobin writes: "I have examined several specimens of lenses and spectacles made by Mr. B. Laurance, of London, and have found them well fitted and mounted, and thoroughly serviceable articles."

Dr. Slayter writes: "Dear Sir,—I have examined your stock of lenses, and can only say that they are the most perfect set of glasses I have seen in Halifax. I believe you to be well posted in your business and thoroughly well able to correct the various defects of vision in those who may consult you."

Dr. H. C. Herbert, Surgeon Major A. M. D., writes: Mr. Laurance has fitted me with glasses which SUIT ME ADMIRABLY; and I recommend persons whose vision is defective to consult him when lenses are required."

WE have made arrangements with the best makers of Gas Stoves in the United States, which we will be able to supply the public, at the lowest possible price.

We have also agreed with the Gas Company (for the purpose of introducing these Stoves), to sell the first fifteen (15) for which we may receive orders,

At their Net Cost, LANDED HERE.

TESTIMONIALS.

The following are a few testimonials from a list of several hundred:—

The capacity of the Stove is surprising. With a No. 8 Stove we cooked for a party of seven, giving them broiled oysters, steak, lamb chops, and baked biscuit, in 45 minutes, at a cost for gas of 4 1/2 cents. On another occasion we gave a dinner in courses of twenty men, the bill of fare as follows: Broiled shad, beef steak, roast quarter of lamb, baked biscuit and coffee; heating the water for washing the dishes four times, re-setting the table three times. All was accomplished in one hour and forty minutes, at an expense for gas of eleven cents. This work was all done on one No. 8 stove. All were enthusiastic over the manner in which the oysters, fish and meats were cooked; none had experienced any so tender, juicy, and of such full flavor before. We consider the stove a great success, and most complete in all its parts and arrangements. A. C. Wood, Supt.

I bought one of your No. 12 Gas Cooking Stoves last September, for use in my restaurant, and have used it ever since for baking, broiling and stewing.

I can say for it that it is always ready and does its work rapidly; that there is no dust, no dirt, no surplus heat, as we are using only that portion that we need, and as soon as the article is cooked the gas is extinguished and there is no waste. I think it will do the same amount of work at less cost than coal, even at the high price of gas. It takes much less room than a coal range that would do the same work. I am perfectly satisfied with it and would not be without one for double the price. J. T. HARKER.

The Gas Stove you sent me, I am glad to say has proved an entire success.

If my testimony is of any value to you, you are at liberty to use it. The decrease in the coal bill more than offsets the increase in the gas bill. The cooking is excellent and uniform in its operation.

No dirt or dust irritates the careful housewife, and Mrs. S. describes it as a "real treasure."

In my humble opinion, any man who really wants to add to the number of his "laid days" of his better-half, had better invest in a Gas Stove and save her worry, and himself expense. W. H. SEYMOUR.

We are perfectly delighted with our Gas Stove. It gives entire satisfaction in every respect. MRS. M. PENNINGTON, 2103 Vine St.

Your favor of the 1st inst. was duly received asking my opinion of the Gas Cooking Stove bought last May, and in reply, would state that the satisfaction rendered by the stove was far beyond my expectations, and the work it will accomplish is marvelous, together with the small expense and comfort attending the same. EDWIN A. GARETT.

Having used one of your No. 7 Gas Cooking Stoves for a considerable time past, it is with pleasure that I bear testimony to its genuine merits.

It boils, bakes, broils, roasts, and in fact, does everything that a first class stove or range can do, and with a saving of time and labor, that can only be appreciated by those who use them.

It has given us the most entire satisfaction, and to us my wife's words, "I would not be without it for ten times the cost."

From statements of our gas meter taken, we find it more economical than coal. MERCER E. GIBSON, 4029 Powelton Ave. DODD & ROGERS. Ch'town, April 21—eod 2w
