KENSINGTO N Rink tonight Wednesday postponed game. R.C.A.F. vs. Kensington Jrs. 8.30 skate after. Free School skate from 3 - 4.30 in afternoon.

REMANDED — A man from Borden charged with theft from the Borden Vendor store was further remanded for trial until Friday when he appeared in Magistrate's Court Summerside yesterday.

FUNERAL TUESDAY — The funeral of the late Mrs. Duncan Palmer took place Tuesday at 2 p.m. from the Compton Funeral Home to the People's Cemetery in Summerside. Service was conducted by Rev. Mr. Webber. Organist was Mrs. Erland Ramsay. Pall bearers were Robert H. Phillips, Archie Sharp, Don Lidstone, Jack Schurman, Bert Schurman and Kaye Hansen.

All-Star Team Is Announced

The Victory Cleaner contest for the selection of an All-Star team from the Prince Edward Island League has been completed, and the votes tabulated with the following results: Doyle (B.Y.C. goal; Alan MacLeod (Parkdale) and Ron MacArthur (Aces) defence; Orin Carver (Parkdale) centre; Wallie Shepherd (Aces) right wing; Ulric Gallant (Aces) left wing. The leaders in the voting for each position with, according to Gord Kelly, the voters hailing roughly 50 per cent from the Summerside area and 50 per cent from the Charlottetown area ranked as follows: Goal— Doyle 75, Roper 66, Mann 34, Dillon 10, Shepherd 8. Defence —Alan MacLeod 99, Ron MacArthur 97, Eustace Reeves 95, Frank Shepherd 36, Spy Ready 19, Stu McLure 17. Centre — Orin Carver 111, Buck Whitlock 33, Gorne Hennessey 25, Vance Harris 23, Billy Hughes 12. Right wing— Wallie Shepherd 70, Allie Carver 50, Coke Grady 28, Gaston Roy 6. Left wing — Ulric Gallant 128, Merrill Pineau 48, Bubby Dowling 8.

The members of this mythical all-star team will receive their trophies from Victory Cleaners at a date to be announced later.

ALBERTON

Mrs. Hebe Hardy, Alberton, who has been a patient in the Western Hospital, returned to her home on Saturday.

Mr. Elijah Gard, formerly of Mill River, is ill at the home of his daughter, Mrs. V. J. Campbell, Alberton.

Mr. Alvin Bell has reopened his barber shop at Alberton following a retirement of five months.

Capacity Audience Attends Variety Concert At S'side

A capacity audience last night greeted the Trinity "Mr. and Mrs. Club" in their presentation of their annual variety show in the Civic Auditorium. Billed as a show with music, mirth and madness, the group more than lived up to their past reputation for giving the public everything that goes into the makings of a top notch evenings entertainment.

The presentation was the first given since the new stage drapes were installed and with the effect of the excellent lighting system the stage presented a beautiful setting for the various acts as they were presented.

Master of ceremonies was Mr. Charles Linkletter who did a masterful job of introducing the different numbers and showed that he was master of all situations even to handling hecklers planted in the audience to add spice to the show.

The Trinity Mr. and Mrs. Club chorus, always a favorite in Summerside, blended their voices in several numbers, and charmed all with their harmonious singing.

Messrs. Schurman, Wedlock, Hogg and Ellis in several quartette numbers drew round after round of applause and their rendition of "Sweet Kentucky Babe" was one of the finest ever heard on a local stage.

In the opinion of many the highlight of the show was the work of Brud Rogers who brought squeals of delight from not only the teenagers but the older ones as well. It was generally conceeded that his presentation of "Hound Dog" and "Don't Be Cruel" will not be surpassed even by the originator of the two numbers.

Little Miss Coleen MacNeill is fast becoming a top favorite with Summerside audiences and her Highland Fling dance showed that before long she will take her place with the best Scottish dancers. Teamed with the inimitable "Pit" Sheen, she demonstrated that she could hold her own with a seasoned performer like Mr. Sheen.

There were many more numbers which went to make up a fine evening's entertainment. In the lighter vein the work of those two old stagers, Jerry Sheen and Alan Wedlock, demonstrated the trials and tribulations of the golf expert and the novice at the game.

A charming trio consisting of Miss Lorraine Johnston, Miss Ruthie Cairns and Miss Carol MacLean charmed the audience with their beautiful voices.

Music was under the direction of Mrs. Vivian Sheen and makeup was capably handled by Hester Gallant.

Urges Gov't.

Continued from page 1

ten years practised medicine when for the exception of the last two years he looked after the medical needs of 5,000 people alone.

U.N. OBSERVER

He congratulated the mover and seconder of the Speech from the Throne. He said if justice were done Mr. Hessian should be in a higher Parliament where perhaps he might become an observer at the United Nations. He was pleased to see Mr. Saville back in his seat after undergoing such serious illness last year.

Referring to the crisis in the Middle East, Dr. Dewar said: "History will tell whether all occurences were justified. I believe the action of Great Britain and France will be vindicated. If they hadn't stepped in the U.N. might have pussy footed long enough for something more serious to happen."

UNNECESSARY FUROR

He said it was not to the credit of the United States to make such a furor over the situation while they sat back and watched Hungary being ground under the heel of the Russian Bear.

He recalled that in all the elections across Canada during the past year the only consolation to the Liberal Party was that Newfoundland remained in the fold.

Dr. Dewar noted there was quite a lot of building going on in O'Leary. He said there had been half a dozen homes, a church and a new hospital constructed during the past year. In addition to this, he reported that the Village had now embarked on a sewage disposal program with an estimated cost of $40,000. He thanked the Minister of Highways for the use of Government machinery in this project.

HIGHWAY SAFETY

The Second Prince member said highway accidents had become one of the leading causes of death both in Canada and the United States. He said there have been 150,000 more people killed in the U.S.A. in highway accidents than in all the wars in which the country has participated. There is a highway death every 15 minutes and someone is injured every 25 seconds.

Dr. Dewar noted that there were 15 highway fatalities in P. E. Island during 1956 or five times as many people were killed as died of tuberculosis.

He said there were a number of factors both physical and human that had a determining effect on highway accidents and felt it was time some study of the subject should be given more serious thought.

Dr. Dewar felt that perhaps the Police were concentrating a little too much on radar detection for catching speeders. He was of the opinion that members of the force spent too much time on the side of the road trying to trap motorists which he termed "sitting ducks' when more serious offences were going unnoticed. He admitted that he himself had fallen victim to police intervention and when asked by the officer where he was going Doctor, he replied "I'm going home" to which the officer replied, "you are the first doctor who didn't tell me he was on a hurry up call."

INDUSTRIAL DEVELOPMENT

Dr. Dewar felt that the industrial development picture on the Island was not good. "We are losing industry instead of gaining it," he said.

He made reference to the closing of many lobster factories as well as the discontinuance of operation of sawmills. He said most of the lumber is being shipped for pulp wood.

He said there was a demand for the processing of agricultural products and felt if something was not done in this connection many markets would be lost.

The announcements over the past year regarding the opening of a food processing plant at Sherwood were noted by Dr. Dewar who said these announcements have now, as seen by the Throne Speech, turned into regrets.

He cautioned that New Brunswick was taking away the potato processing and Nova Scotia had taken over the poultry business while Newfoundland was taking charge of the fisheries.

TURKEYS FROM U.S.A.

He complained that last Fall there were thousands of turkeys in the O'Leary district while at the same time restaurants in that area were serving turkey imported from the United States. In conversation with one woman, he was told she raised 200 turkeys at a net profit of $25 for the 200.

Favorable progress in the provincial highway program was noted by Dr. Dewar. He was not satisfied however with the difficulty experienced in getting minor jobs done such as filling in holes or getting bushes cut. He felt the Minister would be willing to cooperate and wondered if it were the fault of the engineers.

He hoped that the investigation into the causeway will reveal that the project is feasible and that something will be done as soon as possible.

FISHING INDUSTRY

In regard to the fishing industry, Dr. Dewar observed that a large percentage of the fisheries revenue had been obtained from lobsters He said he had no objection to seeing the lobster fishing flourish but at the same time expressed a desire to see the other phases of the industry developed.

As a solution to the problem, he thought more people should be encouraged to eat fish. He said that in the United Kingdom the per person consumption of fish was four times that of Canada.

Dr. Dewar congratulated the Minister of Welfare upon his appointment to that post. "You will recall that it was I who suggested his appointment at the last Session of the House and I am happy to see that the Government has followed my advice. You have an able Minister and I am pleased to note that you also have an able Deputy Minister," declared Dr. Dewar.

REGISTERS COMPLAINTS

The Second Prince member had some complaints regarding the payment of old age assistance in Prince County. He found that Prince County with a population of 37,000 was receiving $52,000 from this source while in Kings County with a population of 17,000, the amount paid for old age assistance was $60,000.

He made reference to an instance where an old lady came to him seeking old age assistance. He thought she was an eligible candidate and referred her to the Department in Charlottetown. The applicant was referred to a consultant who told her she was not eligible. "If you were eligible," he said, "you could not have walked in here" Dr. Dewar said the woman's disability was proven a few months later when she died.

It was stated by Dr. Dewar that the Department of Labor was under a handicap because of lack of legislation. He claimed that in comparison to England, the Island was 600 years behind the times.

He felt that something should be done to give labour a better deal. He said there was a considerable labour force on the Island and many of, these were trying to support a family on $30 and $35 per week. He urged the junior member from Charlottetown to continue his fight in the cause of Labour.

Minister Reviews

(Continued from page 1)

while measurements used in one problem were entirely unrealistic. He said as a result many students failed this examination who should not have failed and the percentage of failure on the whole was far too great.

"I believe the Examination Board can be of great service to the Province and that our system of examinations will be improved as a result of this Board being appointed by the Government," said the Minister.

It was gratifying to his Department to have the summer school course meet with such response from the teachers who are attending each year in increasing numbers, Mr. Clark continued. He stated that in addition to the regular teaching course, an opportunity was given to teachers to improve their academic standing by taking courses in a number of subjects. For example last year courses were offered in grade XII English, Algebra and Chemistry. Twenty-six teachers completed the academic courses, which he noted was a reasonable response for the first year.

In addition to the 115 teachers who attended the summer school classes at Prince of Wales, there were 54 who attended various universities outside the Province making a total of 169 who spent their summer vacation studying.

DISAPPOINTING

The Minister said that while the above facts were encouraging, the numbers entering the teaching profession continue to be disappointing. He said every effort should be made to encourage more young people to enter the teaching profession. However many young people do not feel the rewards, financial or otherwise, are sufficient to justify a special year of professional study.

"I wish to make reference to some very important changes taking place in regard to admission requirements by the Universities," said Mr. Clark, "also to certain changes being effected in the Arts and Science curriculum of these Universities as well as the entrance requirements to the study of medicine. I refer particularly to Dalhousie University."

"The entrance requirements are raised from 50 per cent to 60 per cent average mark with no mark less than 50 per cent in any required subject. The requirements for admission to the study of medicine were increased, from ten to fifteen classes in Arts and Science. That is from two to three years university study.

"It now takes three years premed and five years in medicine to complete the work for the degree of doctor of medicine.

LANGUAGE COURSES

Another significant change adopted, affects the teaching of languages. Latin is no longer a compulsory subject for an Arts degree. This has not been compulsory for some time at Toronto and Harvard. Students who do not study Greek or Latin at Dalhousie are required to take a course in classical literature in order to familiarize themselves with the heritage which Western culture has received from the Classical Civilizations.

"Latin has been dropped by many of the Maritime Universities as an entrance requirement, but is still required by others. For some years while accepting with sympathetic understanding the loss of Latin in smaller schools of the Province, I nevertheless viewed this change which was made several years ago with a considerable degree of anxiety.

"Until now, we appeared to have acted too hastily in a move spurred by necessity. The Department of Education had to make room for the teaching of science. My feelings now are considerably relieved to find that Maritime universities are now catching up with our standard of advancement.

"The fact is that the study of Latin, cherished by many who believed it was fundamental in any curriculum, has had to yield ground as the knowledge of the world accumulat- and makes changes necessary, even in the basic concepts of education."

VOCATIONAL TRAINING

Mr. Clark felt that the Vocational school was making a considerable contribution to the training of many young people in the Province. It provides an opportunity for those who wish to learn a trade or for those who wish to take a business course or become stenographers.

"Since this course of training differs from general education, the Federal Government has been providing assistance which is eagerly accepted by all Provinces. For the same reason a Federal member of Parliament recently expressed the view that the Federal Government should take over complete responsibility for this kind of technical education.

"A new agreement is being prepared. Under its terms this Province may expect additional assistance on a matching basis. We have received assistance amounting to $27,500, a portion of which did not have to be matched. However in practice, we more than matched the Federal grant and spent a total of about $64,000 including the Ottawa grant.

MATCHING EXPENDITURES

"On this basis we would qualify for about $32,000 next year to operate our present facilities. I expect the Federal Department of Labor may match expenditures with us up to about $45,000, a year for operational purposes.

"They will give us an additional $180,000 for capital expansion. However if we expand our facilities sufficiently to enable us to participate fully in this capital grant, the cost of maintenance would be expected to exceed considerably the $90,000 total which would mean the Province would again have to pay more than half the cost of oprration.

"I would be interested in the views of the members of the House as to how far they think we should go along with the Federal authorities in expanding our vocational training facilities. I believe your suggestions would make a real worth while contribution towards a basis for decision as to whether or not we should take advantage of the Federal offer of further vocational assistance"

See Ben-Gurion Winning Vote

JERUSALEM (AP) — Prime Minister David Ben-Gurion, faced with caustic heckling, Tuesday night defended in parliament his decision to bring Israeli troops home from Egypt and Gaza.

He said Israel's October invasion achieved its goal. The aim, he told the opposition, was deliverance of Israel from danger rather than conquest.

The white-haired prime minister was tired to the point of exhaustion as he faced up to bitterness and sarcasm shouted at this entrance.

Today he faces the opposition's motion of non-confidence, but his government is expected to survive.

Four hours before his speech, speakers at a mass rally here accused him of surrender and demanded that he resign.

As Ben - Gurion spoke, Israel's army made final preparations to pull out of the Gaza Strip and the Gulf of Aqaba, probably today.

Maj.-Gen. E. L. M. Burns of Canada, United Nations Emergency Force Commander, announced his forces will finish taking over by the weekend.

"I will not hide the fact that the government's decision was not an easy one and was not unanimous," Ben - Gurion told parliament, "but the government is responsible as a whole to the nation."

WARNS EGYPT

The 70-year-old prime minister warned Egypt and other Arab neighbors that any interference with Israeli shipping in the Gulf of Aqaba "will be regarded by Israel as an attack entitling her to use her inherent right to self defence."

MISCOUCHE

Sympathy is extended to Mr. and Mrs. Gauthier of St. Nicholas on the death of their son Adrian. He passed away in the Charlottetown Hospital on Thursday, Feb. 14. The funeral took place on Sunday, Feb. 17 in St. John the Baptist Church, Miscouche. Pall bearers were: Benjamin Arsenault, Cedric Gaudet, Alfred Gaudet, Alby Perry, William Perry and Joseph Gallant. Mass was celebrated by Reverend J.D. Kelly. Interment in the Church cemetery.

Edward Gaudet who is in the Royal Canadian Army recently arrived in Miscouche where he will spend some time with his parents, Mr. and Mrs. J.J. Gaudet.

On Thursday, February 14th., the regular meeting of Miscouche Home and School took place in the convent auditorium. Jerry Richards presided. Guest speaker was Mr. S.M. MacInnis, director of Visual Education, Mr. John Martin, director of National Film board also spoke at this meeting.

Mrs. Picton Brown of Miscouche recently left for Montreal where she will spend some time visiting friends and relatives.

Friends of Mrs. Albert Jeoffery, Miscouche, will be sorry to learn that she recently entered the Charlottetown Hospital where she will receive treatment for a broken ankle.

June Gallant and Erma Gallant, student nurses at the Charlottetown Hospital were recent visitors to Miscouche, guest of their parents, Mr. and Mrs. D.H. Gallant. BV

CASCUMPEC

Miss Wilma MacHugh, teacher of Cascumpec school spent the weekend in Alberton guests of Mr. and Mrs. Charles Gordon.

Mr. and Mrs. Ellesworth Thomas and son Barry, Coleman, visited with relatives in Cascumpec on Thursday, Feb. 28.

The sympathy of the community is extended to Mr. and Mrs. Harry Lewis. Thier son George passed passed away Feb. 27th at his home in Summerside.

Mr. Lawton MacLeod has returned to his home in Cascumpec having been a patient in the P. E.I. Hospital, Charlottetown for some time, where he underwent surgery on his leg.

Miss Jessie MacNevin, teacher of Fortune Cove School, spent the weekend at her home in Cascumpec.

Mr. and Mrs. James Thomas and daughter Rhonda, accompanied by Mr. and Mrs. Albert Leard Coleman, were visitors to Summerside Friday, March 1. They also visited Mr. and Mrs. Heath Leard, Central Bedeque.

Mr. and Mrs. Harry Thomas and two daughters Linda and Margaret were business visitors to Alberton, Thursday, Feb. 28.

Mr. and Mrs. Ray Murray recently visited with relatives in Mill Road.

Mrs. Firth MacNeil recently spent a few days in Unionvale, guests of her parents, Mr. and Mrs. Bruce MacDougall. CV

been spending some time in Toronto, is now visiting relatives and friends in O'Leary and vicinity.

Mr. and Mrs. Lorne Luxton accompanied by Mrs. Victor Forester of Ottawa and Mrs. Luxton's father, Mr. Harvey Adams, Knutsford, were visitors to Summerside on Monday afternoon.

Mr. and Mrs. Raynell MacNeill, Mt. Royal, were visitors on Saturday night at the home of Mrs. Alvin Costain in Cape Wolfe.

The many friends of Roy Cornish are sorry to hear that he had the misfortune to fall on the ice while skating, breaking his ankle.

Miss Ellen Cornish, nurse in training in the Prince County Hospital, Summerside, spent a few days with her parents, Mr. and Mrs. Arthur Cornish, in Mill Road recently.

N. Y. STOCKS

NEW YORK (AP)—The stock market punched - out another limited advance Tuesday in routine style.

It was the market's third-straight daily rise since Friday when Israel announced it would withdraw from Egyptian territory.

The market was active and higher at the start and extended its gains for a while. Then some rises were fattened and it looked as if the rallying phase were coming to an end. But rails started an advance of their own and chemicals joined in, lifting the market well to the plus side by the close.

The Associated Press average of 60 stocks rose 60 cents to $174.30.

Gaining Canadian stocks on the New York Exchange included Granby Mining and International Nickel, both ahead ½, Walker-Gooderham, up ¼ and Canadian Pacific up ¼. Down were Distillers-Seagrams, off ½, Hudson Bay Mining, ¼ lower, and Dome Mines off ⅛.

Among Canadian stocks on the American Stock Exchange Preston East Dome was off 3-16, Shawinigan ¼ and Canadian Marconi ⅛.

Grain

WINNIPEG (CP)—Best activity in trade Tuesday on the Winnipeg Grain Exchange was in flax and rye.

Flax trade uncovered export orders and buying by United States houses, with sales noted to the Continent. Prices showed a firm trend with light hedges and other selling well absorbed.

Rye prices were erratic in early United States interests. Rallies in trade with selling attributed to the United States markets were reflected in the Winnipeg trade and prices firmed.

Lakehead prices for class two, IWA and domestic wheat were all unchanged.

Closing prices:

Oats: May 74⅝; Jly 74b; Oct. ⅞.

Barley: May 1.00; Jly 99¼a; Oct 98¾b.

Flax: May 2.90; Jly 2.85⅞-2.86; Oct. 2.79¼.

Rye: May 1.24¼; Jly 1.23⅛; Oct. 1.22⅝b.

Prices for class two wheat for export to countries outside IWA: 1 Nor 1.68⅜;
