Canada's minister of agriculture, Hon. Harry Hays, will address a public meeting in Charlottetown on Wednesday, July 22. The meeting will be held in the Community Centre, beginning at 8:30 p.m. During the afternoon, the P.E.I. Liberal Association will hold its annual business meeting.

**Repair Jobs On Aircraft Not Sighted**

OTTAWA (CP)—The government has no immediate plans for new work at the Charlottetown plant of Snares and Beating Company, Defence Production Minister Drury informed Health Minister Harris (P.C.—Queens) in a Commons return Wednesday.

Mr. Drury said the company holds one subcontract from Canadian Limited, Montreal, for repair of 12 Sabre jet fighters. This work was being completed this month and there wouldn't be any more because the RCAF was in the process of taking the Sabre out of service.

The company plan began repair work on Sabres in March, 1961, and since then has overhauled 54 Sabres and four Lancaster bombers in a common return Wednesday.

The Lancaster ended its RCAF career in April.

**Stalin Grab Sparks Issue In Romania**

By HANS BENEDEK VIENNA, Austria (AP)—A former Romanian territory that Stalin seized during his brief alliance with Hitler appears to be a new trouble spot in strained relations between Romania and the Soviet Union.

Diplomatic sources reported that the Romanians have told Moscow they would like to have Bessarabia back or at least autonomy for its Romanian population.

The issue is said to rank high in the secret talks between Soviet leaders and the visiting Romanian Premier, Ion Gheorghe Maurer, who went to Moscow more than a week ago on what was described as a friendly visit.

Diplomatic sources feel that the timing of the Romanian demand may trigger a border dispute involving the two neighbors at the height of their differences over economic integration.

The Romanians are eager to become Eastern Europe's foremost industrialized nation with the help of strong trade ties with the West. They openly opposed Soviet schemes to assign them a largely agricultural role in a Moscow-controlled integration under Communism.

The area in dispute covers 18,000 square miles of fertile corn and cattle country known as Bessarabia and the Bukovina.

During the Second World War, Hitler and Stalin in 1940 agreed to re-design their East European power spheres under a treaty that allowed Stalin to invade Bessarabia.

The Romanians came back a year later as Hitler's allies but in 1944 the victorious Soviet army returned to Bessarabia to stay. The territory was split between the Ukrainian and Moldavian Soviet republics.

Diplomatic informants say the Bucharest government complained that the Romanian ethnic group, comprising nearly 65 per cent of a population of about 2,000,000, is worse off economically and socially than the average Soviet citizen.

The use of the Romanian language is restricted and emigration to Romania is almost impossible.

Observers feel the Russians are not likely to surrender the territory.

OTTAWA (CP)—Kelvin Alexander, 25, of Ottawa, roller skated continuously for 64 hours and 12 minutes during the week-end. His feat has been claimed as a North American roller-skating endurance record. The former mark of 56 hours and 29 minutes was set by him at the same rink in nearby Eastview last year.

POTS FLOWERS  
A Danish firm is making 1,000,000 flower pots a day and exporting them to 25 countries. The pots are made of peat and can be replanted intact.
