LECTURE.—Prince Street School Lecture course: Remember the Rev. Mr. Withycombe, of Summerside, will deliver his popular lecture on Newfoundland, illustrated with stereoscopic views on Tuesday evening the 11th inst. Besides the lecture there will be musical selections—a good subject, a good lecturer, and in all of a good cause. The speaker should ensure a good audience.

GET ONE.—The Prince Edward Island Magazine is for sale throughout the Island at the following places. Price 5 cents:—
 Georgetown—Hon. D. Gordon's.
 Summerside—Small & Bearisto's and D. K. Currie's.
 St. John's—D. Sutherland's.
 Mt. Stewart—Gordon Douglass'.
 Montague—F. S. Macdonald's.
 Cardigan—L. H. Owen.
 Alberton—G. S. Mutart's.
 Tignish—J. A. Brennan's.

DEATH AT BURGO.—On the 5th inst. there passed peacefully to rest an old and respected resident of Upper Burgo, in the person of Geo. W. R. Bowdridge. He had been ill since about Christmas last, and at the time of his death was 79 years old. Mr. Bowdridge was well known in St. John's, where he did business for many years. His wife survives him, as also several sons and daughters, to whom the News extends its sympathy.—St. John's, Nfld. News.

A WONDERFUL CHILD.—A Lake City, Iowa, despatch says: Viola Rosalia O'Leary is only two years old yet she is possessed of the gravity of a woman, and her face is mature and intellectual. Viola is very pretty and is the daughter of Mr. and Mrs. Henry O'Leary. When Viola was one year eleven months and twenty-five days old she passed an examination before two competent teachers. At that time the child knew not less than 3,000 substantives. The precocity of the child was manifested almost from her birth, and when she once began to learn she learned so rapidly that her parents were scarcely able to keep pace with her. Viola has a scrap book in which are pasted the pictures of 1,000 various objects, and she can tell the name of any one of these by looking at the pictures. She is also able to read a number of simple sentences.

THE LATE MRS. McVARIISH.—The remains of this esteemed lady, who died in Lynn, Mass., a few days previously, were re-interred for a few years, accompanied by her son Wallace and one of her daughters who resided there, and also a Miss Maggie McVarith a relative, crossed in the Steamer to Georgetown where a conveyance was on hand that brought the whole party to St. Peter's, the deceased lady's home. A host of friends and acquaintances came there to visit the remains of one who she was loved and esteemed for her many good qualities when she lived amongst them. Her remains were next morning conveyed to St. Andrew's, where a Requiem Mass was celebrated by Mgr. McDonald on her behalf, who also performed the funeral services at the interment.

The man with a weight on his leg can't hope to win in the race. A man with a weight on his life can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all the sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is not Argument, and Facts are Stubborn Things.

Stomach troubles are so common and in most cases, so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made for their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach trouble because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headache, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere a 50 cents per package. Address: F. A. Stuart Co., Marshall, Mich., for little book of stomach diseases, sent free.

A Good Watch
 Is ruined, not by time, but by bad handling.
 Properly cared for, it would last a lifetime.
 To run well it should be wound regularly, and cleaned at least once every 18 months, as in that time the oil will have lost its lubricating qualities and the wheels begin to wear.
 We do good watch repairing and charge moderately.
