Balancing Act: Rejection of Kennedy's Proposal Likely

By LEWIS GULICK WASHINGTON (AP) - The United States will probably regard as unacceptable a Soviet package deal for a limited nuclear test ban and a NATO-Warshaw Alliance non-aggression pact, U.S. officials said Wednesday.

This reaction to Premier Khrushchev's new proposal was given to reporters following two meetings by President Kennedy with top advisers and state department consultations with envoys from Britain, France and West Germany.

In a major East Berlin speech Tuesday, the Soviet leader proposed an East-West agreement to outlaw atomic testing except for underground shots and a non-aggression pact between the North Atlantic and European Communist military alliances.

U.S. officials said after the strategy meeting here that it is not clear from Khrushchev's remarks whether he proposed an inseparable package combining the two issues, but if he did the United States would probably deem this unacceptable.

The non-aggression pact proposal involves a matter which all the NATO allies would have to consider, not just the United States.

The United States and Britain favor a comprehensive treaty banning all atomic testing, including underground, enforced by effective controls. But they have offered a partial ban against testing in the atmosphere, in space and underwater in the past and the United States still believes this would be a

Pressing Need for S'ide Lobster Season Extended 2 Days

By FARMER TISSINGTON Ottawa Bureau, The Guardian CAPITAL - An action that amounts to adding two extra days to the lobster fishing season in districts 7B and 7C was announced here Wednesday by Fisheries Minister H. J. Robichaud.

He pointed out that as the official end of the season in these two southern Gulf of St. Lawrence areas terminates at midnight on Saturday, July 6, fishermen will be allowed until midnight on Monday, July 8, to lift their traps. Fishermen will now be allowed to leave their pots in the water in these two areas over Sunday and can take any lobster caught in the pots up to midnight on July 8.

Area 7B includes the waters off the New Brunswick counties of Westchester, Gloucester and Northumberland.

District 7C takes in all waters surrounding Prince Edward Island, except those in Northumberland Strait off Prince County, as well as the inshore waters off the Nova Scotia counties of Inverness, Antigonish, Pictou, Colchester and part of Cumberland.

Quebec And National Records May Be Near Parting Ways

By KEN KELLY OTTAWA (CP) - The national council of the Social Credit party held sessions behind closed doors Wednesday in what amounted to a final break-up of the party's Quebec wing.

Mr. Caouette, also leader of the party's Quebec wing, the Ralliement des Creditistes, was said by party sources to have delivered what amounted to an ultimatum to the council, governing body of the party between conventions.

He is said to have demanded resignation from the council that during the last month, Quebec MPs have power to conduct affairs in Quebec without being accountable in any way to the national office.

Mr. Caouette's ultimatum was said to be a demand for the party's Quebec wing, the Ralliement des Creditistes, to be dissolved and its members to be absorbed into the national organization.

Commander Headed by Air Commanders Station

By LEWIS GULICK OTTAWA (CP) - Canadian farmers received a near-record \$57,400,000 in government income from farming operations in the first quarter of 1963, the Dominion Bureau of Statistics said Wednesday.

The total was up 10 per cent from last year's corresponding total of \$56,100,000, and only 0.6 per cent below the \$60 record set in 1959.

The increase in cash income was attributed mainly to higher returns from the sale of wheat, coarse grains, potatoes, cattle and calves, and poultry products, and to increased Canadian Wheat Board payments. Small gains were also recorded for hay, fruits, vegetables, tobacco and dairy products.

All provinces showed an increase in cash income from farming operations in the quarter.

Gains included Nova Scotia, about four per cent; Quebec and Ontario, about seven per cent; New Brunswick, 10 per cent; and Prince Edward Island, about 26 per cent.

Foundation Lacking

"There just isn't enough foundation. A proper Leninist court has not been set up," said a Communist Party spokesman here Wednesday.

Mr. Caouette returned to Parliament after almost five weeks absence Tuesday. He told reporters he suffered "a kind of nervous breakdown" brought on by the strenuous 1962 and 1963 election campaigns and that he will take another three or four months rest.

House Debates Pan On Student Allowance

OTTAWA (CP) - The Liberal government's intention to extend family allowances to students beyond age 18, Acting Prime Minister Chretien said Wednesday.

But he didn't say when.

Under opposition attack, the Mr. Chretien said there was no immediate action on the measure, such as "as soon House as we take office."

Rather, he indicated it was part of a four-year program. The minority government has been in office for two months, he said. Already it had placed a long list of proposals before parliament and he kept its steps to take more constructive steps in that period than any government in history.

"Everything cannot be done overnight," he said. "The House will have to wait."

Mr. Chretien spoke after J. A. Abel (Le-Cochrane) said the government would act on its promise once the most pressing economic problems of the country are solved.

The issue arose as the House continued to debate a government supply motion raising the national grievance procedure. WOULD REDUCE DROPOUTS
