

THE PEOPLES' CANDIDATES

QUEEN'S COUNTY: Brecken and Jenkins. PRINCE COUNTY: Hackett and Rogers. KING'S COUNTY: McDonald and Muttart. THE DAILY EXAMINER. JUNE 17, 1882.

ELECTORS, can you vote for the men who applaud the Leader who said:

"I think we have done very well by the Island, and we have carried out the Terms of Union to the utmost possible extent."—ALEX. MACKENZIE, May 10, 1882

ELECTORS, can you vote for the men who follow the Leader who said:

"For P. E. Island the Receipts were \$1,596,000. The Expenditure \$2,624,000—the Deficit (that is the loss to Canada) \$1,027,000."—Edward Blake.

QUEEN'S COUNTY.

DURING the present week meetings have been held at Winsloe Road, Brackley Point, Saw Mill Bridge, West Covehead, Wood Island's, O'Connell's Cross, Eldon, Montague Cross, Pisquid Road, Ten Mile House, Mount Stewart, and other places. Mr. Brecken was accompanied by Dr. McNeill (representing Dr. Jenkins), and Dr. Jenkins, by the Hon. Donald Ferguson. Several other prominent Liberal-Conservatives took part in the discussion. Judging by the feeling evinced all over the county, the election of Messrs. Brecken & Jenkins, of which there was never much doubt, is now assured.

Young Men of Queen's County

Will you poll your votes for the man who gave his vote in the Dominion Parliament in favor of a law to disfranchise all of you, and thereby deprive you of having the honor or privilege of giving a vote in your native country. The man guilty of this cruel act, against your birth-right and your liberty, is DAVID LAIRD. We ask you, therefore, young men, will you mark your ballot next Tuesday in favor of David Laird?

Liberal-Conservatives of Charlotte-Town.

Acquit yourselves like men. Vote the square ticket for your Party. Teach your opponents, on Tuesday next, a lesson which they will not soon forget. Show them that you possess all the energy, the power, the influence, the intelligence and the strength of bygone days, and that you are as capable of achieving a glorious victory as ever you were. Remember the past. Stand by your standard bearers. A glorious victory awaits you!

Information Wanted.

The husbands of Davies' grass widows. Where are they? Did they go to Free Trade England, or to the highly protected United States?

Electors of King's County.

REMEMBER that Dr. McIntyre voted against placing tea on the free list, and in favor of placing a high duty upon it; and do not forget that he voted against reducing the duty on kerosene oil; and bear in mind his action with respect to O.D. mohu. On the other hand, remember that Dr. Muttart is one of the most attentive and painstaking representatives who sat in the House of Commons during the past four years; and do not forget that it was largely to his exertions that the people of the North side are indebted for Campbell's Cove Breakwater; and bear in mind that he was ever ready and willing to promote, as far as possible, the interests of all his constituents without respect to Creed or Person. Vote Square. Vote for McDonald and Muttart.

Electors of P. E. Island

Support the men who support what one of the most independent men in this country calls "the best Government Canada ever had."

Straws.

One who was present at the Souris meeting, says:—"The Patriot, that truthful cotemporary, of the 13th inst., contains one of the most malicious, scurrilous, falsified accounts of the Souris meeting that the half-witted genius of those employed, could possibly arrange. Such a base misrepresentation of facts I don't think ever appeared in print before."

A DISGUSTED LIBERAL at Souris, writes: "It is an actual truth that some fifty Liberals have seceded from their party, and identified themselves with the Liberal-Conservatives, as the result of the rowdiness practiced at the Souris and St. Peter's meetings."—Actions speak louder than words.

A SOURIS elector writes:—"Macdonald and Muttart never stood higher in the estimation of the people of King's County than at present."

A West River farmer writes:—"The canvass is going on gloriously. From day to day we are gaining ground, and the more discussion the better. Some Grits avoid discussion; they don't like the music. Brecken & Jenkins, I believe, will be elected by a good majority."

QUEEN'S COUNTY

Meeting at Mt. Stewart

FAVORABLE TO Brecken & Jenkins!

Special Dispatch to the Examiner.

MOUNT STEWART, June 17. The meeting here last evening was attended by over three hundred electors; and the feeling of the meeting was strongly in favor of BRECKEN AND JENKINS.

KING'S COUNTY.

Meeting at Byrne's Road.

UNANIMOUS FOR MACDONALD AND MUTTART.

MEETING AT MORELL

Largely in favor of the Government Candidates.

Special to the Examiner.

BYRNE'S ROAD, June 17. The meeting at Byrne's Road, yesterday, was unanimous for McDonald and Muttart. The Opposition Candidates knowing the feeling in this section, declined to put in an appearance.

The meeting at Morell, last night, was a large one; and was addressed by all the candidates. On a division being taken, three-fourths of the electors present, declared for McDonald and Muttart. The Government party are confident of success, and the supporters of the Opposition now admit that Robertson will be badly beaten.

ENTHUSIASM IN ONTARIO.

a Majority for Sir John Assured.

Successful Meetings!

Special to the Examiner.

OTTAWA, June 17. Everywhere in Ontario the Conservative meetings are well attended. The electors are determined to make every effort to give Sir John a large majority in this Province. The electors in Carleton, who are largely Conservative, have passed resolutions to give the Chief of the great Conservative Party of Canada—Sir John Macdonald—a splendid majority. Immense meetings were held in Toronto, and in every city in Ontario last night, to test the strength of the Government supporters. The result is very gratifying to the Government.

Weather Bulletin.

Probabilities for the next 24 hours for the Maritime Provinces.

TORONTO, June 17—10 a. m. Moderate winds and fair weather.

THE Rev. Fr. Leeming, "the Australian orator, etc., who lectured a few weeks ago in Boston on "The Hypocrisy of the Church of Rome—the Roman Clergy the Servants of Anti-Christ," on last Sunday "took back" all he had said in the former speech. He said that his intention had not been to cast any reflection on the general character of the Catholic Church, he having had in view only the hypocrisy of certain individuals—lay and clerical—who, from the 10th to the 16th centuries, according to Catholic authors, were a disgrace to the Church to which they belonged. Even those remarks, the lecturer claimed, were intended only to apply to the Catholic body in England and not to the membership of the Church in general.—Boston Pilot.

THE barkentine "Ethel Blanche," McLennan master, sailed for Liverpool, G. B., on the 17th inst., with the following cargo:—992 pieces birch timber, containing 14,640 cubic feet; 5,065 pieces deals and ends, containing 100,500 feet (superficial measure), shipped by Peake Brothers & Co. 77 cans lobsters, shipped by Robert Bell; 98 cans do, by James Hughes; 1 trunk, 1 box, personal effects, J. J. Davies; 1 part of mill stone, 2 hoops, 5 iron boxes, by Dodd & Rogers.

Mr. Laird appears to think that he is in the United States, running an election as Candidate for Governor, and produces testimonials of character from the best parties he served in that capacity. Testimonials from the parties he has served as a Legislative Representative, (say from Belfast) would be more to the point on the present occasion.

The Khedive has expressed a hope that 18,000 Turks will be shortly on the way to Egypt. After the reception he held yesterday he informed the Europeans that he had divided the town into districts and had made an officer responsible for each. He said 430 ringleaders of Sunday riots had been arrested and would be placed in a ship in the harbor where they will be well guarded.

Who did nothing for the Island during the five years they were in power?

LAIRD, YEO, PERRY, MCINTYRE.

Improvements at Crapaud.

To the Editor of the Examiner.

SIR,—Through the columns of your very influential paper, I want to ask the farmers of Lots 28, 29 and 30, on the eve of an election a few questions. In the year of 1876 was not the dredge boat "Prince Edward" sent to dredge the Harbor of Crapaud? After being some time in the Harbor was she not taken away, the work only half done, and you farmers had to come to the wharf and put your oars into small schooners and send them to the Basin, and thereby lose one or two cents a bushel? In fact under the Liberal Government your interests were entirely neglected. Is it so now? We will just ask the farmers how their interests have been attended for since Sir John A. Macdonald's Government came into power, and since we have had Messrs Brecken and Pope to represent us? Answer. The Dredge was sent here one summer. She did not finish the work. The next summer she was sent back and ordered to remain until she did finish, and the Dredge Boat did stay and finish the work, and made a complete job. The result: Large vessels can come to any one of three wharves and load up, and proceed to sea from the wharves instead of coming to anchor in the Basin. The farmers get full price for their oats and do not have to stand around in the lee of buildings waiting for small schooners to come to the wharves and then lose a cent a bushel. Who have you to thank for those accommodations? Not the Liberal Government, nor David Laird. At that time he was pocketing big fees as Governor of the North-West, some \$7,000 or \$8,000 per year, and Brecken looking after your interests, gentlemen, and receiving only \$1,000 per year.

Brother farmers, for whom should we vote on the 20th of June?—For David Laird, who forsook you, never issued a card thanking the electors for making a man of him? It was not David's ability placed him in the position, it was the electors of P. E. Island; and then his treachery in forsaking them for the greed of office! In the gentlemen seeking our suffrages, there is a vast difference. Laird and Davies have the money made out of politics, and Brecken and Jenkins have no money made out of politics.

Laird and Davies have looked after their own interests with a vengeance! Brecken and Jenkins have been looking after the interests of the public. The Public Works show it. The public are reaping the benefits, while Brecken and Jenkins have not had the brass to look out for Number 1, in the shape of big fees. I do not say they are poor; but I do say that they have not made any money out of politics, and the farmers of Lots 28, 29 and 30 know it, and will show it on the 20th of June, by rolling up the largest vote ever polled on the Island for the Liberal-Conservative candidates.

Yours truly, A FARMER.

June 16th, 1882.

Grit Candidates at Long Creek.

To the Editor of the Examiner.

SIR,—I won't vote for him now, as I had out to do," said a respectable farmer at Long Creek, after hearing Mr. Davies state that "what Mr. Blake meant by saying 'free trade was impossible,' was that absolute free trade was impossible; because some of Mr. Blake's opponents were charging him with advocating absolute free trade; and what Mr. Blake meant by moderate protection was, that the protection under the Cartwright tariff was ample to protect manufacturers." Such a disgraceful insult to the intelligent electors of Long Creek in presuming they were too ignorant to know the difference, has cost L. B. Davies not a few votes and the electors here can read for themselves. David Laird, or "Section XI," as he is generally called here, said: "The working men here cannot buy flour, living on corn meal instead, on which the duty per barrel is forty cents."

Yours truly, JIM.

June 15, 1882.

"Not so Green."

To the Editor of the Examiner.

SIR,—The intelligent electors of this Province will, on Tuesday next, mark their ballots in favor of Sir John Macdonald's Government, and thereby secure for themselves a representation in the Parliament and Government of the Dominion for the next five years. The taxpayers of P. E. Island are not so green as to vote for men representing a hopeless Opposition.

Yours, ELECTOR.

To the Editor of the Examiner.

SIR,—Some time ago, the Patriot very improperly used the name of the Benevolent Irish Society in order to prejudice the Liberal-Conservative cause, by insinuating that the Government refused favors to the Irish Society which it granted to other similar bodies. This was promptly contradicted by the President, only to call forth a letter purporting to be signed by a member of the Society, throwing doubt upon the veracity of Mr. Byrne's statements. On Saturday evening last, the Society held its regular quarterly meeting and unanimously passed a resolution endorsing Mr. Byrne's action, deprecating the introduction of the name of the Society into political discussions. This resolution was ordered to be published. It appeared in THE EXAMINER, and was handed to the Patriot for publication; but an notice what-

ever has been taken of it. If it is published at all, it will most likely be after the election, when the mischief the Patriot calculated to do, by insidiously introducing the name of the Society into a gross misstatement, shall have been done. This is making the amende honorable from a Grit standpoint. Is it fair or manly? IRISHMAN.

To the Editor of the Examiner.

DEAR SIR,—On Tuesday next, the electors of Queen's County will decide their choice of representatives to watch over the Island interests in the new Dominion Parliament. Whether or not it is their will and pleasure to select men who will assist in maintaining the present prosperous state of the Dominion, or fall back on the effete and incompetent policy of the Opposition. There is an old saying—"Deeds show,"—and there certainly is a glaring contrast between Grit deeds and the handsome surplus which successfully crowns the effects of the National Policy.

The political character of the Liberal-Conservative candidates is so well known it needs no repetition. Messrs Brecken and Jenkins show a clear record.—Can we say the same of their opponents?

LAIRD, Rapacious—Unscrupulous—Egotistical—Self-seeking—A Political Blunderer.

To select Davies and Laird would be committing a political blunder. The obvious select men who will be repeated for, this time cannot produce grapes, nor a bad cis ters good water. Our best plan is—don't trust them.

Yours truly, VOTER.

Tricks that are Vain.

To the Editor of the Examiner.

SIR,—The letter of Mr. P. P. Gillis, in last evening's EXAMINER, showed one of the dodges resorted to by the Opposition to swell the list of names attached to the nomination papers of Messrs. Laird & Davies. This exposure of this little trick led me to scan the list published in Wednesday's Patriot, and I find that, in order to make a big display, the names of several gentlemen have been repeated.

Yours, CITIZEN.

To the Editor of the Examiner.

SIR,—My attention has been called to a letter from Mr. P. P. Gillis in yesterday's EXAMINER, in which he complains that his name has been printed among the signatures to Mr. Laird's nomination paper. If Mr. Gillis will look at the Patriot of the 13th inst., he will find that in the separate lists there published, his name appears as one of Mr. Davies' nominators, and not as one of Mr. Laird's. The lists were published in part on the 13th, under my own supervision, but owing to the lateness of the hour at which the nomination closed, I was unable to have the complete lists published that day, and left instructions to publish the remaining names on the 14th, when, instead of being published separately, as I had intended, the method adopted by THE EXAMINER, viz: of publishing all the signatures in one list was pursued. In this way some five or six gentlemen among whom were Mr. Gillis and, if I remember rightly, Mr. F. McKenna, Mr. P. Halloran, and one or two others, who had signed the nomination paper of one candidate only, came to be published in the same list with those who signed both papers; but if they refer to the separate lists, published on the 13th, they will find their names are correctly reported. As you are aware, sir, the majority of Reform electors in this County and Island over their opponents is so great that it would be utterly unnecessary for them to have recourse to what you are pleased to term a "mean shift," even if such resort were not, as it is, opposed to the principles and practice of the party led by Hon. Edward Blake.

Yours, etc., A. B. WARBURTON, Secretary Reform Association. Ch'town, June 17, 1882.

Lost! Lost! Lost!

WHILE canvassing for McIntyre and Robertson around Elmira and North Side on last Church Holiday (Corpus Christi), the undersigned lost a brand new overcoat containing a full and complete assortment of Grit pamphlets and general Grit literature, and my speech, which I intended delivering, at the Souris meeting on Saturday evening (had I not lost it); also several hundred pamphlets of Blake's speeches, which I was delegated to circulate. The finder will be rewarded with the promise of a good fat office (providing he is a Grit) by leaving same at Reform Committee Rooms, or residence of P. Adolphus before the election. THE TROTTER STALLION

SIR EDWIN is a Bay Stallion about 17 hands high, foaled in 1869, bred by Edwin Thorne of Thornedale, New York, and imported to P. E. Island in 1880. Farmers! Here you have an opportunity which you never before had to breed to a pure bred Hambletonian, a grandson of the unrivaled Volunteer, whose service fee is \$500 and nephew to St. Julian, King of the Turf, and sired by a cousin of Maud S., Queen of the Turf, the fastest trotter that ever lived, and the wonder of the world. With such breeding as this it will be remarkable if Sir Edwin's colts do not develop into wonderful trotters. Sir Edwin's pedigree, as published, is hereby guaranteed, and if any person can show it to be incorrect, he can have the services of Sir Edwin free of charge. Sir Edwin will be at my stable, Kensington, at all times during the season except the last week in July, when he will stand at Alberton. GEO. B. SIMS. Kensington, P. E. I., June 16, '82—1w
