SPECIAL DISPATCHES TO THE EXAMINER.

Ministerial Movements.

ANNAPOLIS, Oct. 4.

Sir John Thompson and Hon. C. H. Tupper arrived this afternoon at 2 o'clock. A large company met them at the station. They were driven to Hillsdale House where they received a large number of their friends during the afternoon. The streets are alive with the crowds going to the rink where addresses are to be presented and speeches made. All day the town has been decked with bunting, not a few liberals taking part in showing honor to our distinguished visitors.

Ottawa Notes.

OTTAWA, Oct. 4.

The Minister of Customs is expected to return on Monday. During his tour through the Northwest he has been convinced that the vigilance of the police will save the necessity for increasing the customs staff on the boundary. He also visited the Mormon colony, and is satisfied that polygamy is not practised in their Canadian settlement.

A session of the Exchequer Court will be held at Halifax, on November 18th.

More Poisoned Candy.

ST. JOHN, N. B., Oct. 4.

It was learned this morning that a fourth box of poisoned candy had been sent to Rev. John L. Shaw, a retired Baptist minister. One of the children ate of it and was very sick, but is now all right again. Each piece of candy has enough strychnine on it to kill, and some pieces had been punctured and crystals put inside. There is great excitement in the city over the matter, and the coroner and police are doing all in their power to discover the perpetrators. It is generally believed that it is the work of the fiend who operated in Galt.

The Vigilants Again.

HELENA, Montana, Oct. 4.

The figures "3.77," the warning of vigilants, were chalked on street corners and printed in the evening papers yesterday. This call for a return to the methods of early days was occasioned by the discovery of four fires in as many houses the night before in the heart of the business section. The incendiaries are evidently the same gang who have been in the Northwest towns during the summer, and to whom the big fire in Butte last Sunday is attributed.

LETTERS TO THE EDITOR.

Cruelty to Ida Gray.

Sir,—I think it a matter of deep regret that the Charlottetown circuit races, which were in all other respects remarkably well conducted, should have been marred by an act of the grossest cruelty to a horse, viz: Ida Gray. This unfortunate creature, whose foot was badly injured by a nail in a railway car, while on her way to this city, was driven round the course by a driver, whose ill-treatment was only equalled by that of the members of the race committee, who stood by and witnessed the cruel proceeding. It is said that had it not been for the injured foot, Ida Gray would have easily won the race in which she was a competitor. The pain of being defeated, which, added to the physical agony arising from the wounded foot, must have been intense. Several of our leading citizens have spoken very strongly to me on the matter, and they are of the opinion, which I indeed hold myself, that punishment should be meted out to somebody. Had I been on the ground at the time of the race, I should have entered a respectful though firm protest against such a cruel and inhuman act, and I am sure that many witnesses, alas, in silence and, perhaps, indifference.

FRED. E. J. LLOYD, President S. P. C. A.

PROWSE BROS., THE WONDERFUL CHEAP MEN.

We would like to make closer figures, but we can't do it. There is no more room for reduction. To cut down the selling price a little more would be to cut into the cost price, and that would be digging the ground from under our own feet. Already we are too close for comfort to the cost mark, and must sell lots of goods at those prices to make it pay, but the more we sell the cheaper we can sell; so if you want the price cutters to rule, patronize the price cutters. They work in your interest; they save you money. If you don't want the best goods for the lowest money then stay away from
