Sponge crepon at Beer Bros.

March came in like the proverbial lamb.

I. O. O. F.—St. Lawrence Lodge to-night.

The Mail train arrived in the city about half-past three this afternoon.

Attend the lecture and concert in the A. O. H. Hall on Friday evening next.

The Stanley will resume work on Monday, March 9th, leaving Georgetown at 7 o'clock in the morning.

Lecture.—Do not forget Mr. A. A. Bartlett's lecture in the Sabbath School of the First Methodist Church on Tuesday, 3rd March.

No Skating To-night.—On account of soft weather the rink will not be open this evening. There is quite a lot of water on the ice and it is not fit to skate on.

Dominion Blend Tea registered. Selling agents: Charlottetown—Beer & Goff and Stewart & Gates. The purest blended tea. m2 1 w

New Ceiling.—We understand that the ceiling in the First Methodist Church is to be replaced by a new one of oil-finished panelings. The cost of the new ceiling will be about $1,800.

Lenten Sermons. — In St. Dunstan's Cathedral last evening, Rev. Dr. Morrison delivered the second of his series of sermons on "Religion," the first of which was given on the previous Sunday evening.

The Date Changed. — The drawing room entertainment in aid of St. Paul's Church Organ Fund will be held at Mrs. Palmer's to-morrow evening, instead of on Thursday, as announced on Saturday.

Englishmen's Night.—England's poets in Upper Methodist Church, under the auspices of Epworth League, will be illustrated by recitation and song. Reserve Thursday for same. Doors open at 7.30; lecture at 8 p. m.

Lecture at Fredericton.—J. H. Bell, M. P. P., Summerside, is to lecture in Fredericton Hall on Tuesday evening, 10th March, at 7 o'clock. Admission 10 cents. Proceeds in aid of hall. Subject, "A Tramp Round the World." dw

The Kindergarten.—His Honor the Lieutenant Governor and Mrs. Howlan paid a visit to the Kindergarten this forenoon. They were welcomed by a class of forty-four bright and happy toddlers, who greeted them with a children's song. The children went through a number of games and exercises, greatly to the delight of their distinguished visitors.

An Omission Supplied.—In the report of the fraternal visit to Mayflower Division in our issue of Saturday the names of Misses Munn, Moore and Hodgson and Mr. Weeks were omitted. They took part in a colloquy, which was the crowning feature of the evening. The audience was delighted with the manner in which the different parts were rendered. The members of Acadia Division also gave a dialogue, which was a credit to those who took part.

Police Court.—This forenoon the Scott Act summons against Catherine Collings was dismissed. The cases against Angus Deroche, Patrick Trainor and Eliza Mitchell were adjourned. Henry Clinton was fined $5 or 30 days for drunkenness. Donald McInnis was fined 5 cts. and $1.28 costs for using abusive and provoking language towards Joseph Steele. Two persons were fined $1 or 5 days each, the one for drunkenness and the other for interefering with the police.

For the Organ Fund.—A pleasant evening may be spent at the residence of Mrs. Edward Palmer on Tuesday (to-morrow) evening at 8 o'clock, where Mrs John Richards has kindly consented, for the benefit of St. Paul's Church Organ fund, to give a short sketch of her "Reminiscences of the Pacific." Vocal and instrumental selections will be rendered during the interval. A limited number of tickets may be procured at Dodd's Medical Hall or from members of Organ Committee. Price 50 cents.

B. I. S.—At the annual meeting of the Benevolent Irish Society held on Sunday afternoon, the following officers were elected for the ensuing year:

Patron—James Reddin, (re-elected).
President—Peter McCourt, (re-elected)
First Vice-President—P. F. Doyle.
Second Vice-President — Thos. Driscoll.
Treasurer—James Egan, (re-elected).
Secretary—Patrick McQuillan.
Sergeant-at-Arms — John Bolger, (re-elected).
Charitable Committee — Patrick McCarey, (re-elected). Wm. Cantwell, Jos. Hennessey, John Maddigan, Martin Walsh
Marshals—Patrick Berrigan, (Chief), Martin Walsh.

I. O. G. T.—A District Lodge will be organized at Pownal on Tuesday, March 10. This District will embrace the following Lodges: Charlottetown, of this city; Excelsior, Pownal; Gough, Vernon River; Bethel, Lot 48; and Morning Star, Kinross. The Lodge will meet semi-annually, and the members, comprising delegates from the above named Lodges, will transact the business of the district. At the organization meeting three sessions will be held. At the morning and afternoon sessions the officers will be elected, committees formed, and general business transacted. In the evening a public meeting will be held in the Hall at Pownal, and an interesting time may be expected. Efforts are being made to have the Rev D. B. McLeod, of Orwell, and Rev. John Goldsmith, of Vernon River, address the meeting.

Charlottetown, Feb. 24, 1896—dy

MARITIME DAIRY PRODUCE FOR THE YEAR 1895.

(Co-operate Farmer.)

In New Brunswick, as stated by the Provincial Secretary in his Budget speech, there were, during the past year, 53 cheese factories in operation, and the amount of cheese turned out was 1,263,266 pounds. The average price per pound was 8½ cents, and the total value of the output was $104,219.44. The increase in the output over last year was 369,066 pounds. Of creameries, nine were in operation, and the number of pounds of butter they turned out during the year was 113,892, the average price being 18½ cents. Last year the export of butter to England by way of St. John was 220,000 pounds, and now that St. John had become a winter port no doubt the shipments would be very largely increased. The export by way of Montreal was 150,000 pounds, the expert to the West Indies was 22,000 pounds, and there were now in stock 50,000 pounds, making the total for export 442,000 pounds, the value of which was $36,465. The value of our cheese export in 1894 was $19,912, so that the value of the export for the year, although the price was less, had nearly doubled. The butter exported during the year was 55,000 pounds, mostly sent to Halifax.

In Nova Scotia somewhat incomplete returns give us an approximate estimate of 580,982 lbs. cheese made and 230,154 lbs. butter and about 1000 qts. cream sold for consumption.

On P. E. Island we have the correct figures of 1,820,000, lbs. cheese made and 89,300 lbs. butter; thus making a grand total for the Maritime Provinces as follows:

	CHEESE	BUTTER.
N. B.	1,263,266 lbs.	113,892 lbs.
N. S.	580,982 "	230,154 "
P. E. I.	1,820,000 "	89,300 "
	3,674,248 lbs.	433,346 lbs

From information which we are gathering we hope to be able to give at an early date some detailed information regarding the industry in Nova Scotia and P. E. Island. We will give, as far as possible, the results from each factory, taking into consideration number of cows, amount of milk and price obtained.

It will be seen from the figures given herewith that with cheese at 9 cents per lb. and butter at 18 cents the value of the output foots up to the quite reasonable sum of $418,684.60, and this is only a drop in the bucket when we consider our possibilities.

[It is worthy of note that whereas the average price realized for the output of the N. B. creameries was 18½ cts., the sales of Crapaud and Tryon, P. E. I., butter realized an average of 19.12 cents.]

The body must be well nourished now, to prevent sickness. If your appetite is poor take Hood's Sarsaparilla.

The Earl of Dunraven has been removed from the honorary list of members of the New York Yacht Club. Another report says that His Lordship tendered his reignation.

FATHER LACOMBE.

(Montreal Witness.)

Father Lacombe, whose letter to the Hon. Mr. Laurier has brought the missionary priest prominently before the public is regarded with much affection by all the C. P. R. officials. He is a personal friend of Sir William Van Horne, Mr. Shaughnessy, and most of the heads of departments.

The C. P. R. has good reason to think highly of the venerable missionary.

In the old construction days the North-West Indians were a good deal more restless, uncertain and dangerous than they are now. The proposed line ran through large tracts of country which they had been accustomed to regard as their own, looking upon all outsiders as trespassers whom it was their duty to punish if they encroached upon the lands hunted for ages by their forefathers. It was an exceedingly fortunate thing for the original syndicate that it was enabled to secure the good offices of Father Lacombe to placate the Indians, who viewed the operations of the country with undisguised hostility. Having spent most of his life with the Indians, understanding their language, their nature and their modes of thought, Father Lacombe was able to so present the designs of the company to them as to make it seem a benefit rather than an injury that the track should run through their reservations. By address, patience and a cunning which has stood him in good stead, he completely won the Indians over to his way of thinking and smoothed over a situation which the company, lacking such an intermediary, would have found full of peril.

HE IS A WONDER.

Herbert Newell, the Magic Healer, Cures Over Two Hundred Persons.

Herbert Newell, the stalwart blacksmith of Jacksonville, created a sensation at Greenfield, Vt., in curing over two hundred persons at the Main Hotel on Thursday.

On Wednesday Mr. Newell and his business manager, L. A. Butterworth, arrived in Greenfield and Newell at once cured fifty or sixty persons. Next morning by nine o'clock a large crowd had gathered and were clamoring for the magic healer to come and cure them. This crowd was made up of all classes and ages of cripples, and those suffering from all sorts of ailments. The first person to be treated was Ernest Gruber, of Brookfield, who is 38 years of age, and who has had his left arm and hand crippled since he was 5 years old. Newell grasped the paralyzed arm and hand and rubbed it for several minutes. Suddenly he took Gruber by the twisted hand and straightened it out. Gruber at once began to move his hand and lifted a small weight it being the first time in thirty years that he was able to move his arm in any manner.

Gen. Harbicker, of Amherst, who had been sick in bed for ten months with rheumatism, was brought in a cot from his home to Greenfield and Newell rubbed his limbs. Harbicker was told to get up and try to walk. This he did without any help.

The third victim was a Mrs. Block, of Springfield, who has been deaf in her left ear for thirty years. Newell rubbed the ear for several minutes. He then placed a watch close to her ear and Mrs. Block said she could hear it ticking. These three cases are the most wonderful, although during the day Newell cured two hundred people He received in two days for his services $1,500. On Thursday afternoon he received an offer of $15,000 a year from several business men of Ware to come there and open an office and they would be his managers. This Newell refused to do, and left for his home the same night. He has mapped out a plan to visit several towns for the next two weeks. He is a big, powerful man, over six feet tall, weighs 230 pounds, and has dark complexion, with jet black curly hair. He is unassuming, and does not feel his magic power. On Thursday he treated thirty-five cases free of charge. In each town he will do the same thing.

MR S F RYCKMAN

Hamilton's Well-known Contractor Cured of a Severe Attack of Sciatica in Five Days.

"I had so severe an attack of sciatica in May, 1894, that I could hardly walk. I was recommended by G. W. Spackman, druggist, to use South American Rhematic Cure. I followed his advice, and within five days was completely cured. Three years before, when troubled with the same complaint, it took doctors three months to cure me.

The first dose of South American Rheumatic Cure gives relief and absolutely convinces that a cure is certain.

SEIZE THE OPPORTUNITY AT ONCE.

When the opportunity occurs to escape from death only lunatics will refuse to do it. But there are many consumptive people lying on death beds who can escape the threatened doom if they will take Millers Emulsion of Cod Liver Oil. Some are not aware of such a preparation, and if they die it will be the result of ignorance. Those who know that Miller's Emulsion makes new blood and enables the consumptive to get strength to overcome the disease are self destroyers if they still neglect to obtain the life giving remedy. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In big bottles, 50c. and $1, at all drug stores.

THE S S STANLEY.

A Correct Statement, re Cleaning the Steamer's Boilers.

The steamer arrived at Georgetown on Tuesday, 25th February, and drew fires. The boilers were pumped out on Wednesday afternoon, the 26th, after cooling down. On Thursday they were entered, but found too hot to work in. On Friday the engineer's crew begun the work of scaling the salt crust deposited. This crust was about one-sixteenth of an inch thick. The boilers will be ready to fill with fresh water on Friday morning, the 6th March. The fires will be lighted on Saturday evening and the ship will be ready for work on Monday morning, leaving Georgetown at 7 o'clock a. m. for Pictou.

For the information of "Merchant" we are informed that there cannot be any comparison made between the Stanley and the summer steamers for the simple reason that the Northumberland does her summer work under one boiler, the other being always ready and interchangeable; that these steamers get fresh water each week, whilst the Stanley uses both boilers constantly without any fresh water supply, except once during the winter season.

It is to be remembered that the "evaporator" cannot be used while the steamer is working in the ice; that the ship has to be constantly heated by steam drawn from the boilers; that the winches have also to be supplied from the main boilers—making a very heavy draft upon the steam supply.

THE CHAMPION LADY SKATER.

The following is an extract from a letter written by an M. P. at Ottawa to a friend in the city: Last week, Lord and Lady Aberdeen had an "at home," where the champion lady skater of the world gave an exhibition of her skill before an immense concourse of the beauty and fashion of Ottawa ladies, M. P's. and Senators. At the call of a bugle the lady dashed to the ice. She is a very handsome young woman and was clad in a skirt of blue, with cap to match; the skirt came just below the knees, and she had white leggings or gaiters, laced up to the knees; and performed all her evolutions with great grace and wonderful agility. The performance was well worth seeing, and her feats were surprising. She danced polkas, waltzes, schottische and high kick; pirouetted on the toe of one skate forward and backward, skipped with skipping rope forward and backward, and did many other things with great ease and grace.

HIDING THE TRUTH

Sir,—I notice a letter in your Saturday issue pointing to the inconsistency of the Guardian in its report of the debate which took place recently in the city on the question, Protection vs. Free Trade. The Patriot has likewise omitted publishing the result of the vote taken on that question. Those two immaculate dailies do not believe in letting the public know of the growing unpopularity of the Grit fads, especially at this critical juncture, when the School squabble is not likely to prove such a panacea as some once anticipated.

Consistency.

West Queen's, March 2nd, 1896.

Island Smelts.—The St. John Sun says: Large quantities of fresh smelts continue to arrive by the I. C. R. from Prince Edward Island for shipment to the American market. Two carloads came in yesterday via Pictou.

Rider Haggard, it is said, expects soon to revisit South Africa, where he has large financial interests which just now require his personal attention. His connection with Africa is a very old one. He accompanied Sir T. Shepstone to the country as his secretary, and after the annexation of the Transvaal received an official appointment as a reward for his services. He was lieutenant in the Pretoria Horse in the thick of the Boer rebellion and superintended the conveyance of reports from scouts watching the Boer camp. After the retrocession he engaged in ostrich farming, but soon left the country, in disgust of the Boer rule.

THE CUBAN REBELLION

Insurgents Said to Have Suffered Severe Loss in an Engagement.

Admiral Navarro has returned to Havana from a cruise of inspection along the coast, during which the gunboat Alerta bombarded the insurgents at Catanas, and at Bahia Honda, the two ports in the province of Pinar Del Rio which were recently attacked by the enemy.

Jose Belancourt, the insurgent leader who was recently captured by the Spaniards, has been tried by court-martial and sentenced to death. The insurgents have destroyed two railroad culverts between Cabanas and Union De Reyes, in the province of Matanzas. The insurgents have plundered the villages of Mantilla and Calvario, near Havana.

Major Cornerio at the head of 1,500 infantry, on the railway near Union De Reyes, province of Matanzas, has been engaged with a strong force of insurgents, said to have been commanded by Maceo, Rabi, Morejon, Torre, Aguilera and Miquelini.

A large body of insurgents, moving in the direction of the plantation of San Ignacio, while passing over a creek near Guonabana, were fired upon by a column of Spanish troops which occupied a commanding position on a hill surrounded by stone walls. Although the insurgents were about 1,000 yards away they suffered severe loss, and left on the field a major and four men killed, and forty wounded.

In the engagement in which Lieut.-Col. Lolo Benitez, the Spanish, was killed near Gallago, the insurgents lost two men killed and had many wounded.

Rigby Proofed Fibre Chamois

IS SOMETHING NEW.

The Rigby process makes the Fibre Chamois ABSOLUTELY WATERPROOF, and yet imparts no unpleasant odor or harsh or greasy feeling to the goods. It is just as smooth, stiff and flexible afterwards as before—in fact, you can only tell the difference by the Rigby label on each yard. The price is the same, and think of the advantages of using it in skirts, capes or wraps.
