Britain To Receive Increased Newsprint Supplies From Canada

OTTAWA, May 28 (CP) — Well-informed quarters estimated today that Britain likely will get about four or five times more newsprint from Canada next year than she did in 1950.

This, it was learned, was the crux of a deal negotiated between Lord Layton, chairman of the British Newsprint Supply Company, and Canadian mills.

Coming Events

- Mail your Films to Garnham Photo Studio, Charlottetown.
- Farmers' Book your Clover Seeds now. McGuigan & Boyle.
- Mixed Seed, 70% Timothy, 30% Clover. 26 cents. McGuigan & Boyle.
- See that great Italian feature "Deported" at MacDonald Bros. Theatre, Mt. Stewart tonight.
- Don't miss the big C. Y. O. Dance in Morell Hall, Wednesday, May 30th. Chaisson's Orchestra.
- Films, Graham's Road Hall, Tuesday, May 29th and Friday, June 1st.
- Dance, Kozzy Hall, Georgetown Wednesday, May 30th. Refreshments served.
- Dance, Forest Hill Hall, Wednesday, May 30th. Turner's Orchestra.
- See Wallace Beery in "Stand Up and Fight" at Hunter's River tonight at 8:30.
- Come to three-act play "Hurricane Harriet", in Darnley Hall, May 30. Sponsored by W. I.
- The Mt. Herbert Feed Mill will be closed Wednesday afternoon, May 30th.
- Pownall Y. P. U. presents "Here Comes Charlie" in Orwell Hall, Wednesday, May 30th. Auspices Orwell Ladies Aid.
- Kingston Y. P. U. present "A Pair of Country Kids" in Winslow Road Hall, June the 1st. Proceeds in aid of Hall.
- Kingston Y. P. U. will present their 3-act comedy "A Pair of Country Kids" in Cavendish Hall, June the 6th.
- Dancing every Tuesday and Saturday night, Islanders Country Club, Travellers Rest. Music by New Haven Orchestra.
- Dance at Gordon Lodge Friday night, sponsored by trustees of St. Patrick's School. Music by Robichaud. Dancing 9 to 1.
- See Hope River players present their play, "The Campbells Are Coming", in Stanley Bridge Hall, Monday, June 4th.
- Meeting tonight, Tuesday, 9 P.M. in West Royalty school to nominate trustee for School Unit No. 1.
- The Kingston Y.P.U. will present their 3-act comedy "A Pair of Country Kids" in N. Wiltshire Hall, June 4th. Sponsored by the W.M.S.
- Legion Dance, North Rustico Hall, every Wednesday. Dancing from 9 until 1. Canten service. Music by George Chappell and his Orchestra.
- Kinkora Hall. See Kinkora players repeat their play "Hand Of The Law" in Kinkora Hall, Wednesday night, May 30th. Good specialties; dance after.
- North Wiltshire will present their three-act comedy "Meet Uncle Sally" in Winslow Station Hall Thursday, May 31. Auspices Highfield Women's Institute.
- Reserve June 8th to see Kinkora present their three-act play "The Hand of the Law" in North Wiltshire Hall. Auspices North Wiltshire Women's Institute.
- Come to North Wiltshire Hall, Friday, June 1st and see Mrs. MacKinnon with her Highfield Highland Dancers. Also Dick Turpin and the Birrham, Sale of candy. In aid of Hampshire Y. P. U.
- North Wiltshire will present their three-act comedy "Meet Uncle Sally" in Clyde River Hall Wednesday, May 30th. Auspices Clyde River Y. P. U. Sale of candy.

last year. She likely will get between 80,000 and 100,000 tons next year, and even more in the following two years, dependent on world demand for Canadian newsprint.

This was disclosed following a statement by Lord Layton in Montreal, announcing that agreement with the mills on a program of supply for the next three years has been reached.

A spokesman for the United Kingdom High Commissioner's office said the announcement appeared to be "extremely good news" for Britain. It likely would mean, he said, that Britain would get increased supplies from this country. He did not amplify.

Informants said the deal, made under the general terms of complicated long-term contracts between British publishers and Canadian mills, may eventually restore Britain to the supply position prevailing before Sir Stafford Cripps, former Chancellor of the Exchequer, announced drastic cuts in imports from dollar countries in 1949.

The cuts wielded to conserve Britain's dwindling supply of dollars, included newsprint. Normally, Britain got between 80,000 and 100,000 tons of newsprint from Canada annually. This was cut to about 20,000 tons last year.

Now with more dollars in her exchange pool and badly in need of more newsprint, Britain has given her publishers the green light on increased purchases from Canada.

The aim of the publishers is to get about 100,000 tons a year from Canadian suppliers. It is believed that under the terms of the new agreement, Canadian mills will try to reach that target and increase exports even above that amount if the world pressure for supplies eases.

Physical Culturist Lands In Hospital

TORONTO, May 28 (CP) — Physical culturist George Hebdon Corsan, who once termed medicine a "jumbled heap of ignorance", was in hospital against his wishes today for treatment of a broken neck. He was reported in "pretty good" condition despite a fracture similar to that suffered by a man hanged on the gallows.

The 94-year-old nut-grower and vegetarian fell 20 feet from a ladder while examining a tree yesterday on his suburban Islington Farm.

Dr. W. K. Fenton, attending physician, said Mr. Corsan missed severing the spinal cord by a quarter-inch. He has two fractures of the cervical vertebra at the base of the skull.

NOOKTA IN ACTION

TOKYO, May 29 (Tuesday) — (CP) — The Canadian destroyer Nookta teamed up Monday with spotting planes to register hits on enemy artillery in Songjin, much-bombed port on North Korea's east coast, a naval headquarters communique said today.

SOMEWHERE IN KOREA, May 28 (CP) — Canada's 25th Infantry Brigade is now in action in Korea, made many friends on the journey to the war-torn peninsula.

Many of the men retained copies of the mimeographed ship-board newspaper distributed on the three United States transports that brought the Canadians to these shores. Scattered among the pages of sports news, messages from chaplains with the troops and maps of the ships' positions on the day of publication were cheering words from some of the ships' officers and crew members.

O. E. Cooper, chief steward of one of the ships, perhaps paid the highest compliment. Printed above the ship's movie schedule, his message to the Canadians said: "In the five years that I have served as chief steward aboard transports, I have never seen evidenced a more excellent spirit of co-operation. It has been a great pleasure to work with you."

"If, at any future date, we should be in a port where you are based, we would be most pleased to have you come aboard and see the ship. It is a cordial invitation to visit us. It is our expressed hope and desire that, at the end of your tour of

Health Minister Martin Reveals New Details

OTTAWA, May 28 (CP) — Health Minister Martin today announced a five-point program to widen the uses to which Federal health grants may be applied, including Federal aid for the first time to the building of new nurses residences.

The charges were announced in a speech prepared for delivery before the 1951 biennial meeting of the Canadian Hospital Council. A maximum of about \$35,000,000 a year has been made available since 1948, but because of Federal restrictions, the entire annual amount set aside have never been fully used.

The five changes:

1. To help increase the number of nurses in Canada. Federal grants will be approved for the building of new residences on the basis of \$500 for each bed.

2. A Province, which has used up all its Federal grants for one project but not for another, may switch the funds from one to the other "under certain circumstances."

3. The range of health services under which a general public health grant may be obtained will be widened.

4. Up to a maximum of \$50,000, grants will be allowed for the building of combined laboratories in hospitals to provide diagnostic and public health laboratory services to patients.

5. Out-patient departments in hospitals will be included in the definition of a "community health centre," allowing Federal grants for such construction.

Huge Forest Fire Fought To Standstill

TORONTO, May 28 (CP) — A 55,000-acre forest fire in the Gogama district of Northern Ontario was fought to a standstill today as light rains and some 700 bush-workers and firefighters combined forces.

The fire, 60 miles south of Timmins, was whipped into an inferno by 35-mile-an-hour winds that swept across Northern Ontario last Friday and Saturday.

But Lands Department officials said today damage was confined largely to a birch-pine timber area where a similar fire burned in 1941. They said the rapid spread was due to the thick stands of dead trees left in the district. It now is under control.

Elsewhere in the province, officials said 20 fires are burning but all are under control. Nearly 50 blazes were burning at the week-end.

They said the rain has reduced hazards from "extreme" to "medium to high" across the Province.

However, the department's 34 aircraft, several chartered planes and two helicopters are being flown almost constantly, patrolling and ferrying men and equipment to fire areas. More than 1,000 men are reported fighting fires across Ontario.

In duty in Korea, we may have the pleasure of transporting you home to Canada and your loved ones."

The ship's commanding officer, Lt.-Cmdr. W. A. P. Bagley, U.S.N.R., had this to say: "It has been a great pleasure to have the Canadian troops aboard and we deeply appreciate the exceptionally fine spirit you have evidenced throughout the voyage. Your co-operation and the efficiency with which you have handled each task has made this a most pleasant voyage for all of us."

"As you leave our ship... we pray for your safety. Do a good job. All the free world has faith in you. Above all, may God be with you that you may represent your country with honor and courage."

The chaplain, Lt.-Cmdr. Wylie R. Bryant, U.S.N., under the heading "benediction," wrote: "As you Canadians enter Korea serving your country, may God give you that courage and freedom from fear which will enable you to be faithful always to your loved ones, to your nation and to your God, and worthy of the trust which others have reposed in you."

"May God be ever with you, to strengthen, protect and guide you..."

Iran Spurns World Court In Oil Dispute

TEHRAN, Iran, May 28 (AP) — Iran today spurned the world court and made ready a secret plan for taking over Anglo-Iranian Oil Company fields and the Abadan refinery from British authorities.

The oil company applied to the International Court of Justice at The Hague Saturday for appointment of an arbitrator under its 60-year contract with the Iran Government.

But today, Deputy Prime Minister Hossein Fatemi declared Iran would ignore any proceedings before the World Court and would send no representative to plead her case.

Foreign Minister Bagher Kazami sent a message to The Hague saying: "I hereby declare the Iranian Government is of the opinion that the International Court of Justice is not competent to handle this matter. When the full text of the complaint reaches us we shall give a detailed reply."

Meanwhile, the National Society to Fight Imperialistic Oil Companies, a front for the underground Communist Tudeh Party, put finishing touches to plans for country-wide mass demonstrations tomorrow, the 18th anniversary of the signing of the A.I.O.C. concession.

The demonstrations promised fireworks. They could be a bold stroke by the party to appear in the open again. It has been outlawed since an attempt on the life of the Shah more than two years ago.

Resistance Stiffens

Red resistance stiffened Monday and today on the east-central front around Inje and Hwon and on the central front near Hwachon. The Communists showed signs of trying to halt the general Allied push across the 38th parallel into North Korea.

An Eighth Army staff officer said costly Red delaying actions probably have permitted many troops to elude United Nations traps.

The Allies were hampered by mud. The Reds were able to slip along roads and trails before the slogging Allies could cut them.

Pursuing United Nations forces were driving four to 14 miles inside North Korea across the 128-mile wide peninsula. The Allied positions were about the same they occupied just before the first Red hammer blow the night of April 22.

In one week, the Eighth Army offensive has eliminated Red penetration ranging up to 25 miles below the 38th parallel. The total Red gains were from 30 to 40 miles.

However, field dispatches said 3,000 Chinese were in action Monday night against U.S. troops on the central front, west of Hwachon reservoir. That was roughly seven miles north of the old political boundary.

Rear-Guard Action

Front-line officers believed Chinese rear-guards were attempting only to slow the Allied advance. They expected nothing more than a local enemy counter-attack.

Other Red rear-guards, including many North Koreans, tried to stop the Allied advance, on both the western and eastern flanks of the battleline.

Pledges Full Support To Service Men's Appeal For Clean Election Campaign

EDMONTON, May 28 (CP) — Unseasonable snow fell in Calgary and Red Deer today as rain and cold weather continued in most parts of Alberta. The Dominion Weather Office forecast the present chilly spell would continue until Wednesday.

Temperatures throughout most of the Province were about 25 degrees below normal. At Edmonton the high was 46, Red Deer 39 and Calgary 47.

Cold Weather And Snow In Alberta

EDMONTON, May 28 (CP) — Unseasonable snow fell in Calgary and Red Deer today as rain and cold weather continued in most parts of Alberta. The Dominion Weather Office forecast the present chilly spell would continue until Wednesday.

Temperatures throughout most of the Province were about 25 degrees below normal. At Edmonton the high was 46, Red Deer 39 and Calgary 47.

Long Holiday For Some Canadians

OTTAWA, May 28 (CP) — There'll be a long holiday for some Canadians next week-end. The Federal Government has proclaimed Monday, June 4 a holiday to celebrate the King's birthday. The holiday is obligatory for banks and Government offices but does not need to be observed by private businesses. Actually the King's birthday is Dec. 14 but the United Kingdom and Canadian Governments annually observe it in June.

Church of Scotland Washes Hands of Stone of Scone

EDINBURGH, May 28 (Reuters) — The Church of Scotland General Assembly today washed its hands of the Stone of Scone.

By an overwhelming majority the Assembly voted down motions demanding the stone's return to Scotland.

The vote was a severe blow to the Scottish Nationalists who took the ancient relic from Westminster Abbey, London, last Christmas, and hid it in Scotland for three months, and then gave it up to the authorities.

The Nationalists had appealed to the Scottish Church Assembly to help in keeping the Stone in Scotland.

Scottish Nationalists who dragged the stone from the Abbey claim it is the rightful property of Scotland, the symbol of its right to self-government. It was used for centuries in the coronation of Scottish kings before it was taken to Westminster by an English conqueror and became part of the English coronation ceremonial.

The stone now is back in Westminster.

Loses Part of Nose But Gets It Back

HAMILTON, May 28 (CP) — Frank Saunter of Hamilton lost a one-inch piece of his nose Sunday but thanks to an alert tow truck operator may get it back today.

Saunter lost the piece when his automobile hit a post near here. An hour later Fred Petrie spotted the missing part when he came to tow the car away.

He took it to a Hamilton hospital where doctors grafted it back on Saunter's nose. Doctors will know next week if the graft is successful.

Objectionable Features

There were several objectionable features in the proposed change. Besides encouraging U. S. trucks to come to Canada, it would open the way for breaches of customs regulations. He said he did not want to cast any reflection on the trucking companies, but everyone

Speedy Enemy Retreat Ends After 6 Days

By DON HUTH

TOKYO, May 29 (AP) — Allied troops trapped and destroyed two Chinese Communist divisions in Central Korea during the last four days, the Eighth Army reported today.

But the costly Red stand — 12,974 killed or wounded, 5,028 captured — in the centre may have allowed the bulk of the Communists to slip back north of the 38th parallel. Today the Reds had stopped their headlong retreat and even counter-attacked in places.

The two Red divisions were encircled and eliminated as a fighting force northwest of Chunchon 45 miles northeast of Seoul, from Friday night through Monday.

"The enemy pocket in this area has been cleaned up except for a few scattered Communist groups," an Eighth Army officer said.

A prisoner haul of 2,558 was made Monday by Allied forces who have driven the Reds from virtually all territory gained in the Reds' two turned-back spring offensives.

\$19,000 Contract For Landscaping Of Housing Units At R.C.A.F. Station

OTTAWA, May 28 (Special) — Contract for the landscaping of the last 105 housing units built in conjunction with the R. C. A. F. station at Summerside has been awarded to Rosshall Nurseries of Brampton, Ont., for \$19,000. The Guardian was informed this afternoon by J. Watson MacNaught, Liberal member for Prince.

Asked if he thought a good landscaping job could be done for the project at a cost of less than \$200 per home, Mr. MacNaught said he believed it could.

The houses, he pointed out, were all in the same spot and lawn would be seeded, not sodded. Owing, he said, to the fertility of the Prince Edward Island soil, a horticultural program can be successfully carried out in the Province at a lower cost than in almost any other part of the country.

Diamond Mine Owner Honored At McGill

MONTREAL, May 28 (CP) — A one-time geology student and now one of the richest diamond mine owners in the world returned to his alma mater today to take part along with 1,574 students in McGill University's annual convocation.

Doctor John Thorburn Williamson, of Tanganyika, South Africa, received an honorary Doctor of Science degree from Chancellor Mr. Justice O. S. Tyndale in a ceremony in the Montreal Forum before an estimated 10,000 persons.

The traditional campus convocation was moved indoors because of rain Sunday night that made the ground wet and soft.

Sir Oliver Franks, British Ambassador to the United States, gave the convocation address. He told the graduates of the significant role Canada is playing to help defend free nations of the world against Communist aggression.

Viscount Alexander, Governor-General of Canada, and his wife were among the distinguished guests.

Those honored by the University were:

Sir Oliver Franks, who was presented for the degree of Doctor of Laws, honoris causa; Dr. Lewis Douglas, former United States Ambassador to Britain and former vice-cancellor of McGill University, who was presented for the degree of Doctor of Laws; Hon. Douglas Abbott, Canada's Minister of Finance, who was introduced for an honorary degree of Doctor of Laws; Hon. Brooke Claxton, Minister of National Defence, who was presented for an honorary degree of Doctor of Laws; and Dr. Williamson.

Eleven Adventurers To Sail In Argosy

NEW YORK, May 28 (AP) — Eleven explorer-adventurers will set sail tomorrow in the 75-foot ketch Argosy on a world-girdling trip to retrace Charles Darwin's famous voyage of 1831-36. The "Osborne Darwinian Expedition", as its leader Capt. Dod Osborne has named it, plans to trace the trip Darwin made in the H. M. S. Beagle to record probable changes and to make a pictorial record of the findings on which Darwin based his theory of evolution.

Official Reply Re Proposed New Ferry Is Tabled

OTTAWA, May 28 (Special) — An application was made to the Federal Government on April 5 of this year by Northumberland Ferries Limited for assistance to provide new equipment to meet the demands for greater ferry service between Wood Islands, P. E. I. and Caribou, N. S.

This was revealed in a reply tabled in the House of Commons this afternoon, to a question asked some time ago by W. Chester S. McLure, Progressive Conservative member for Queen's. In answer to another question by Mr. McLure as to what action was taken on the subsidy application, the official reply compiled by the Canadian Maritime Commission and approved by Transport Minister Chevrier, was:

"Application has been investigated and considered and the applicant has been informed that it

Western Man Weds Grandfather's Widow

HAGUE, Sask., May 28 (CP) — Cornelius Friesen, 36, married his grandfather's widow Sunday night.

A crowd of more than 700 jammed the Pentecostal Church at nearby Grunthal to witness the ceremony.

The bride was Mrs. Sarah Friesen, 42, whose husband died a year ago at 85.

Mrs. Friesen was married to her late husband — her new husband's grandfather — for 14 years and had one son, now 12, who was Cornelius Friesen's step-uncle and now becomes his step-son, too.

HALIFAX, May 28 (CP) — Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Tuesday.

Synopsis: A disturbance, now nearly stationary southwest of the Maritimes, will continue to cause moist cool air from off the Atlantic to flow across the district. As a result little change is expected in the weather for Tuesday.

Regional forecasts: Prince Edward Island — Overcast with occasional rain. Little change in temperature. Easterly winds 15. Low and high Tuesday at Charlottetown 46 and 65.

High tide today at 5:50 A. M. and 5:40 P. M. Sun rises at 4:31 A. M. and sets at 7:49 P. M. Summerside tide eighteen minutes later than Charlottetown.
