Acadia University.

Another College term has just closed. The work has steadily advanced under the instruction of our able faculty. The students are looking forward impatiently to the opening up of the campus. The Athletic Association has resolved to expend a large sum on fitting up the campus. Tennis, the popular summer game, is receiving an extra amount of attention. A new football field is to be laid out for the next season. Our College paper, the Athenæum, has been enlarged, and attempts are being made to raise its standard still higher. From last fall up to the present date the students have worked hard at the gymnasium under the able direction of Prof. Shaw. Physical culture was the aim of this capable instructor, and not mere proficiency in acrobatic feats. Most approved methods of training were introduced. Class work was made the basis of his system. All the work was accompanied by music. A class composed of young ladies of the college was instituted by the enterprise of Prof. Shaw. On the 17th a gymnastic exhibition of the winter's work was given in College Hall under the eye of the faculty.

The following was the programme:

Free work, leg and shoulder exercises, breathing exercises—Sophomores and Freshmen.
Wand Drill, head and torso exercises—Ladies' class.
Roberts' dumb-bell drill—Seniors and Juniors.
March—Sophomores and Freshmen.
Exercises on the Horse.
Stepping Exercises—Pizicatti dumb bell drill—Ladies' Class.
Wand Twists—Seniors and Juniors.
Work on Parallels.
Pole Drill—Sophomores and Freshmen.
Delsarte Drill—Ladies' Class.
(a) Swaying.
(b) Relaxing.
(c) Stretching.
(d) Statue Poses.
Fancy March—Seniors and Juniors.
Club Swinging—Selected Class.
Buck Work—By an awkward Squad.
Pyramids.

The Hall was crowded with eager spectators for some time before the exercises opened. At 8 o'clock the sophomores and freshmen marched into the body of the hall, separated and went through the "free work" without a break. They formed in line and marched out. At once the ladies' class entered from the opposite door and took their places for the wand drill. The exercise was well done. No. 3 was was successfully executed. The march by the sophomores and freshmen was a prominent feature of the evening. The class moved as one. Every man carried himself like a soldier. Many of the movements were very pretty and difficult, and elicited applause from the audience. Some difficult feats were done on the horse by a selected class. The ladies work of No. 6 was very prettily executed. Work on the parallel bars was done by a selected class, commenced at the easiest and worked up to the hardest. Some of the feats showed great strength and agility. The poll drill of the sophomores and freshmen was a hard exercise but well done.

The delsarte drill by the ladies was perhaps the best exercise of the evening. The delsarte system is built on the sympathy of the mind and body. Prof. Shaw is the only elocutionary professor who has taught this famous system in Nova Scotia, and the beauty of the work was well illustrated this evening. The ladies were beautifully dressed in white Grecian costumes. The statue posing in particular was grand. The exercise was done in dead silence except the low and stately notes of the piano. Everything contributed to heighten the effect. The ladies passed out amid thundering applause. The fancy march of the seniors and juniors was splendid. The moves were difficult, but were executed without a flaw. No. 12 was a good exercise, the ladies' class being represented by Miss Patten, '95

The buck work by an "awkward squad" was perhaps the most taking feature of the evening. The squad really consisted of the best gymnasts in the college. The ludicrous manner in which the exercise commenced, compared to the agility and skill displayed later on, made a great effect Feats of tumbling, double tumbling, vaulting, springing, etc., followed one another in rapid succession. The gentlemen who particularly excelled were Messrs. Mc Curdy, Bill Harding, McFarlane and Quigley. The whole of the performance was continually greeted with thundering applause.

The pyramids were difficult but admirably executed. They looked beautiful. In conclusion the classes marched in and formed a W before the platform. On this platform there arose a beautifully decorated series of stands. Here the ladies took their position dressed in picturesque costumes. As the gentlemen marched in they hung up a banner "Canada Our Home." A song to the praises of Canada was then sung, followed by "God Save the Queen," and amid the burning of a red light and the inspiring college yell of Rah! Rah! Yah! Yah! Yah! Hoorah! Hoorah!! 'Cadia!!! the exhibition closed.

It was a success in the strongest sense of the word. Acadia has taken her place among the foremost physical educators Nothing of a like nature has ever been given in Canada that can compare with it. Everyone is in high spirits and even the faculty—the grave philosophical faculty—has not failed to speak of it in the highest terms. The boys of Acadia deserve credit for the work they have done, but it is to Prof. Shaw that we must look for the real cause of its success. We cannot too highly praise the untiring zeal and energy with which he pushed his work. Acadia feels proud of her son.

N. J. LOCKHART, '95.
Acadia College.

PROGRESS.—It is very important in this age of material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known. mar30 1m

A Valuable Purchase.

WE understand a company of horsemen have imported a finely bred, standard and registered two-year-old Wilkes stallion. He arrived in this city about a week ago in the Stanley from Pictou. His color is a hand some seal brown, and he is of good size, style and action. His sire, Kaiser, 2 28½, is one of the best bred and youngest sons of the mighty George Wilkes, 2 22, whose name is one of the most famous in the annals of the trotting horse. Without including pacers slower than 2 25, he has himself 75 list performers, 74 of his sons sired 488, and 34 daughters produced 42. It was a six-year old grandson of George Wilkes that sired the first yearling to trot under 2 30. Fair Lady, dam of Kaiser, died at 8 years old, and left only three foals—all trotters, viz., L'Emperer, 2 25; Kaiser, 2 28½; and Noblesse, 2 31. Her sire was Dictator, sire of Jay-Eye-See, 2 10; Phallas, 2 13¾; and Director, 2 17, sire of Direct, 2.06 pacing, the fastest harness performer in the world. The Dictators are noted for their bull-dog courage in fighting a race. Kaiser's second dam was Monie West, by Almont; she is the dam of Dictator, jr., trial mile 2 19, sire of Hill Boy, 2 27½ p., and another of her produce took a record of 2 28½ the past season. It will thus be seen that Kaiser has a rich inheritance of the best blood that stands high in the records, and besides he is himself a performer and a sire of speed at an early age, and with increasing years cannot but make a name second to none of the best sons of George Wilkes, a horse whose blood 785 trotters in the 2 30 list carry. So much for the breeding of the sire of this scion of the Wilkes family which has found its way to our shores. His dam is Nellie by Bellwood, by Woodford Mambrino; race record, 2 21½; son of Mambrino, Chief Sire of Lady Thorne, 2 18¾, and others, and the dams of many fast ones. The dam of Bellwood was one of the most celebrated mares in the brood mares list She was the great Mambrino Chief Mare, Belle, dam of Belmont, sire of Wedgewood, 2 19; Nutwood, 2 18¾, and 36 others. She was also the dam of Hambletonian, 1644; record 2 26½, sire of 15 trotters; of Lucas Broodhero, sire of 4; and her daughter Bicara produced 4 standard performers, including Pancoast, 2 21¾, sire of 13 and grandsire of 5. The dam of Woodford Mambrino, sire of Bellwood, was another great mare, Woodbine, dam of Wedgewood, 2 19; four of her sons sired 31 performers and a daughter produced a trotter record 2 28 and a pacer 2 19½ Nellie's dam was by Greyhound, 2.31, full brother to Laura Williams, 2 24½ and Charley Mack, 2 25. The sire of Greyhound was Black Hawke, 5, sire of the great Ethan Allen, 2 25½, sire of six and grandsire of ninety-six. Altogether there are five dams in the pedigree of this colt whose names are to be found in the "Great brood mares' list." And this does not include the dams of George Wilkes and Almont. The pedigree that is especially strong in great brood mares is always more highly valued than one without such a distinction. This young stallion should do much to improve the blood of the trotting horse on this Island. His owners are to be complimented in introducing so finely bred an individual to this province.

THE REASON why "Myrtle Navy" tobacco has taken so strong a hold upon the smoking community is because it is the genuine article. No man has a desire to smoke anything else than tobacco. Even opium is not smoked for the pleasure of smoking it, but for its soporific effects. The desire for tobacco is, of course, best satisfied by getting the pure article, and when to this is added the finest quality the satisfaction is complete. These two things are combined in the "Myrtle Navy" *

JOURNALISTIC.—The Messenger and Visiter, published at St. John, N. B., has lately donned a new dress of type, and now presents a splendid appearance. The type is the manufacture of the Dominion Type Founding Company, Montreal A new folding machine, which folds, cuts and trims all at one operation, has also been put into the office. It is known as the Dexter folder, and was procured from the company supplying the type.

The Montreal Gazette is also out with a new dress, which was furnished by the same company, and looks well. The handsome and clearly-cut face of the type should recommend it to all Canadian printers.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown drug stores. ....

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

50 cents and $1 50 will get you a nice blue serge sailor suit to fit a boy from 4 to 8 years, and $1 will get you a good blue serge suit all lined through for a boy from 4 to 10 years, at Prowse Bros., the Wonderful Cheap Men. a1 3i
