THE GRAND LODGE MEETS IN ANNUAL SESSION.

The Grand Lodge, Independent Order of Good Templars, met in annual session in McLeod's Hall, in this city, Tuesday forenoon. There was a good attendance of delegates. Grand Chief Templar, Louis U Fowler, presided, and the following officers of the Grand Lodge were present: Carrie McLure, Montague, Grand Vice; Adelia E Horton, Murray River, G S of J Templars; A D Fraser, Beedee, Gr Sec; R O McRae, Vernon River, P G Chief.

The following officers were filled present: G Con, Jas A Dalziel; G A Sec, R E Morson; G Guard, Wm Reid; G Sent, E G Giddings; G Marsh; S M Martin; G G M, Bella Robertson; G Meas, Ed Carson.

The following sessional committees were appointed: On Distribution-J C Underhay, M P P, Chairman, Mrs Charles Matheson and W A Peardon.

On State of the Order-Rev W A Mason, Jas A Dalziel, Charles Reilly.

On Finance-Neil McDonald, Allan Hunter, H Murchison.

On By-Laws-R C McRae, E G Giddings, Adelia E Horton.

On Juvenile Work-D D Hugh, S M Martin, Lavinia Bears.

On motion of Mrs. Matheson, seconded by Mrs. Kennedy, the sessions were arranged as follows: Forenoon session to close at 12.30; afternoon session to open at 2 and close at 5.30; evening session to open at 7, and close at pleasure of G. Lodge. The G. O. Templar and G. Secretary read their reports which showed the Grand Lodge has had a very progressive year, with an increased membership and the finances in a good condition.

In the afternoon immediately after opening exercises, a delegation from the W. C. T. U. of Ch'town was introduced by P. G. Chief Templar McRae.

Mrs. R. Johnson, in behalf of the ladies, after extending kindly greetings, stated that the object of the delegation was to get the co-operation of the Grand Lodge of Good Templars in urging the Board of Education to place upon the school course of this province as the temperance text book, the Path-finder series, being best calculated to convey thorough temperance training to the young. Bro. Underhay made a suitable reply to the delegation, and after some further remarks Rev. Bro. Mason moved, seconded by Bro. D. D. Hugh, that the thanks of the Grand Lodge be tendered to the ladies of the delegation for their kindly greeting and assured them that their request be duly considered by the G. Lodge. Motion carried unanimously. The Grand Chief in fitting terms conveyed the vote of thanks, Mrs. Johnson suitably replied and the delegation retired.

Rev. Bro. W. A. Mason next moved the following resolution: Whereas, Intemperance is not only a sin against Almighty God, but also a great social, moral and national curse; and Whereas, Total prohibition seems to be the only true and rational mode of dealing with this monster evil; and Whereas, We believe that prohibition would be more speedily obtained if women were allowed to vote;

Therefore resolved, That, as an important step towards obtaining this great boon, the Grand Lodge of the I. O. G. T. of P. E. Island, humbly ask our Local Legislature to grant women the right of voting at elections for members of the Local Legislature, and at all other elections, in any way under the control of the same.

Br. D. D. Hugh seconded the resolution, which was unanimously carried. The Grand Supt. of junior Templars read her report, which showed the Juvenile Work to be in a prosperous state.

By motion the consideration of the Text Book was referred to a Committee of five, consisting of G. Chief, L. U. Fowler; G. Sec'y, A. D. Fraser; G. Vice, Carrie McLure; Rev. W. A. Mahon, and Mrs. Chas. Matheson.

J C Underhay, chairman of the committee on distribution, presented report of that committee, which was on motion accepted.

On motion the reports of delegates from the subordinate lodges were called for and many cheering and encouraging reports were heard.

A very interesting delegation now waited upon the Grand Lodge. This was a band of the juveniles of Excalibur Lodge, introduced by Bro J A Lawson and superintendents Mrs Kennedy and Mrs Champion. After addresses by Bro Lawson, the G O Templar, G S of J T, and Rev W A Mahon, some recitations by the juveniles and an excellent solo sung by Sister Ada Howard, the deputation withdrew.

Grand adjourned to meet at seven o'clock.

The evening session was well attended and the discussion of the reports of the committees on State of the Order, and Constitution was efficiently and thoroughly carried on by the members generally, and much light was brought to bear upon temperance and temperance legislation within this province.

Grand Lodge continues in session today.

Wiggins on the Weather.

OTTAWA, June 30.-Prof. Wiggins was seen today and asked the cause of this extraordinary rainy season. He said that the conjunction of the planets Venus and Jupiter on February 6, 1892, slightly compressed the globe of the earth. This caused it to give off electricity in vast quantities, which filled the atmosphere in the same way that compression produces heat. Hence the remarkable auroral displays (northern lights), which were witnessed immediately after, both in Europe and America. So remarkable were they that a well known agency telegraphed him enquiring the cause. "Our atmosphere," he said, "when not electrified, has no power of absorption, but when filled with electric fluid, as it has been since the February conjunction, it acts like a sponge and absorbs moisture from the earth's surface. It is this that has caused the perpetual rains, which will continue till the electric force is again absorbed by the earth's globe."

The Date of Prorogation.

OTTAWA, July 3.-Considerable doubt exists as to the date of prorogation. The senate has a great deal of work to do and upon the celerity with which the upper house push business depends whether or not prorogation will take place this week. The bill codifying the criminal law is the sticking point. This measure is perhaps the bulkiest which parliament has ever had before it. It consists of over one thousand pages of clauses and seventy pages of forms, the whole constituting a volume of over 350 pages. Owing to the changes made by the commons the bill has to be reprinted before the senate will take it up, and not till Tuesday and possibly Wednesday will the bill be ready for the senators. In certain quarters the dropping of the measure for this session has been advocated, but there are special reasons why it should be passed this year, hence the senate will be asked to do their share. The order paper in the commons now begins to look very slim. The resolutions for increasing the salaries of the superior court judges are the most important to be taken up. It is understood that the government is disposed to proceed with them, but as there is much diversity of opinion among members on this question it is problematical whether they will go through this year.

The Best Picnic Lunch.

Meats for sandwiches should be boiled the day before; then after removing bones, skin and gristle they should be put in packing tins, heavily weighted, and set in a cool place over night, writes Mrs. A. G. Lewis in a seasonable article on "Lawn Parties and Out-door Fetes," in the July Ladies' Home Journal. Cut in very thin slices. Bread one day old is best, and a very sharp knife is needed for cutting it into thin slices not over three inches square. These, buttered slightly, may be daintily filled with ham, salad, sardines, tongue, or whatever one likes. Then cut pieces of confectioner's paper just large enough to cover the sandwiches neatly. Place them side by side, closely packed, and they will preserve their shape without breaking. The paper is not to be removed until served. Cakes must also be one day old, and for picnic use a little extra flour in stirring, and an extra five or ten minutes in baking will ensure a firmer crust. Frosting, if put on hot, does not crackle and fall off. Cookies are more desirable than loaf cake, as are, also, cup and gem cakes. Jelly and cream confections are seldom nice for picnic serving. Pies made of jellies, fruit or sweets are best cooked turnover fashion, the pastry covering the filling entirely. Lay them in paper covers, and they serve thus very conveniently. Lemon, orange, strawberry, raspberry or currant juices should be extracted, then sweetened, and when well dissolved, bottled. Drinks can then be prepared by adding two tablespoonfuls of the liquid to a tumbler of ice water. All these juices combined make a delicious drink. Strong coffee or tea may also be prepared and served in the same way. Bright tin mugs are more convenient than tumblers, and there is no danger of breakage. Hampers, with several trays, are more desirable for packing. Ordinary lunch baskets are a difficulty. White confectioner's paper should be used for lining the basket and for separating the different kinds of food; also, for covering neatly individual pieces. Cookies and crackers must be put in tight boxes. Plates are too heavy, but bright, new biscuit tins-the square shapes are best-are very useful in packing, and with fringe napkins laid inside, they serve well for salvers in handing the food around. Paper napkins are best. Whatever is to be eaten last should be packed at the bottom of the hamper, and that to be served first at the top. Fruit, pickles, olives and cheese must not be forgotten.
