

50 Million Dollar Pulp And Paper Mill For N.B.

FREDERICTON (CP) — Construction of a \$50,000,000 pulp and paper mill at Lepreau, in Charlotte county, will begin early in December, Ewart C. Atkinson said Monday.

The local barrister, who with Premier Hugh John Flemming and other members of the New Brunswick government has been active in promoting the project, said the preparation of final engineering estimates and drawing of plans would start in mid-September and actual construction of the mill would begin before the year-end.

According to previous reports, the mill will be built by British, United States and Canadian capital.

BUILD THERMAL PLANT

A thermal plant to supply the new industry with 80,000 horse power will be constructed by the commission.

These decisions were a result of a visit to Fredericton Monday by Michael Butler, representing the Butler Company of Chicago, and other United States financiers and engineers.

The group, accompanied by Mr. Atkinson, conferred with officials of the commission during the morning and had a meeting with Premier Flemming at noon. The premier's secretary, K.B. Carson, said Monday night that Mr. Flemming had nothing to add at present to the announcement made by Mr. Atkinson.

VISIT AREA TODAY

The United Kingdom interests which will join the Butler Company in construction and operation of the mill were said to be represented chiefly by Sir Robert McAlpine and Sons of London.

Mr. Butler and Maj.-Gen. K. C. Appleyard of London, representing the McAlpine firm, were in Fredericton last February and conferred with the provincial cabinet on the project.

Mr. Butler's party accompanied by several government officials will make a trip to Lepreau today aboard Mr. Butler's schooner Cortina. On Wednesday they will sail from the Saint John district and visit the Mersey Paper Company plant at Liverpool, N.S., returning to New York City early next week.

CITY AND CENTRAL

THE ENGAGEMENT is announced of Daphne Muriel, daughter of Mr. and Mrs. J. W. Cooke, North Vancouver, of the late Mr. and Mrs. L. A. Burke, Montague, P. E. I. The wedding to take place Tuesday, September 25th, 1956, at St. Richards Church, North Vancouver, B. C. at 8 o'clock. Rev. C. P. Bishop officiating.

MARRIAGES

JARDINE - FREEMAN — At St. James Presbyterian Church, Charlottetown P. E. I. On August 18th, 1956, by Rev. T. H. B. Somers, Gentle Anderson daughter of Mr. and Mrs. Correll H. Freeman, Ottawa, to Robert Edward son of Mr. and Mrs. Robert S. P. Jardine, Charlottetown.

IN MEMORIAM

IN MEM. D.G. GOTELL — "In loving memory of my father, Peter F. Gotell, O'Leary who passed away August 28, 1953.
"He had a cheery smile, a pleasant way.
A helping hand to all he knew; He was so kind, so generous and true.
On earth he nobly did his best. Grant him, Jesus, heavenly rest."
Lovingly remembered by his son J. Elwood Gotell.

TROWSDALE — "In loving memory of Edward N. Trowsdale, Westmoreland who passed away Aug. 28th, 1955.
There is someone who misses you sadly,
And finds the time long since you went.
There is someone who thinks of you daily,
And tries to be brave and content. But our hearts just ache with sadness.
Our eyes shed many a tear. God alone knows how we miss you. At the start of another year.
Lovingly remembered and sadly missed by his wife and three sons.

ROSE — In loving memory of our dear son and brother Preston L. Rose who passed away Aug. 28, 1954.
Beautiful memories cherished forever.
Of happy days we spent together, Silent thoughts brings many tears. For one we miss and loved so dear, Gone is the face we loved so dear, Silent the voice we loved to hear, 'Tis sad but true we wonder why, The best are always the first to die.
Ever remembered and sadly missed by Mom, Dad, Brothers and Sisters.

TEL AVIV (Reuters) — Special trains, trucks and private cars Wednesday carried thousands of Israelis to work when the country's two main bus co-operatives went on strike against the government's refusal to meet their demands for a fare increase.

MRS. HARRY W. CUDMORE FOR CONFERENCE

Mrs. Harry W. Cudmore, Provincial Commissioner of The Girl Guides Association, who presides at the Division and District Commissioners' Conference held Tuesday afternoon and evening at Red Cross House in Charlottetown.

Girl Guide Commissioners representing all sections of Prince Edward Island, are attending this Conference at which the many phases of Girl Guide work are to be thoroughly discussed and the various problems relating thereto considered and dealt with.

After the late Mr. and Mrs. J. W. Cooke, North Vancouver, of the late Mr. and Mrs. L. A. Burke, Montague, P. E. I. The wedding to take place Tuesday, September 25th, 1956, at St. Richards Church, North Vancouver, B. C. at 8 o'clock. Rev. C. P. Bishop officiating.

Mr. Neil A. Matheson, M.P., in company with Mr. Gordon White, Chief Engineer, Provincial Department of Highways last Saturday visited the site of diamond drill rock boring which is going on in New Brunswick not far from Cape Tormentine. The purpose of the boring is to determine whether rock suitable for a causeway fill can be found in sufficient quantities to make further surveys of the causeway possible. The first hole was drilled in the Bayfield-Malden area south of highway 16. The drill went to a depth of 145. In this hole there was 131.3 feet of rock and 13 feet of overburden.

The second hole drilled to a depth of 200 feet in the Malden Melrose area disclosed 187 feet of rock and 13 feet of overburden. This hole is about five miles from the Northumberland Strait. Altogether five holes have been drilled with a start made on the sixth. Samples of a rock cores have been sent to Ottawa for testing, but the results of these tests have not as yet been made public. Man at the left of the picture is James Noonan on whose son's farm the drill is at present set up. At left is a section of the core—this one being nine inches long and two inches in diameter.

The annual convention of the Association of Workmen's Compensation Boards of Canada opened yesterday at the Charlottetown Hotel with the president, Brig. W. Reid, D.S.O., E.D., presiding.

The delegates were welcomed by Premier A.W. Matheson, Deputy Mayor A.W. Gaudet and the Provincial Minister of Labour Hon. Forrest W. Phillips. Among those attending are representatives of the two compensation systems now employed in the United States. They are: Robert E. Farley, St. Paul, Minn., of the International Association of Accident Boards and Commissions, T.G. Martin, Commissioner of the State Institute of Oklahoma and Vice-president of the American Association of State Funds.

After the official welcomes the delegates divided into discussion groups, one to consider the medical aspects and the other matters of general policy. The delegates were guests of Rotary for luncheon and heard an address by Mr. Farley who chose as his subject "Rotary, what it means to my Rotarian friends and to me as a non Rotarian."

During the afternoon the visitors were entertained at a reception by His Honour Lieutenant Governor Prowse and Mrs. Prowse at Government House. The evening session opened with a reception at the Hotel followed by a dinner rendered by the P.E.I. Compensation Board and chaired by Brig. Reid, who also introduced the guest speaker Dr. Frank MacKinnon, a summary of whose remarks appears elsewhere in today's issue.

PLAN SALMON TALKS

OTTAWA (CP)—Canada and the United States will open negotiations late in October in an effort to reach agreement on an international treaty to protect pink salmon on the Pacific coast. An official of the fisheries department said the meeting has been tentatively set for Oct. 22 in Ottawa.

CONVENTION WAS MOST SUCCESSFUL REPORTS MAYOR

The annual convention of Mayors and Municipalities which concluded last week at the Royal Connaught Hotel, Hamilton, Ontario, was the most largely attended and most successful ever held. Mayor J.D. Stewart reported following his return over the weekend.

The main topic brought up for discussion were municipal finance, education, traffic control and civil defence. In the matter of finance the general feeling was that the Federal Government should permit a larger share of the tax dollar to go to the municipalities. Mayor Stewart said that due to the wide and forceful discussion in the matter at the convention, "there are already hopeful signs that increased financial assistance will come from Ottawa."

One important resolution was passed to the effect that the Mayors call a joint conference of federal, provincial and municipal leaders. A new feature of the convention was the attendance of the Ministers of the various Departments of Municipal Affairs from all provinces with the exception of P.E.I. which has no such department in its administration.

Mayor Stewart remarked that a large number of the eight hundred delegates advised him that they were planning to spend their next vacation in Prince Edward Island. At the close of the convention, as retiring president, he was presented with a sterling silver cigarette box as a memento of his year in office. The gathering also elected the Charlottetown Mayor as honorary-president for the coming year.

All delegates were loud in their praise for the City of Hamilton, for the manner in which the guests were entertained. Special trains were provided to take them to Stratford-on-Avon to witness the Shakespearean play "Merry Wives of Windsor." They were also taken on a conducted tour of Niagara Falls. The 1957 convention is scheduled to be held at the Hotel Richelieu, Murray Bay, Quebec.

Attending the convention from Charlottetown, were Mayor J. D. Stewart, Councillors P.R. McCormac and Gordon Foster and City Clerk James Fullerton. The only other representative from the Province was Mayor W.A. Currie of Summerside.

QUEENS M. P. INSPECTS ROCK BORING

The second hole drilled to a depth of 200 feet in the Malden Melrose area disclosed 187 feet of rock and 13 feet of overburden. This hole is about five miles from the Northumberland Strait. Altogether five holes have been drilled with a start made on the sixth. Samples of a rock cores have been sent to Ottawa for testing, but the results of these tests have not as yet been made public. Man at the left of the picture is James Noonan on whose son's farm the drill is at present set up. At left is a section of the core—this one being nine inches long and two inches in diameter.

Souris Short 50 Donors At Red Cross Clinic Last Night

The results of the first of this week's series of Red Cross Blood Donor Clinics held last night at Souris were rather disappointing when just 144 donors registered on an objective of 200. This shortage presents an even greater challenge to residents of St. Peter's Bay and Morell where Clinics are to be held this afternoon and this evening, and to Summerside residents on Wednesday and Thursday on whom will depend the supplying of a sufficient amount of blood to keep the service going for the next few months.

Last night's Clinic was arranged by a committee headed by Souris' Mayor Bruce Stewart who was ably assisted by the Junior Hospital Aid whose members canvassed for donors as well as supplying workers to assist at the Clinic. Refreshments were solicited by the Junior Hospital Aid by the Senior Hospital Ladies' Auxiliary, the Souris Branch of the Canadian Legion and the Chepstow Unit of the Souris Sub-division of the Catholic Women's League. A number of willing men volunteers gave splendid assistance in setting up and taking down of the Clinic equipment, and several High School Red Cross girls, along with Mrs. O'Donnell and Miss Boylan - the nurses who looked after the rest beds - played an important part in the smooth operation of the Clinic.

N. S. Speaker Stresses Common Objectives

"If love of thy neighbour were world-wide, the billions of dollars now being spent to protect us could be diverted to peaceful pursuits and we could live in harmony," Robert E. Farley, Vice President of International Associations of Industrial Accident Boards and Commissions, said in a brief address at the Rotary Luncheon held at the Charlottetown Hotel yesterday.

Mr. Farley, who resides in St. Paul, Minn., touched on the similarity of the desires and ambition of the people of the United States and Canada. "We have basically the same ancestors from the British Isles and the Scandinavian countries who toiled vigorously and honestly to achieve the success which has resulted in two countries living side by side in perfect harmony," he said. "As far as our people are concerned, the boundary line is non-existent. When the two great political conventions in the U.S.A. have receded into history and the smoke of battle over the Presidency has cleared away in November, the fine understanding and mutual regard now enjoyed between Canada and the United States will remain unmarred and unchanged."

The speaker, who is attending the conference of Workmen's Compensation Boards and Industrial Accident Commissions now being held in Charlottetown, was introduced by Rotarian Bill Reid, Chairman of the Workmen's Compensation Board and thanked by Rotary President George Fisher.

Mr. Farley presented gifts from the Rotary Club of St. Paul to President Fisher and Secretary Roy MacGillivray, and was in turn presented with a colored scene of P.E. Island. Dr. Fisher made a brief verbal report on the activities of the delegates from Charlottetown who went to Saint John, N.B. last week to meet the President of Rotary International.

Delegates to the Workmen's Board conference, many of them accompanied by their wives, were the guests of Rotary at the luncheon meeting. The chairman of each delegation, introduced by Bill Reid included the following: Rotary, Woodstock, N.B., George Lord, Orno, Maine. Rotarians Robert Morris, Aurora Ont., C.W. Whitmoyer, Myerstown, Penn., Dr. W.E. Howatt, Summerside, Emery Des Roberts, Lynn, Mass.

WEATHER

HALIFAX (CP) — The weather office says a disturbance moving southeast through central Quebec is forecast to cross the Maritime today. Clearing weather will follow the disturbance, reaching as far south as the Bay of Fundy Tuesday evening.

Regional forecasts:

Prince Edward Island, eastern N.B. counties, lower St. John River Valley: Widely scattered showers ending in the afternoon; clear Tuesday evening; not much change in temperature; southwest winds 15 becoming light in the afternoon; low-high at Charlottetown 50 and 70, Moncton, Fredericton and Saint John 50 and 73.

WEATHER

HALIFAX (CP) — Canada's newest sub-chaser, the Assiniboine, captained by Cmdr. Eric Ernsshaw, left here Monday for a six-day shakedown cruise.

The 366-foot destroyer, the second of a fleet of 14, was christened and commissioned Aug. 16 at a dual ceremony at Sorel, Que. She arrived here Saturday to take her place as a component of the Atlantic fleet.

Naval officials said Monday the Assiniboine, sister ship of the St. Laurent commissioned last November, will undergo another two or three weeks of trials when she returns to port Saturday.

ASSINIBOINE ON SHAKEDOWN CRUISE
