VARIETIES.

Earthquake at Calabria.—The intelligence received of an earthquake in this Province is of the most painful character. Calabria is subject to earthquakes: a most terrific visitation of this sort occurred in 1783, which swallowed up many towns and villages. In some portions of the Province there are traces of former volcanoes, and the soil is one mass of lava. Calabria is at the southern extremity of Italy, and forms what is called the foot of the Italian boot.

Chinese Funeral.—Quite a singular sight, in the way of a Chinese funeral, took place in the city yesterday morning. The deceased must have been a person of some note and standing among his countrymen, judging from the length and character of the funeral procession. The hearse was magnificently decked with waving plumes of black, and immediately following it was a carriage in which some Chinese musicians who were discoursing music, which to their ears might have seemed very soft and solemn, but which struck us as horribly harsh and discordant. Eight or ten other carriages, filled with Chinese, followed, and the train was brought up by a carriage in which some more musicians were seated, making terrible sounds on gongs, and sticks of wood, and cymbals, in which neither time nor tune seemed at all to be considered.—[California paper]

Leeches.—Some one has discovered, that leeches, when drunk, will bite until sober; and, therefore, when they show a disinclination to bite, he makes them drunk; he puts them into a little warm beer, and directly they begin to kick about, he takes them out, holds them in a cloth, applies them, and finds that they will bite immediately and vigorously. This is one of the very few cases we (*Household Words*) have met with, of a personage being more useful when drunk than when sober. The surgeons at the Hotel Dieu, at Paris, are said to be a little more delicate in their practice; they intoxicate their sluggish leeches with a little warm wine and water, instead of beer.

Cause of the Fertility of the Plains of Babylon.—Gypsum beds, says Mr. Williams, stretch from four hours above Mosul many miles down the river, furnishing by their yearly wash the richest possible deposit for the plains of Babylon, and fully accounting for the otherwise incredible reports of their fertility, as given us by Herodetus. For thousands of years the Tigris has annually transported and spread this "dressing" over those regions free of charge, and were they now thoroughly irrigated, as in the days of the energetic Nebuchadnezzar, they might again be the granary of the world.

Prophecy and the Eastern War.—The author of "The Coming Struggle" has published another book, in which he says, that the summary of events in Russia's mission and destiny, as reduced from prophecy, is the following:—"1st. He wrests a portion of the Assyro-Macedonian territory from Turkey, and becomes 'king of the north.' 2d. He overthrows the Turkish power, takes possession of Constantinople, and becomes the 'dragon.' 3d. He conquers the continental nations, and becomes 'Gog of Magog.'" Pope and Popish system are to disappear. Napoleon the Third is to die the death of all usurpers. Austria is to fall like a rotten branch. Nicholas is to reign over all the nations of Europe as "Gog and Magog," but "he attempts the conquest of Syria and India, and is destroyed with all his hosts, in the valley of Jehoshaphat, near Jerusalem."

The Editor.—The (Richmond Mail) throws off the following capital illustration:—"They have a steamboat in the Western waters by the name of 'The Editor.' This is the best name ever yet given to a Mississippi steamboat. We are surprised it was never thought of before. The editor is a working engine, whose fires are going day and night. Now he sails against the tide, and now with it, going along at a dashing rate, until suddenly he comes up, all standing, against some hidden snag, which nearly shivers his timbers to pieces. Whenever he moves, he puts the waters in agitation for a time, and leaves a wake of troubled waves behind him, which lasts about five minutes. He serves everybody but himself, carrys freight and passengers in any quantity, and goes (puff—puffing) down the stream of life. Often his powers are overtasked, and the boiler bursts; but fortunately it kills no one but himself, and who cares for an Editor?"

The Western Christian (Advocate) states that some Methodist gentlemen in Cincinnati have datermined to support a missionary in Rome. He is to go as an American citizen and a Protestant missionary, claiming to exercise the proper functions of his ministerial office. Rev. Dr. Text has been selected for the mission.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP, For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. Curtis & Perkins:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

Yours respectfully,
W. D. Crumbie,
J. Morrill.

Hear the Brooklyn Daily Advertiser, of June 13th 1853.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy,—and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it. H. A. Alger.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. Henry Hunt.

Stetson, Dec. 2, 1847.

Deacon Hunt, the signer of the foregoing certificate, is a man of undoubted veracity and high standing in the community.

Likewise for sale as above,

HUNTER'S PULMONARY BALSAM.

Hear what the Daily Mercury of Bangor says of Doct. Pomroy.

Hunter's Balsam. It is not often that we *can* say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, two have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq. we have the testimony of many of our own citizens and those of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. See Dr. Benjamin L. Pomroy's testimony, in agent's hands, or

Hunter's Pulmonary Balsam.—To those afflicted with Coughs, Colds, Consumptions, Asthma, Spitting of Blood, and all affections of the Lungs, we recommend Hunter's Pulmonary Balsam. It is believed to be the best article ever yet invented for these complaints. Price 50 cts. a bottle.

INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side, Lung and Liver Complaints.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills*. These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrheas,, Ague and Fever, Bilious Fever and sick headache, they are an invaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these ills have their equal in the world.

And live as roses live,
A single morning space!"

While others, in more mature life,—by some imprudence and a slight cold neglected,—in the hectic flush, the painful cough,

AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. Ayer. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Pectoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes, I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt: Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. Ayer,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe
Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. Ayer. Sir; This may certify that I have used your Cherry Pectoral for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

Dr. J. C. Ayer, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
