Airline Seeks Russian Service

SEATTLE (AP)—The Alaska Airlines Thursday applied to the Civil Aeronautics Board for permission to operate a commercial air service to the Soviet Union.

Charles P. Willis, Jr., president of the airline which operates from here to the territory, said the company seeks approval to fly from Seattle, Anchorage and Fairbanks, Alaska, and other territorial points to Irkutsk, in northern Siberia.

The flights would originate in Seattle, Anchorage or Fairbanks, Willis said, and it is hoped to start service in time for the 1958 tourist season.

A company official said the next step will be to ask the state department how the airline should proceed in negotiations with the Russian government if and when CRAB approves the application.

The city of Irkutsk, of approximately 314,000 population, recently was opened to tourist travel by Intourist, the Soviet government travel agency.

No airline or steamship has operated between Russia and Alaska since 1938 when the Alaska Steamship Company operated cruises to Port Dzenef, Siberia.

Red Leader Proposes Toast To Americans

LONDON (Reuters) — Soviet Communist party chief Nikita Khrushchev Thursday night proposed toasts to "the wonderful American people" and to other wartime allies.

Moscow Radio reported in English on the Soviet government's New Year reception, attended by many members of the diplomatic corps. One to a toast was to the United States, to the "wonderful American people" and to President Eisenhower.

Proposing the toast to countries which had been allies "in the fight against fascism," Khrushchev said: "We smashed fascism, but then found ourselves in different camps. That disappoints us. We do all we can to eliminate the situation called the cold war, and to ensure world peace."

"If wisdom does not triumph," Khrushchev continued, "means of destruction will pile up, war will break out, tremendous material values will be destroyed and millions of people will be annihilated. We believe 1958 will bring a weakening of international tension."

He noted that the Soviet Union was behind the United States in the level of economic development, but added: "Of course, we also have no little means, to say nothing of the armed forces."

Expect Dosco Steel Output At Good Level

SYDNEY (CP)—General Manager C. M. Anson of Dosco's Sydney steel plant, said Thursday operations were expected to continue "at a reasonably normal" pace in 1958 following a record-setting year in 1957.

The total output of steel in 1957 was about 900,000 tons, as the big plant churned out orders from around the world. Mr. Anson said in an interview there were no new orders on the books for 1958 but he expected production to be more than 70 per cent of last year's.

Capital expenditures last year cost \$4,500,000, and included a new open hearth furnace. Expansion will continue this year but the outlay won't be as big, he said. A \$850,000 coal-blending plant started last summer will be completed about mid-February.

Judy Garland Ends Contract

LAS VEGAS, Nev. (AP)—Judy Garland, who walked off the stage in the middle of a New Year's Eve night club show because she thought the crowd was too noisy, ended her contract with the Flamingo Hotel Thursday.

A hotel source said Miss Garland stormed off stage in the middle of a number with the angry remark, "I appear to be you're going fine without me."

Another source said Judy began her engagement last Thursday with a touch of laryngitis and never fully recovered.

Star's Tears Wash Out Opera Opening In Rome

ROME (Friday) (AP)—Opera star Maria Menghini Callas broke down in tears Thursday night after singing the first act of Bellini's Norma and washed out the gala opening of the Rome opera season.

The breakdown occurred in the temperamental soprano's dressing room. Italy's president and other notables were in the audience.

The remainder of the opera was called off after a long, unexplained intermission. The announcement brought a chorus of broos from the audience.

Hundreds of demonstrators gathered outside the opera house. Riot police were called to suppress any rioting.

Miss Callas slipped out a side entrance early today and entered her hotel by another side door, avoiding crowds at both places.

Miss Callas' friend, party-giver Elsa Maxwell, spent considerable time comforting her in her dressing room and emerged saying Miss Callas "simply lost her voice entirely." The role of Norma is one of the most difficult in opera.

"She had a bad cold but she tried to go through the performance all the same. It was the bravest thing I ever saw. But at the start of the second act she just found she had no voice any more," Miss Maxwell said.

VOICE WILL RETURN
Miss Maxwell said the New York-born star was visited by a physician. "He said she will acquire her voice... right now the poor girl can barely whisper."

The management said completion of the opera would be postponed to Saturday.

Beside President Giovanni Gronchi, the audience included most members of the Italian cabinet, film stars Anna Magnani and Gina Lollobrigida and members of Rome's society.

The first act went off smoothly, with Miss Callas seeming in good health and playing her part capably.

The Italian government last Friday presented Miss Callas its insignia of recommendation for merit in ceremonies at Milan.

WAS TOPS IN POLL

The San Francisco Opera dropped her from its roster last September, alleging she broke her contract. A month before she walked out of the Edinburgh Music Festival. Earlier in the year the Vienna Opera cancelled its contract with her.

Polio Vaccine Now Available To Adults At Reduced Rates

The program of adult anti-polio inoculations initiated by the P.E.I. Chapter of the Polio Foundation will be continued this winter at reduced rates, at least to those in the 19-40 age bracket. This information was released yesterday by Dr. Todor Gencheff, chairman of the Chapter committee charged with the operation of the project, as a follow-up to Thursday's announcement by the Provincial Health Department.

Dr. Gencheff stated that the Chapter committee were very appreciative of the recent move on the part of the local government by which vaccine will be supplied free to the committee. However, in order to avoid confusion in the mind of the public, the committee chairman emphasizes that, to cover the administrative costs of the project, it will be necessary for the committee to charge new patrons of the project \$1.00, which payment will cover the entire series of three inoculations.

NO FURTHER CHARGE
No further charge will be made in the case of individuals who have already received first and second shots under the current project, Dr. Gencheff added. This he noted will cost the local Chapter of the Polio Foundation upwards of \$1,600 which sum will be paid from the Chapter's public donations for the benefit of the people of the Province. Additional deficits that may occur in the operation of this province-wide project will be underwritten by the Polio Foundation March of Dimes Fund, he said.

In the opinion of some members of the committee, those over 40 who desire protection against polio will be required to pay the \$3.00 fee established when the temporary clinics commenced last fall. However, it was pointed out that this subject would be discussed and decided at a full-scale committee meeting some time next week.

The clinics are expected to resume operations on January 10th, following the holiday recess. On that date a clinic will be held at the local terminal of the Canadian National Railways. Following this five repeat clinics are scheduled. The committee hopes to finish Charlottetown by the end of the current month and then move on to Summerside.

To date this project has given a total of 5,211 inoculations of Salk vaccine.

Toronto Car Dealers Held By Immigration In Halifax

HALIFAX (CP)—Immigration officials said Thursday night they did not know when two Toronto car dealers, held for an "admissibility examination," would be allowed to continue home.

Len Jacobs and Arthur Morris returned to Canada from Israel Saturday on the liner Saturnia after being reported missing from Toronto since last June. Since Saturday, they have been detained by the immigration department while an investigation is made concerning their admissibility to Canada.

The two are British subjects but immigration officials said they are not Canadian citizens.

A bench warrant has been issued in Toronto for the arrest of Jacobs for skipping \$1,000 bail on a criminal negligence charge. The two vanished from Toronto leaving a \$1,000,000 business, a \$50,000 home, a \$25,000 cottage and an \$18,000 speedboat.

Immigration officials would not elaborate on the details surrounding the detention. The official on duty Thursday night said such investigations and detentions are not unusual. "They are certainly routine as far as we are concerned."

"DON'T HAVE CLUE"
Asked when they would be released, he said, "I don't have a clue." They would be held until the examination is completed.

Mrs. Jacobs disappeared with her husband in June, but she returned to Toronto in October. Mrs. Morris is believed to be in Halifax, but this could not be confirmed.
