MISAPPREHENSION.—The Mayor's nurse containing some \$40.00 was appropriated yesterday by some careless soul in the Mark + place, and we learn this morning that the similar care-less soul, who, in exchange for a good stick umbrella, left a poor alms one. These persons apparently have little dread of a Magistrate's wrath or a Mayor's displeasure. If they should happen to be caught, we wish them well out of their trouble.

MEN TOO OFTEN THINK that if their own lives are bright and happy it does not so much matter about the women who have to stay at home. The women have had to endure many things in silence. They have had to endure dreadful "washes" with their accompaniments of burning ashes or soda or powder, which puckered the hands, inflicted intense pain and made the clothes yellow; of course Lesive Phenix altered all that, and about time. The wash was a regular bugbear; now, it is made almost a ridiculous case. Use Lesive Phenix as directed and there is hardly any washing to do, the dirt is so completely taken out. Makes your old dresses look like new.

It went across his back and over one arm and side. He was burned most severely across the back as the belt which he wore around him held, the hot iron fell to him and made it difficult to get off before he had burned his side. He was taken to his home. The injuries though very painful are not likely to prove fatal.

OUR TEA TRADE IS BOOMING!

DURING the Months of November and December our Tea trade increased so much that we had to send an order to London for another supply, in order to keep us going till we receive our Spring stock. We attribute this large increase to the fact that we offered the public the best value in Teas on P. E. Island, and they gave them a fair trial and were convinced that what we stated was true.
