

Student union summer activities

With the opening of the school year I am taking this opportunity of contacting you with a brief account of Student Union happenings over the summer so that you may be prepared to discuss current business at the Council meeting on 11 Sept. Should you have any questions or criticisms before that time I'll be glad to discuss and explain any action to you.

To begin the story, we were notified that Memorial will be closed this Fall and we were requested to vacate our premises there. We decided that the best space available to us would be the room in the Barn which has been occupied by the Day Care Centre in recent years. We will need some alterations to this space but, beyond a minimum of change, we have left this for your consideration. We expect further help from the University in the way of electrical workers, whom we will pay at cost, and some financial remuneration for expenses. We think that there should be some delay in major alterations until need can be appraised. Considerable plywood has been salvaged from our former quarters.

Day Care members appear to be quite satisfied with the arrangements we made for them. They have been accorded space in the basement of Marion Hall, adjacent to the Medical office. There will have to be considerable change in the structure but, hopefully, the University allowance will defray this expense.

We were allowed space for the newspaper on the 4th floor Main. This year's Editor inspected the premises and, after being shown the maximum space he could expect if he preferred locating in the Barn, his decision was to move to 4th floor Main. Several students assisted us in making the move and the newspaper is presently situated there. We might also add that our salesman, John Fleming, has been canvassing local merchants and has already signed up more sponsors than we have ever had.

The Barn was painted at a labour cost of \$350.00. There seems to be general approval of the job that was done. Clyde Bell has been touching up the interior of the Barn. We disposed of the large billiard table and have had the small pool table moved to the balcony. We hope that dances may now be held in the room in which these were previously located so that the lunch area will be in suitable condition for use on the mornings after parties.

As you are probably aware, the University applied for a 10% increase in residence fees.

Inasmuch as we had been advised, from what should have been a reliable source, that we should expect them to ask for 25%, we did not oppose their application although we did appear, with a lawyer representing us, before the Rentalsman to see that our rights were protected. We may also advise that the University has made application to be excluded from the provisions of the Landlord-Tenant Act. When they made this application to the Provincial Secretary this would go before the Legislature next Spring for consideration. As you may see our move in opposition was a delaying tactic so that there is plenty of time for you, as the Student Council, to take whatever steps you may deem advisable before the Legislature convenes.

Hopefully, you will agree that our action in both these cases was prudent.

Recently we met with the P.E.I.L.C.B. and we made several applications for changes in hours as well as an extension of premises to include the East end of the building. We also asked for permission to conduct some wet/dry affairs so that our under 18's may attend more functions. The necessity of complying with all rules, as set down by the P.E.I.L.C.B. was pointed out to us.

There are several matters which will be coming up for your consideration but these are matters which have been done since 1 May, once again I'll be glad to hear your comments or criticisms.

Gerald McKenna
President

P.S. The first council meeting will be held on Sunday evening at 6:00 in the Panther Lounge. Hope you will be there.

PIG 'N' WHISTLE

Our liquor licence

For eligible students and members of the university community we have a license to serve beer & wine at specified hours. Please do not ask to be served IN ANY WAY outside of these time limits.

The laws of this province prohibit the sale of any alcoholic beverage to those under 18. They also forbid such sales if underage persons are in the premises. For this reason all student

I.D. cards are required to be shown when students are going to certain student union affairs where beer and wine are dispensed. Please do not "Take it out" on the Campus Policeman when he requests that you show your I.D. card he is only following a Student Union ruling which is being enforced to conform with P.E.I. law. Breaking this law could result in the loss of our license.

PIGS AND PUBS

This week's Pig n' Whistle is on Friday, Sept. 9, in the Barn. I.D.'s must be presented at the door. No one under 18 will be allowed in. Tequila will play at the Pig this Friday. Next week we will be back to our weekly Thursday night Pigs. Ian Fraser will be playing next week. Bar hours are the same as last year, 9-12:30 p.m. Unfortunately, minors are not allowed into this week's Pig. Hopefully though, in the future, we will hold at least one wet/dry event a month. By wet/dry we mean that the Panther Lounge will be licensed, while the rest of the Barn will not. This allows anyone under 18 to listen to our weekly bands.

Some changes from last year:
1. Pigs will be held: the east end of the Barn, (where the pool and billiards tables used to be.) This area is not only larger than last year's space, but it also has two entrance doors. Hopefully this will cut down on the

congested areas we had on second floor last year during intermissions.

2. Student I.D.'s must be presented at the front door, to the Campus police. Please don't hassle the C.P.'s if they ask you (even though they may know you personally.)
3. During Pig n' Whistles, admission sales end at 11:30. Nobody will be allowed into a Pig after this time.
4. Bottles are not allowed over the bar. Wine will not be served in quart bottles this year. We will be carrying four different wines, at varying prices: Lonesome Charlie at \$1.50, Cold Duck, Mateus and Jordan Valley Crackling Rose.
5. Anyone caught taking booze into events will be charged.
6. Anyone caught with phoney or forged I.D.'s will be charged. Pubs will be held Mon., Tues., and Wed. nights from 7-11 p.m. Watch future issues of this paper and listen to CIMN for possible changes in these hours.
