Sharp Lesson For Investors Seen In Stock Market Break

By FORBES BRIDGE
Canadian Press Business Editor
For the average small investor the lessons of the stock market break may be summed up as follows:

Man, Ottawa Share Huge Flood Control

WINNIPEG (CP) — Federal and provincial officials have signed the controversial cost-sharing agreement on the \$23,000,000 Greater Winnipeg floodway project.

SWORN IS OVER HEAD

To a degree this may be justified and in a rising market it can be a profitable procedure. You can realize a capital gain by selling at a profit and you catch up more gradually, partly psychological, a rising market from stock spills and the like.

FRIGHTENED BUSINESS

No matter how ill-advised the projected increase may have been under the circumstances, and no matter how much the president may have been justified, the spectre of government control of prices was a frightener to many businessmen.

Opening lead — queen of spades.
The opening lead goes a long way towards determining the outcome of many hands.

For example, look at this hand where the opening lead proved fatal to the defense.

North-South bid aggressively to arrive at a slam and West led the queen of spades.

DAILY CRYPTOQUOTE

Here's how to work it:
A X Y D L A A X R
I D O P F E L O W

ONE letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, length and formation of the words are all hints.
