

Notice-Removal.

The EXAMINER is now issued from its new office in the LONDON HOUSE, where we shall be pleased to see its patrons.

Local and Other Items.

TEA POSTPONED.—The tea party to have been held at Alberton on Monday next is postponed until Monday week the 27th inst.

BOOT DRESSING.—The Ebony, Bixby's and Gilt Edge (encased in a pretty and useful miniature barrel) Dressings, to be had at Goff Bros.

TALL WHEAT.—Several stocks of wheat, 5 feet 5 inches long, from the farm of Mr. Jas. Kidd, Victoria Road, Indian Mountain, have been left at the Moncton Times office.

FOR HALIFAX.—The steamer M. A. Starr, Capt. Ferguson, sailed for Halifax last evening with a cargo of lobsters and pork, and several excursionists, who came down to attend the Scottish games.

TO THE DEAF.—A person cured of Deafness and noises in the head of 23 years' standing by a simple remedy will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John Street, Montreal. 4m—m14

POLICE COURT.—James McCabe, drunk and disorderly, \$30 or 30 days; F. McLeod, drunk and disorderly, \$30 or 30 days; M. Flynn, drunk and disorderly, \$30 or 30 days; W. Murray, drunk and disorderly, \$15 or 15 days; Tristram Woolridge, drunk, \$1 or 4 days.

WHAT THE PEOPLE SAY.—That the Masonic Picnic to be held at Pownal, on Thursday next, 23rd inst., will be the best yet. The sail is delightful, and the scenery grand. The location is all that can be desired, and they don't mean to miss it, but get their tickets early.

AFTER PRINCE IN FRANCE.—The quiet news of Charlestown are somewhat excited over a report which is in circulation, that one of our oldest families is laying claim to a princely estate in France, and that a large amount of evidence is in the hands of a legal firm in this city.

AMERICAN POACHERS.—A despatch from Gape Basin, Aug. 11, says: A fisherman returned from the fishing at Anticosti, reports that two weeks ago a fishing schooner from Portland, on the south side of the Island of Anticosti, at one cast of her trawl caught 5,000 lbs. of halibut, and finished her cargo in three days and left, laughing at the Canadian protecting steamers and cruisers.

WHO IS SHE?—Advices from London state that a Princess, a near relative of the Queen has been converted to Romanism. The statement has caused considerable curiosity as to the identity of the royal lady. Conjecture is pretty evenly divided as between the Princess Louise and the aged Duchess of Cambridge, though the latter is often fixed upon as the person alluded to by the paper.

HOWE'S CIRCUS IN TROUBLE.—Messrs. Griffin & Carey, proprietors of Howe's Circus, are under arrest at Sussex, N. B., by virtue of an order issued by Judge Palmer, on motion of Mr. Daniel Mullin, claiming \$500 for damages sustained by a lad, Otty Sears, who had his ankle injured by the carelessness of one of the circus employes while the cars were unloading at the station in St. John on Saturday last.—Ez.

A WARNING FOR OUR BOYS.—Says the Moncton Times: While Conductor Sears' special, a working train between Moncton and Salisbury, was shunting at the latter station on Wednesday afternoon, young Harvey Boyce fell off a car and was run over by the train, his leg being cut off. It is understood that a number of boys, Boyce among them, were playing about the cars and had been warned off several times.

ISLAND HORSES.—Eleven P. E. I. horses are now exhibited for sale at Smith's stable on Germain street, by Messrs. Kennedy and Thompson. The number brought from the island a few days ago was 41, but of these Mr. R. Stead took 20 to Brownville, Me, and some of the remaining ones have already been disposed of in the city. The 11 now at the stable will probably remain there for a week if not sold.—St. John Telegraph.

MACQUEL.—The shipment of mackerel from P. E. I., this year, is very small in comparison with former years. Not more than 300 barrels have been received at the I. C. E. freight shed during this month, while during the same month of former years about 300 barrels per day would be received. Most of the mackerel coming over the Intercolonial is transhipped by the International S. S. Company to the States. The small shipments are due to the scarcity of the fish, which is a very good reason, the catch being very light.—St. John Telegraph.

AN INFLEX OF IMMIGRANTS.—Mr. E. Clay, government immigration agent at Halifax, reports to the department of agriculture, that there was an unusual influx of immigrants there during July. The arrivals in that month reached 490, which did not, he says, include a single pauper. They all got employment, the demand for labor in Nova Scotia just now being greater than the supply. The department is in receipt of advices from Manitoba and the Northwest which indicate that the root crop will be almost marvellous. Alternation of warm rains and fine weather have had a magnificent effect on the crops.

TO BOSTON.—The Steamer Carroll, Capt. Brown, sailed for Boston at six o'clock last evening with a cargo of starch, mackerel, eggs, and canned goods, and the following passengers: M. Currie, M. Holland, Miss Green, Miss Sarah Barnes, L. J. Whelan, D. Munn, Miss Munn, Mrs. McLeod, Mrs. Mearns, Miss Mearns, Minnie Ferguson, E. Lyons, Hanna Martin, M. J. Fitzsimmons, Miss Sellers, Miss Matheson, S. Nicholson, G. Currie, Miss F. Munro, Mrs. Hogan, Mrs. F. McAdam, F. McAdam, Mr. Ferguson, W. Ferguson and A. Ferguson.

DYNAMITE PLOT FRUSTRATED.—What the Chicago police think was an attempt at the wholesale destruction of property on the Burlington road, was discovered Tuesday morning. While travelling his beat, a policeman saw an object on the "Q" tracks, on sixteenth street, near the viaduct. On picking it up he found that it was a gaspump bomb, containing enough dynamite to blow up an entire train. The bomb was six inches long and 1 1/2 inches in diameter, one of the largest size made by the Anarchists. The police have no clue as to who could have placed the bomb upon the track, but are inclined to suspect some of the Burlington strikers or their friends. The dynamite was almost under the viaduct, and if exploded, it would have resulted in a heavy loss of property, if not in the destruction of life.

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER.

TWO STEAMERS COLLIDE.

TERRIBLE LOSS OF LIFE.

NEW YORK, Aug. 16. The steamship Wieland, which arrived to-day from Hamburg reports that on August 14th, while 30 miles south of Sable Island, at noon she saw the Danish steamer Thingvalla from Copenhagen for New York, with signals of distress. The Thingvalla had collided on the 14th, at 4 a. m. with the steamer Geiser, of the same line from New York August 11, for Copenhagen. The Geiser sank in about five minutes. Fourteen passengers and 17 of the crew, among them Capt. Moler, were saved; 72 passengers and 33 of the crew were lost. The steamer Wieland brought 445 passengers from the Thingvalla and those saved from the steamer Geiser to New York. The steamer Thingvalla will, although badly damaged, endeavor to reach Halifax, N. S. A very heavy sea and dense fog were experienced through the night and early on the morning of Aug. 14. It is said that objects could not be distinguished 50 feet away by reason of the fog. Stories differ as to where the liability lies if not wholly to fog and heavy sea. The boats quickly recoiled and within five minutes the Geiser sank. The Thingvalla did all she could to save the Geiser's crew and passengers while still in doubt whether the Thingvalla was not dangerously disabled, but owing to the heavy sea only 31 were saved.

Cricket in St. John.

ST. JOHN, N. B., Aug. 16. It is many a day since such a fine exhibition of batting was seen in St. John as that given by Mr. Henry, of the Halifax Wanderers, in their match with the St. John Eleven here yesterday, his score of 45 being made without a single error or loose play. In their first innings St. John scored 69, and Halifax 83. The game will be resumed at 11 this morning, and as the struggle is a keen one, the result will be awaited with great interest.

A Successful Revolution.

LONDON, Aug. 16. A despatch from Port au Prince says that the revolution has been successful, and that the Government has been overthrown. The President has taken refuge in an English frigate. Boulton has formed a new government.

A Bad Failure.

HALIFAX, Aug. 16. It is expected Esson & Co. will assign tomorrow. The failure is a rotten one, and after the preferred ones are paid other creditors are not likely to get five cents on the dollar.

The Vote in Colchester.

TRURO, N. S., Aug. 16. The total vote in Colchester was 3,280, of which Archibald received 1,738; Eaton, 1,219, and Fulton 313.

Brakeman Killed.

HALIFAX, Aug. 16. Arthur Grey, brakeman on the Eastern Extension Railway, while looking over the car platform struck his head against the pillar of Pomquet Bridge and was killed.

Destroyed by Fire.

LONDON, Aug. 16. Advices from Cayenne, French Guiana, state that the business portion of that city has been destroyed by fire. The loss is \$2,000,000.

Weather Bulletin.

TORONTO, August 16—10 a. m. Moderate south and west winds; fair and warm, with a few local showers.

Personal.

Lt.-Col Irwin, Inspector of Artillery, has left Ottawa for the Maritime Provinces. Hon. John Haggart, the new postmaster-general, has been elected by acclamation for South Lanark. Mr. Henderson, of the telegraphic service, Sackville, N. B., is visiting his relatives and friends in this city.

Dr. Green, the President of the Western Union Telegraph Company, says that the cable settlement will add \$8,000,000 to the Western Union receipts during the year. Hon. Mr. Laurier is meeting with a very tame reception in Ontario. At Toronto only twelve young Liberals could be mustered to receive him, and the Oakville meeting was equally flat.

Mr. A. E. Roote, agent of the Sig. Giovanni Novelty Co., with the well known Zera Semoa at his head, is in the city. He has secured the Lyceum for five nights, beginning with Monday evening.

Dr. McEachran, Dominion veterinary inspector, has just returned from an inspection of cattle and horse ranches in the Northwest. He reports to the department of agriculture that stock is in splendid condition.

Charles Innes, editor of the Northern Chronicle of Inverness, Scotland, is visiting Canada with a view to gathering information about the Crofters who have settled here. He will write letters to his paper and the Edinburgh Scotsman.

The Ottawa papers announce the death, after a few days' illness, of Miss Hester Campbell, eldest daughter of Sir Alexander Campbell, Lieutenant-Governor of Ontario, at Inverlaken, Switzerland, on the 21st ult. The remains will be interred in Switzerland. The Empire says: "From private information received in the city it is evident that the trip abroad has not benefited Hon. Edward Blake's health as was anticipated. In fact he is said to be no better than when at Murray Bay before going abroad. There is little doubt that the great Liberal Leader will be unable to take his seat in Parliament this coming session, if ever again."

CROCKERY will be sold very cheap for a few months, in Dinner Sets, Tea Sets, Chamber Sets, and a very large stock of assorted Glass and Earthenware, at the Cheap Crockery Store.—W. P. Colwill. 1y30—dy 4w 4wd wky 4w
