MISCELLANEOUS.

LESSON OF A LIFE.

Passing a book stand the other day, we invested a sixpence in a faded London book, entitled "The life of William Hutton, stationer, of Birmingham, written by himself." We were curious to know what there could be in the life of a Birmingham stationer worth writing and publishing.

William Hutton was born at Derby, England, in 1723. His father was a drunken, improvident wool-comber; his mother, a worthy, industrious woman. When he was seven years old, he was apprenticed to a silk-weaver. He was so short that he had to wear tall pattens to reach the engines. Here he worked for seven years, from five o'clock in the morning until night, and was caned whenever his master thought proper.

His mother died when he was ten years old. Here is the picture he gives of his father:—

"Though my father was neither young, being forty-two; nor handsome, having lost an eye; nor sober, for he spent all he could get in liquor; nor clean, for his trade was oily; nor without shackles, for he had five children; yet women of various kinds courted his smile, and were inclined to pull caps for him."

Having worked seven years at the silk mill, he was bound again—another seven years—to his uncle a stocking weaver. During this period he began to read books, and as he could only get pamphlets or old worn out columns, he exerted his ingenuity to bind them for himself; and succeeded so well that he soon picked up the trade, and finally preferred it to the one he had learned.

He therefore commenced business in a very small way, as a book-binder and dealer in new and second hand books, in a small town; then moved to Birmingham, went into the paper trade, and by close economy accumulated a fortune; became a literary man, served nineteen years as a magistrate, was distinguished as an author and antiquarian, and became a man of mark.

William Hutton commenced authorship at the age of fifty-six, and wrote with considerable industry for thirty years. Here is one of the best lessons of his life. It is never too late to begin to do any thing worth doing. Most men at the age of fifty-six think themselves too old to open a new career. Hutton commenced the work before us at seventy-five; and wrote his whole life from his infancy, with all the dates from memory—all his papers being destroyed in the Birmingham riots of 1791, of which he wrote a graphic history.

The personal habits of Hutton were remarkable. Having begun his life in extreme poverty, he was habitually frugal. He could live on the plainest food. He was a great walker, and at the age of seventy-eight walked six hundred miles in thirty-five days. At the age of eighty-three he walked thirty-two miles a day. He walked ten miles on his ninetieth birth day, and continued to walk every day, almost to the last day of his life. He died at ninety-two, leaving a flourishing business and large landed estates to his children, with an example of honesty, industry, frugality, temperance and benevolence, worth more than all the gifts of fortune.

HERE IS A STORY FOR THE MARINES.

We copy the following from an intelligent Boston exchange—it is worth reading:—

SINGULAR INSTANCE OF PATRIOTISM IN A DOG.—One of the most wonderful facts, illustrating the intelligence and patriotism of the canine race, has lately transpired in Albany, N. Y. The story may be thought rather tough by some, for it certainly bears a tinge of romance, but it is stoutly vouched for by parties whose character for veracity is beyond question. There is an Englishman in the city alluded to, proprietor of a drinking saloon, who has owned a dog from puppyhood to days beyond his minority. When the last order of the President was promulgated, directing a draft of 300,000 men, the saloon proprietor became alarmed at his prospect of serving his adopted country, and thinking to evade the chance he went straightway and swore allegiance to the British government. The fact became known among many of his American patrons, and they withdrew their custom. Shortly after his dog forsook him and took up his quarters in the Western Railroad office, a few doors from a recruiting office, and nearly opposite his former home. The Englishman took him home, but contrary to former inclination his dogship refused to remain. His owner followed him, and with the nicest sirloin steak the market afforded tried to coax him home, but the dog remained true to the stars and stripes, and is now permanently settled with his loyal friends at the railroad office. The Englishman visits him occasionally, but the dog pays little or no attention to him. What makes the story the more wonderful, and impresses those acquainted with the facts with admiration for the dog's patriotism, is the fact that until his master swore allegiance to the British government the animal was singularly attached to his master, and seldom found away from home.

AGES OF THE NOBILITY.—The eldest Duke is the Duke of Cleveland, who is 74 years old, and the youngest the Duke of Norfolk, aged 15: the eldest marquis is the Marquis of Lansdowne, 82, the youngest the Marquis of Ely, 13; the eldest earl is the Earl of Charlemont, 87, the youngest the Earl of Charleville, 10; the eldest Viscount is Viscount Combermere, 89, the youngest Viscount Downe, 18; the eldest baron is Lord Sinclair, 94, the youngest Lord Rossmore, 11; the eldest member of the Privy Council is Lord Lyndhurst, 90, the youngest Earl Spencer, 27; the eldest member of the House of Commons is General Hon. Sir Hugh Arbuthnot, member for Kincardineshire, who is 83, the youngest Mr. Reginald A. Vyner, the member for Ripon, 23; the eldest judge in England is the Right Hon. S. Lushington, aged 80, the youngest Mr. Baron Wilde, 46; the eldest judge in Ireland is Chief Justice Lefroy, 86, the youngest Mr. Justice Keogh, 45; the eldest judge in Scotland is the Lord Justice General, 69, the youngest the Lord Justice Clerk, 52; the eldest Archbishop is the Archbishop of Dublin, 75, the youngest the Archbishop of York, 43; the eldest bishop is the Bishop of Exeter, 85, the youngest the Bishop Designate of Gloucester and Bristol, 43; the eldest colonial bishop is the Bishop of Toronto, 83, the youngest the Bishop of Ontario, 37; the eldest baronet is Sir Tatton Skyes, 90, the youngest Sir George R. Sitwell, 2; the eldest knight is General Sir James L. Caldwell, 92; the youngest Sir Charles Bright, 30.

BIGOTRY IN TASTE.—Art and science have also their intolerance. Here the orthodox physician talk of his innovating brother. No coarser libels have been written than those in scientific journals against a professor of science. In art an artist forms his theories and his school, and has an enthusiastic faith in their indubitable superiority; the artist of a different school he regards as a Goth. One of the mildest poets I ever knew, who had nurtured his own harmless muse in the meek Helicon of Wordsworth, never could hear Lord Byron praised, nor even quoted, without transports of anger. I once nearly lost one of the best friends I possess, by indiscreetly observing that the delineation of passion was essential to the highest order of poets, simply because he had formed a notion in the rectitude of which he had the strongest good faith, that perfect poetry should be perfectly passionless. I am not sure, indeed, whether there be now-a-days a more vehement bigotry in matters of taste than in those of opinion. For so much has been said and written about toleration as regards opinion, that in that respect the fear of not seeming enlightened preserves many from being uncharitable. But on the contrary, so much is every day said and written which favours intolerance in matters of taste, that it seems enlightened to libel the whole mental and moral composition of the man whose taste is opposed to your own. I have known language applied to a difference of taste, on the merits of a poet, a novelist, nay, even an actor, which the Bishop of Exeter would not venture to apply to Tom Paine.—*Sir E. B. Lytton, in Blackwood.*

THE PRIDE OF NEW YORK.

1863's Specialty.

GRAND MIRROR OF AMERICAN GENIUS.

"Correct with spirit, eloquent with ease,
Intent to reason, or polite to please."

The New York Mercury

FOR THE NEW YEAR.

IT is with no fear of War's effect upon their literary fortunes, that the publishers of THE NEW YORK MERCURY acknowledge the unwavering loyalty of their TWO HUNDRED THOUSAND SUBSCRIBERS, and announce to them and to all, that the NEW YORK MERCURY for this year (1863) will be richer in every luxury of Polite Literature than ever before. It is no upstart speculation, no temporary "sensation," but a first class literary weekly, which has been familiar to the United States for a quarter of a century; and while the wishy-washy mushroom prints of yesterday are cutting down their talent even while they raise their subscription-price, THE NEW YORK MERCURY maintains all its great Staff of Romancers, Poets, Humorists, Essayists, Story-Tellers and Editors, and promises to make it still greater for 1863.

It is the one paper for every home. Its forty columns of reading matter per week constitute an unparalleled

CONSERVATORY OF THE ENTERTAINING,

and its Novels, Miscellaneous Tales, Beauties of Verse, Gossip, Feuilletons, Broadsides of Humor, and Polished Editorials, combine to epitomize all the charms of

WIT AND SENTIMENT!

The husband reads it to his wife, the mother to her children, the lover to his sweetheart, the soldier to his comrades, and the village schoolmaster to the circle around the stove. It is familiar to the sight of every man, woman, and child in our country, and has regular subscribers in several countries of Europe. THE NEW YORK MERCURY is also identified with the grandest patriotism of the age, for several members of its brilliant Staff hold high rank in our noble army, and have made themselves as famous with the Sword as with the Pen. The great illustrating artist of THE NEW YORK MERCURY, the inimitable DARLEY, gives the paper the highest attributes of Fine Art; and yet this largest literary weekly of the day promises to surpass itself in all these respects during the New Year!

The first NEW YORK MERCURY Novelette for the New Year to be commenced in the issue of January 3, 1863, is called

VICTORIA;

OR,

THE HEIRESS OF CASTLE CLIFFE.

BY COUSIN MAY CARLETON,

AUTHOR OF "GYPSY GOWER," "SYBIL CAMPBELL," "ERMINIE," "LA MASQUE," &c., &c.

The productions of this distinguished authoress need no eulogy. Public opinion has long since pronounced them superior to any other novelettes published on this side of the Atlantic; and the true test of their merit is found in the fact that they are eagerly reproduced, after their publication in the MERCURY, by the English press. We may add that the new tale, "Victoria," is fully equal in interest and depth of plot to either of those which have secured so large a share of public approval, and we can earnestly recommend it to all story-readers.

THE NEW YORK MERCURY is sold by all newsmen and periodical dealers in America. To Subscribers, it is regularly mailed every Saturday morning for $2 a year; three copies for $5; six copies for $9; eight copies for $12, with an extra copy, free, to the getter up of the club. Six months' subscriptions received. Always write plainly the name of your Post Office, County and State. We take the notes of all solvent banks at par. Payment must invariably be made in advance.

☞ Specimen Copies sent free to all applicants. Address all letters and remittances, post paid, to

HUNNEWELL'S TRIPLE REMEDIES.

THIS combination, under the study of the TRUE ANATOMY OF MEDICINE, now perfected in every department, placed at prices within reach of all, and calling for special attention, are,

1st. The Universal Cough Remedy.

Which, without the slightest restraint upon its use every hour, and containing no ingredients to disturb the most delicate constitutions, becomes an enemy to all Throat and Lung Complaints, from that terror to children, WHOOPING COUGH, for which it is a certain relief, to OLD AGE with its infirmities, and by a timely application will not only check that blight on the *American climate*, CONSUMPTION, but rob the *grave* of many of its early victims.

For HOARSENESS so common to Public Speakers and Singers, it is without a parallel. For SORE THROAT, a certain cure.

Make it your *pocket companion* by day, and your *bedside* friend by night, using it whenever you please.

2d. The Celebrated Tolu Anodyne,

Which has drawn such loud praise from thousands who have tested its true character, and found it a sure and immediate relief for Neuralgia, Gout, Rheumatism, Tooth-ache, Ear-ache, Bowel Complaints, St. Vitus Dance, Bleeding at Lungs or Stomach, Distress in Chest after eating, and for all Nervous Complaints, to that chief of all causes of Disease, Depression of Spirits, and Insanity, the

"LOSS OF SLEEP."

For COMMON HEADACHE, NERVOUS or CHRONIC HEADACHE, and VIOLENT SICK HEADACHE, it has no equal, to which I can give the most undoubted references, and to which special attention is asked.

For the Monthly Sufferings of Females, a perfect relief, while nature's after work is undisturbed. By its use, many a wreck to the nervous system and Chronic Female Complaints will be prevented.

3d. Hunnewell's Eclectic Pills.

Designed as the GREAT MERCURIAL SUBSTITUTE, and assistant to the work of the Tolu Anodyne, and Universal Cough Remedy, when cases to which they are adapted are aggravated by indigestion, Biliousness, &c., producing all the requirements of a gentle and thorough FAMILY PHYSIC, and coming in contact with the too common error of making a Pill Box of the Stomach, and producing by the number required for a dose such extremes, that the Stomach loses its balance entirely.

A single Pill at night, or one at night and morning, will in all cases produce a gentle and thorough cathartic. By taking a single pill every second or third night, and *following it regularly*, living on good and easily digested food, INDIGESTION, DYSPEPSIA, BILIOUSNESS, LOSS OF APPETITE, LIVER COMPLAINTS, &c., are permanently cured.

For WORMS they are a safe, speedy and permanent cure.

☞ Be sure to call for HUNNEWELL's preparations.

JOHN L. HUNNEWELL, Proprietor.

Practical Chemist and Pharmacentist, Commercial Wharf Boston, Mass.

With whom Physicians, Dealers and Patients are invited to correspond. Pamphlets, Circulars, Formulas, and all evidence of real character, sent free on application as above.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome *humor* in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

IS THERE any VIRTUE in Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?

Convincing Testimony.

REV. C. A. BUCKBEE, *Assistant Treasurer American Bible Union, N. Y. City*, writes: "I very cheerfully add my testimony to that of numerous friends to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum."

REV. WM. CUTTER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot."

REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being grey to its natural and beautiful color."

REV. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color."

REV. A. WEBSTER, Boston, Mass: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

REV. H. V. DEGEN, Boston, Mass: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

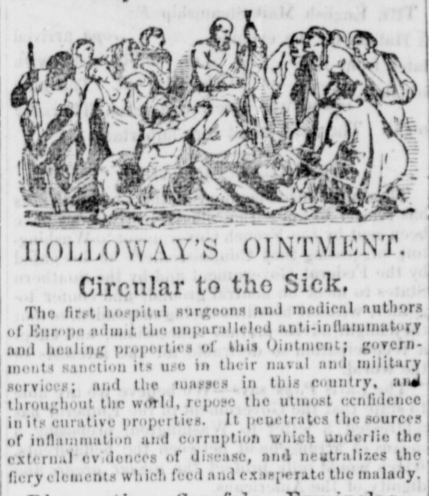
The Ready and Reliable Remedy.



HOLLOWAY'S OINTMENT.

Circular to the Sick.

The first hospital surgeons and medical authors of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country, and throughout the world, repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralizes the fiery elements which feed and exasperate the malady.

Rheumatism, Scrofula, Erysipelas.

These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation.

King's Evil, Fever Sores, Siff Joints.

In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopœia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer is radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for burns, sprains, and bruises, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Heated Blood, Scorbutic Eruptions.

This Ointment is universally resorted to with the happiest effects by seafarers for easing and curing the skin diseases resulting from the continued use of salted provisions. It is largely and successfully employed by sailors of all nations for curing the scurvy and the annoying eruptions which spring from overheated blood. Its fine cooling properties are invaluable in inflammation, ulcers, or sores, of the legs or feet, and it gives greater ease than any other application to the aches and darting pains, produced by varicose veins or neuralgia, resulting from exposure to cold or wet.

Wounds, Bruises, Burns, and Scalds.

The extent to which mechanical and manufacturing industry in this country has reached, is greater than in any other, therefore the liability to bodily accident has increased in the same ratio. Accidents are lamentably frequent, and often when seemingly trivial in themselves, are made to end fatally from want of due attention and proper remedies. The most powerful curative ever applied to wounds, bruises, burns, or sores of any sort, is Holloway's Ointment. Every tradesman, in fact, every man to whom an accident may happen — and who is there exempt?—should be provided with it against the physical dangers which, though never foreseen, are of hourly occurrence.

Bad Legs, Piles, and Fistulas.

The cures which this Ointment effects in healing Ulcers of long standing, and which have resisted all other applications, as well as in curing bad legs, Piles and Fistulas, have been so countless and so notorious throughout the world, that any effort to give an adequately detailed statement of their number or character would be vain. It is sufficient to say that the Ointment has never proved inefficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (Softs)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions		Sore-throats
Bite of Moschetoes and Sand Flies	Elephantiasis	Skin-diseases
	Fistulas	Scurvy
	Gout	Sore-heads
Coco-bay	Glandular Swellings	Tumours
Chiego-foot		Ulcers
Chilblains	Lumbago	Wounds
Chapped Hands	Piles	Yaws

Dr. La'mert on Self-preservation.

Price, with Engravings and Cases, 25 cents; by post, 30 cents.

SELF-PRESERVATION; a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh;

Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally qualified practitioner whose name stands on the 'Medical Register' (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

Nov. 18.

The Liverpool and London FIRE AND LIFE INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg.; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorised to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen's," and that the Agents here should, in this respect, "act in concert."

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."
