All-Star Battle Looms

By Pius Callaghan
The ALL-STAR game between the National and American Leagues is set for next Tuesday night at the Municipal stadium. It will settle nothing but it will give a big financial boost to the players' pension plan.

This season the game is going on in one of the biggest ball parks in the country and there's a fair chance that Cleveland fans will jam their park for this one.

One of the Triple's own boys, Jim "Mudcat" Grant will be in there touting for the men handled by Yankees' Ralph Houk. That will surely help the attendance in this good baseball city.

This game is the only such affair in 1963. For the past few seasons they played two all-star games but that has been wisely done away with. The show was getting tiresome and those in authority prudently scratched one game off the menu. This one next Tuesday will, therefore, mean much more than did the first game last season.

Boston's "monster," the great Dick Radatz, will be in action sometime during the encounter. Fans will be eager to get a glimpse of the remarkable moundsman who has a spectacular earned run average of 1.16. Dick is fast but only one decision while winning seven. Quite a feat for a reliever.

THERE'LL be some great names missing from the two squads. Mickey Mantle is out of the game but that has been wisely done away with. The show was getting tiresome and those in authority prudently scratched one game off the menu. This one next Tuesday will, therefore, mean much more than did the first game last season.

Starting pitchers will be in doubt until almost starting time Tuesday but it is almost a certainty that Yankees' Jim Bouton will toss them in for the American League in the first three innings. Pitchers announced by Houk are Bouton, Radatz, Grant, Manning, McBride, Tischer and Lee.

THE league leading St. Louis Cardinals showed folks why they are leading the league when they placed three starters on the National League squad. First baseman White, shortstop Grady and third baseman Ken Boyers were the honored trio. This gave the Cardinals the best showing of any team in the league.

Giants came second with Mays and Bailey. Dodgers' Tommy Davis, Pittsburgh's Mazeroski, and Milwaukee's Aaron completed the top three for the National League.

Los Angeles Angels and Minnesota Twins were the leaders in the American League voting. Leon Wagner and Albee Pearson played for the Angels and the Twins were the choices from Minnesota. The other American League selections showed the name of Kalfus, Detroit, Malone, Boston, Tex. White Sox and Peppers, Yankees.

Two Happy Fellows
PROBABLY one of the happiest guys about the selections in Chicago's Nellie Fox. Things were going well for him until he was back in it's his first all-star selection since 1960 but the ninth time he made the "All-Star" team.

Another player receiving a great bang out of the whole thing is fielder Al Pearson, the guy that had nothing to make a ball game. This little fellow will be out there starting in center field and you can't blame him if he's mighty proud of this great achievement. The mighty Alon is clowning the ball at a 313 clip and is driving in runs for the Yankees.

This is the same Pearson that Boston and Washington both got rid of and the same little giant that Baltimore "shipped to Chicago" and is driving in runs for the Yankees.

Speculation centres around young Jim Bouton of the Yankees as veteran Jim Bunning of Detroit as the probable starting pitcher. Bunning was named to go along with the batting order.

Biggest surprise omission from the team include New York lefty Whitely Ford (12-3), Red Sox right hander Bill Monbouquette (11-5) and Yankee outfielder Roger Maris (17 home runs).

One all star game clearly distinguishes this as The Game. Cronin said comment on the return to a single inter-league contest. There had been two a year, 1959 through last season.
