New Rate Structure Will Speed Service

A speed up in moving less than cartloads of freight will result from the new simplified rate structure announced by the CNR to take effect March 30.

The new rates were announced by the Canadian National Railways freight sales manager in Moncton, W.H. Collins. The rates are expected to speed up small loads of freight which will fill a car, moving between P.E.I. and Nova Scotia and New Brunswick.

An improvement over a previous rate category, the new system is a single scale of LCL rates covering most commodities. The rate is based on the weight of the shipment, and not on the commodity itself.

The new rate will mean that a shipper will be able to mix different LCL shipments under a rate compiled on the weight of the total cost for mixed cargo, is a combination of rates for each commodity shipped.

To broaden the effectiveness of the upcoming rates, an additional minimum weight category of 2,000 lbs. is to be added, to the existing ones of 500, 750, 1,000 and 10,000 lbs.

Acadian Museum Said Progressing

SUMMERSIDE — Work is progressing on the Acadian Museum at Miscouche and is expected to be completed in plenty of time for the tourist season.

The 60 by 30 foot structure has been completed as far as erecting the outside frame. Once this is done work will begin immediately on the interior. When fully completed the building will be in the style of a log cabin and is believed to be unique in this area.

Imprisoned Case Is Adjourned

SUMMERSIDE — Four crown witnesses testified before Judge W.E. Darby in town police court yesterday morning in the case of Robert Bowness, Summerside, charged with impaired driving.

The accused was arrested on the afternoon of Feb. 22 following an accident involving his vehicle driven by himself and a 1956 model car driven by Gilbert Arsenault, also of Summerside.

Mr. Bowness has pleaded guilty to the charge and it has been indicated by defence counsel G. Bruce MacDonald that the number of defence witnesses will be brought in to testify.

Following the testimony the case was adjourned until March 31.

Two other cases were before the court yesterday. Residents of

Summerside and Middleton were fined \$20 and costs on charges of drunken driving.

A weak disturbance was located over the Maritime provinces but it should move out during the night.

A more active storm centred in Illinois is expected to bring rain and snow to the region.

Regional forecasts: Prince Edward Island and New Brunswick: Cloudy and colder with a few snowflurries during the day, but continuous snow beginning in the evening. North winds increasing by evening to East 25. Low-high at Charlottetown 23 and 32. Moncton and Fredericton 20 and 30. Saint John 25 and 32. Edmundston 20 and 25, Campbellton 22 and 30.

High tide today at Charlottetown at 10:03 a.m. and 5:07 p.m. Summerside tide 10 minutes later than Charlottetown. St. John's rises today at 6:06 a.m. and sets at 6:31 p.m.

Time Bomb Found In Baggage Room

MONTREAL (CP) — Police said a time-bomb was found in a baggage locker at the CN's downtown central station Wednesday evening.

Det. Sgt. Louis Plouffe, Montreal police department's explosives expert, was called by CNR police after the paper-wrapped bomb was found during a check of the lockers.

Sgt. Plouffe dismantled the bomb made up of four sticks of dynamite wired to an alarm clock.

ASTHMA QUICK RELIEF

CHRONIC BRONCHITIS

Are you off work, unable to sleep, always expectorating, coughing, wheezing? Try TEMPLETON'S RAZ-MAX, the new asthma reliever. It gives you quick relief, breathes more easily, so you can work more comfortably. It's available at \$1.95 at drug counters everywhere.

Ray Sharp shown after "Two Georges". The boat was returning from an excursion in the Atlantic when a large wave struck the boat spilling 20 persons into the waters of Boynton Beach inlet.

Unemployment Commission Asks All Workers Register

OTTAWA (CP) — The Unemployment Insurance Commission has the power to compel about 4,500,000 working Canadians to get their new government social insurance number.

But it has no power — except that of persuasion — to require another 1,500,000 to 2,000,000 to sign up for their new nine-digit number during the current drive to register almost all employed workers.

The first group covered by workers already insured under the unemployment insurance program. They could go to fall for six months or pay a \$500 fine if they refuse to apply for their new S.I. number.

The second group spans most employees who, for a variety of reasons, are outside unemployment insurance coverage.

In their case, UIC officials hope they will voluntarily answer the question application form.

If they don't do it now, they will probably be compelled to do so once the Canada Pension Plan is launched.

Instructions being sent to all employers with the application forms point out that the present UIC numbering system is unsuitable for use in electronic data processing. It says the new nine digit system is to be applied to UIC operations, then adds: "The new system includes issuance of a social insurance number to all employed persons, whether covered by unemployment insurance or not."

Employers are instructed to ensure that each employee, insured and non-insured, completes and signs an application for social insurance number.

There is no mention of the fact that non-insured employees are not required by law to fill in the form.
