PROVINCIAL LEGISLATURE

[Continued from page 6.]

Manu and McKenzie applied for a charter to build a railway to the Klondyke with-out a subsidy; and an order in-Council was issued valuing the land at \$0 per acre which the Government proposed to give. In view of the great saving to the country we are not justified in voting for the government resolution.

Mr. Campbell said that we all have a sacred duty to perform. We should not be found bolstering up the cause of any party or becoming a mere echo for any party and wiping away the greatest safeguard to the country. Had there been nothing done for the people of P. E. Island by the Senate but what was done last year when they amended the Franchise Act so as to make it workable in this province we should not be found interfering with it. The Leader comes here and at the beck of Sir Wilfrid tries to interfere with our rights. We have been here for five weeks and if this is an important measure it should have been brought up long ago. The Leader sprung it on the House as a late hour and it was ruled out of order. It is only by the courtesy of the Opposition that it is brought up now. This resolution will have an injurious effect and it should never have been brought up in this House.

The House then divided on the amendments follows:—
 Ayes—Gordon, Shaw, A J Macdonald, J A Macdonald, Arsenault, M McKinnon, DesRoche, Campbell, Birch, Kick-um—10.

Nays—Farquharson, H C McDonald, McLean, McLaughlin, McNutt, Rogers, Richards, D A McKinnon, Prowse, Forbes, A Peters, Reid 13.

The amendment was declared lost and the original resolution adopted.
 Hon. Mr. Farquharson then submitted the draft of an address to the Queen along the lines of the resolution, and it was decided that it be presented to the Governor-General by the members of the House who are members of the Executive.

The House then went into committee on the pauper scales, Mr. Prowse in the chair. Reported agreed.
 The House then went into committee on the contingent accounts. Reported agreed to.

On motion of Hon. Mr. Farquharson the bill relating to fisheries was read a third time and passed.
 On motion of Hon. Mr. Macdonald the bill amending Vic. 35th and 36th, Chapter 7, was read a third time and passed.

At two o'clock this afternoon His Honor Lieutenant Governor Howland formally prorogued the Legislature after assenting in Her Majesty's name to the following bills:—

- An Act respecting the profession of Medicine and Surgery.
- An Act to amend the Charlottetown Sewerage Act.
- An Act to amend the acts Incorporating the town of Summerside.

The speech with which His Honor closed the Legislature was as follows:—
 SPEECH

Of His Honor George William Howland, Lieutenant Governor of the Province of Prince Edward Island, on closing the second session of the thirty-third General Assembly, on Friday, the 19th day of May, 1899.

Mr. Speaker and Gentlemen of the Legislative Assembly:

In acknowledging your attention to the Public Service, I must congratulate you upon the many useful measures which you have passed during the present Session.

I thank you for the liberal supply you have voted for the Public Service, and I assure you that the strictest economy will be practiced in the disbursements of the public moneys.

In relieving you from further attendance upon your Legislative duties, I trust that under Divine blessing, the many important measures enacted during the session may conduce to the prosperity and comfort of the people of this Province.

At the conclusion of the speech, three rousing cheers were given for His Honor, who was subsequently presented with a very complimentary address by the members of the Opposition.

The Guard of Honor was under command of Major H. M. Davison, and presented a splendid appearance.
