PALE and sallow cheeks mean disease and a premature death. Rosy cheeks are emblamatical of long life. The use of Dr. Williams' Pink Pills builds up the blood and nervous system, and never fails to leave rosy cheeks. Try them. dec28 1w

REGATTA — Arrangements have been made for a regatta on the harbor this afternoon. The programme includes four-oared, double-scull, and, probably, a single scull race, between crews from the South End and Hillsborough Boating Clubs.

I. O. O. F.—Port la Joie Encampment holds its regular session in the Oddfellows Hall to-morrow (Wednesday) evening, at 8 o'clock. The officers for the current year will be installed by D. D. Grand Sire Benj. Bremner. Members of the subordinate lodges are cordially invited to be present and with witness the ceremony.

THE very changeable weather this season has been productive of colds and coughs, and nearly everyone is suffering from this unpleasant malady. Everybody's Cough Syrup, prepared by A S Johnson, is the popular remedy, and is meeting with a larger sale than ever before Put 25 cents in your pocket and call around and get a bottle.

FIRE.—The barn of Handly Bishop, constable, near Clementsport, N S., was burned to the ground on Thursday night with its contents, including two horses and five head of cattle. Incendiarism is said to be the cause, arising out of Scott Act convictions. A man named Sanford is under arrest.

THE originator of Estey's Emulsion spent several years of his life in perfecting this preparation. Not a bottle of it was put on the market until he was satisfied that it was the best ever introduced for the cure of coughs, colds, bronchitis and all wasting diseases. Thousands of bottles have been sold, and he has never heard a complaint regarding it. jan2 1m d&w

CHARIVARI.—The cold, calm, moonlight beauty of last night was marred for a man on Pownal Street, who was being charivaried for taking unto himself a wife A number of young men gathered together to produce the torture. While the celebration was at its height, our ever-alert policemen swooped down upon them and visited them with punishment. This dispersed the crowd and soon, silence again settled down over the neighborhood.

AN EXPLANATION.—The steamer State of Indiana put into Boston in distress on the 2nd January, not London as stated in THE EXAMINER and some other papers. The despatch from which THE EXAMINER quoted all the information it gave about the affair was dated "London, Jan. 2," and said the steamer put in "here." Had the despatch been dated "Boston," as it should have been, the mistake would not have been made by THE EXAMINER The Indiana left Boston for Bristol (Eng.) on the 29th December. Her cargo consisted chiefly of grain, flour, lard and oil cake.

INCREASE YOUR WEIGHT.—If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs by the time the first bottle is consumed It is the greatest blessing of the century to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constitutents found in wheat. It is used in the hospitals and asylums of the country. In big bottles, 50c. and $1 at Charlottetown drug stores. jan4 1w 5

A FORWARD MOVEMENT.—The Pioneer reports that a movement is taking shape in Summerside with the object of procuring a steamer to run on the Summerside-Point du-Chene route, the boat to be owned principally in Summerside. This scheme is being talked up by Neil McQuarrie, Esq., and others, and is, we believe, likely to take practical shape. It is proposed to issue a prospectus providing that an act of incorporation be procured for a company with a capital of $100,000, the shares being $100, half of which will, for present purposes, be paid It is believed a number of subscriptions can be secured of $1,000 each, a good many more at $1000, and many ranging down to one share, while no doubt there can be subscriptions procured in Moncton and St. John. With $50,000 in cash it is believed a boat can be procured sufficient for the purposes of this route—one that will not be too expensive to run.

A GEM IN ITS WAY —A few days ago Mr. Geo. E Hughes, of the Apothecaries Hall, received a letter which is a gem in its way The letter is dated "Miminigash, Jan 5, 1892," and reads as follows, omitting the name signed to it:—

Mr. Hughes had not decided to what other "merchant" he would hand over the order up to yesterday afternoon, when an EXAMINER reporter got hold of the curiosity.

AN old smoker declares that he has been using "Myrtle Navy" tobacco ever since the second year of its manufacture and that during that time he has never suffered from a blistered tongue or parched tonsils or any other of the unpleasant effects which most tobaccos will leave behind them. His experience, he says, is that no other tobacco which he has ever tried is quite its equal and that in value for the money "no other comes anywhere near it."

VICE ADMIRALTY COURT.—The Heather Belle-Fastnet case was yesterday evening, on the application of Mr. Davies, adjourned until Thursday next for the evidence of Messrs. T. A. McLean and J. OPENED. — The Gymnasium opened for work last evening with a very fair attendance of members and spectators, the latter at several times showing their surprise at the activity displayed by some boys in tights. The "gym" is large and comfortable, the walls having recently been tinted and woodwork repainted. The different apparatus' are placed in good position and are firmly erected. When the building has been lighted by electricity, which is the intention of the managers, we think it safe to say that there will not be a better gymnasium in the Maritime Provinces.

LECTURE.—On Monday evening next, 18th inst., Very Rev. Mgr. D. J. Gillis, of Indian River, will lecture in St. Patrick's Hall, in aid of the League of the Cross. The Very Rev Monsignor has been very happy in the choice of his subject: "A trip from the Atlantic to the Pacific and back." He made the trip a few years ago in company with the late Bishop McIntyre, going by the Canadian Pacific to Vancouver, B. C., thence to California and Oregon by a Pacific steamer, and then back across the continent by the Southern Pacific Railroad. He is a close observer of men and things, and tells in a most engaging manner what he has seen. Give him a full house. Tickets only 10 cents.

THE NEW TOILET GEM.—Philoderma owes its immense success to the fact that it is radically different from any preparation in the market. It is a bland and soothing liquid, nicely perfumed, and when applied to the hands and face produces a delicious sense of coolness and comfort, exercising also a direct curative action. It is entirely free from the sticky quality of glycerine and the greasy nature of camphor ice or cold cream. To those who are unable to to use glycerine, from its irritating effect, Philoderma is a necessity. Those who use it have a beautiful complexion. It is harmless as milk. Sold by druggists everywhere. Price 25 cents. jan2 1m dw

OTTAWA, Jan. 12.

The employes of the Richelieu Navigation Company, controlled by Thomas McGreevy and Connolly, voted solid for the grit candidates. This shows that the government has the solid opposition of all the boodlers.

Synod of Persia.

The following brief report of the Synod of Persia and Kurdistan will be read with more than ordinary interest. The meeting was held at Seir in the first week of November. Seir is not "Mount Seir" of the Bible, but the favorite summer resort of the missionaries. Dr. Shedd, the leading missionary in the field, writes: Tuesday evening and part of Wednesday were spent in reviewing the work in over eighty congregations and a wide missionary area beyond. There was much to encourage in the labors of the year, and some things to discourage, such as cases of discipline and divisions. The presence of the Spirit had been felt in many places, and the additions have been more than usual. The routine business was all of a practical kind. The mountain Presbytery, or Knooshya, was divided, so that now there are five small presbyteries composing the Synod. The missionary work and educational work called for discussion and careful planning for the future. A church directory of worship was considered, and the large committee having it in charge continued. Steps were taken to secure a delegate to attend the General Presbyterian Alliance, to meet in Toronto.

The Countess Tolstoi has communicated with American and English people in such a way that it will be possible for them to send aid to the starving Russians with the knowledge that the gifts will reach those for whom they are intended. The Society of American Friends of Russian Freedom has undertaken to receive American contributions for the famine sufferers, and all sums sent to the treasurer of the society, Mr. Francis J. Garrison, 4 Park Street, Boston, will be promptly acknowledged and forwarded to the Countess Tolstoi. The Tolstoi family are all engaged in the work of relieving the starving people. Up to this time the difficulty has been that the Russian Government would not allow charity to be distributed except by the Government officials; and popular distrust of these officials has checked the flow of contributions. It is understood, however, that the Government will not interfere with the work of the Tolstois.
