Grain

WINNIPEG, Nov. 11 - (CP) - Prices generally were easier Saturday on the Winnipeg Grain Exchange, reflecting hesitation on United States markets and increased offerings. Commercial demand was fair, with aggressive buying in oats and barley. Indications were that some export business had been worked overnight with Belgium. Hedging sales were more liberal in flux, although there was evidence of fair buying for seaboard and industrial interests. Class two wheat and I.W.A. prices were unchanged. Closing prices: Oats - Dec. 90%, May 97A, July 91% A. Barley - Dec. 1.42, May 1.33, July 1.27A. Rye - Dec. 2.00, B, May 2.01, July 1.95 A. Flax - Dec. 4.62, May 4.63, July 4.59.

U. S. Steel Report CLEVELAND, Nov. 11 - (AP) - Soft spots are developing in the demand for steel, chiefly in the consumer durable goods lines. Steel Magazine reports today. This is reflected in the shaving of premium grey market prices and prices for imported steel, the weekly magazine of metalworking says. It is reflected, too, in Steel adds, in improved defence account shipments and fewer conversion deals, especially in sheets. Government restrictions on building are enabling fabricators to improve their inventory position and shrink order backlogs. Early this year makers of shapes had 12 to 15 months work on order. Now they can accept rated tonnage for delivery in five to six months, Steel says. Last week's steel-making operations declined 25 points to 19.5 per cent of capacity. Due to labor trouble, the rate in the Birmingham District dropped 43 points to only 17 per cent.
