Strong Rumors Pickersgill To Enter The Federal Cabinet

By CLYDE BLACKBURN
Canadian Press Staff Writer
OTTAWA, (CP)—John W. Pickersgill, 47, clerk of the Privy Council and long-time adviser to Liberal prime ministers, is reported to be slated for early appointment to the cabinet.

This is a recurring rumor — that the stocky and sometimes controversial figure of "Jack" Pickersgill would enter the political fray — but it was circulated with particular force Wednesday. The Ottawa Evening Journal, in a front page story, said it knew from "indisputable sources" that Mr. Pickersgill would be sworn in as a cabinet member before dissolution of Parliament, about June 10.

Another report on Parliament Hill was that Mr. Pickersgill would enter the cabinet and contest a

Three By-elections Announced By Duplessis

QUEBEC, (CP)—Premier Duplessis Wednesday announced by-elections for Thursday, July 9, in three Quebec ridings.

Nominations in Montreal Outremont, Portneuf and Matapedia will be held two weeks before voting, June 25, under provisions of Quebec's new Election Act.

In a move that surprised even his own Union Nationale partisans, Mr. Duplessis broke with his custom of calling elections for a Wednesday, the second time he has done so in his long political career.

Standing in the legislative assembly now is: Union Nationale, 65; Liberals, 22; Independent, one; vacant, three.

stratocruiser, under command of Capt. Anthony Spooner, made the flight in 10 hours and 33 minutes. The previous record was 11 hours and three minutes, set in 1950.

Reds Try New Tactics To Halt Exodus To West

By VINCENT BUIST
BERLIN, (Reuters)—The Communist regime of East Germany is organizing an "enlightenment" campaign to stop the mass flight of its citizens to freedom in the West.

Details of the campaign were reported Wednesday by Neues Deutschland, official newspaper of the East German Communist party. West Berlin officials say an average of 1,000 persons daily have escaped in the last year.

The paper claimed that "Western agents" were paid for every East German they persuade to flee.

To combat these "agents" and to stop the flow of escapes, the Communist-dominated "National Front of All Parties" has suggested the formation of "enlightenment squads," the paper disclosed. Main job of these groups would be to convince citizens of Soviet-occupied Germany that life is worse in the West.

West Berlin refugee camps are already packed to capacity. Thousands of refugees poured into West Berlin every week at the height of the exodus earlier this year. The rush came during an anti-Semitic campaign waged by Russia and other Communist countries just before Stalin's death.

Scheme May Be Enlarged To Include Loans

OTTAWA, (CP)—A government insurance plan for fishing vessels in Canada's six coastal provinces was announced in the Commons Wednesday by Fisheries Minister Sinclair.

The minister told the House the scheme may be enlarged later to provide credit for fishermen such as farmers get under the Farm Improvement Loans Act.

Under the insurance plan, cheap coverage will be provided for loss or damage to vessels and their fixed equipment such as engines up to the value of \$7,500. The minister said it is hoped to extend it to the inland fisheries shortly.

As a start in working out a plan for insuring fishing gear generally, coverage will be provided also on lobster traps, which are subject to heavy storm loss in the Maritimes.

The vessel insurance scheme, going into effect about July 1, will provide coverage a premium of one per cent per year up to a value of \$7,500. For total loss, the vessel's appraised value. For serious damage, the owner will receive 85 per cent of the amount by which his repair bills exceed 30 per cent of the value.

Mr. Sinclair explained the government insurance is restricted to the \$7,500-and-under class of vessels because larger ships can readily get insurance from private companies. The smaller ones cannot.

Grand Orange Lodge Holds Annual Session

The Right Worshipful Grand Orange Lodge of Prince Edward Island met in annual session yesterday afternoon and evening in the Grand Orange Rooms with Grand Master C. E. Shaw presiding. During the morning and afternoon, reports from the various committees were heard and dealt with promptly.

Immediately after the supper hour a memorial service was held in the Knights of Pythias Lodge room where the Sisters of the Order were also in session. This service was conducted by Bro. W. C. Killam, who spoke very much to the point. It was of much benefit to all present.

The evening session was taken up with important legislation, some of which had to do with the annual session of the Most Worshipful Grand Orange Lodge of British America which convenes in Charlottetown during the week of June 22nd next.

The following is the list of officers for the incoming year, who were installed by Past Grand Master J. M. MacCaull, Elderly: R.W.G.M.; Chester E. Shaw, DeSable; R.W. Dep. G.M.; Peter G. MacPherson, Charlottetown; R.W. J. Dep. G.M.; Avalah A. MacCallum, Borden; Past Grand R.W. Grand Chaplain; Rev. W. G. Killam, Crapaud.

Sees Canada Beginning Long Prosperity Period

WASHINGTON, (AP)—Senator William Knowland (Rep., Calif.) has accused British leaders of seeking to prod the United States into a "Far Eastern Munich" in settling the Korean war and declares it could only lead to a third world war.

If Britain insists on such a settlement, he said Wednesday, the U.S. must be prepared to "go it alone" in Korea.

Knowland's speech on the Senate floor capped a storm of angry criticism here over utterances by Prime Minister Churchill and former prime minister Clement Attlee during full-dress foreign policy debate in the House of Commons. Congressional critics took particular umbrage at statements in

War Prisoner From Korea Reaches Home

QUEBEC, (CP)—I. Cpl. Paul Dugal, first Canadian to figure in the Korean war prisoners exchange, came home Wednesday and was greeted by his weeping mother at Ancienne Lorette Airport.

The 20-year-old semi-paralyzed member of the Royal 22nd Regiment arrived at 11:50 a.m. EDT in an R.C.A.F. plane and walked out, leaning on a cane.

Mrs. Yvonne Dugal rushed toward her only son with a bouquet of roses and her first words were: "Don't rush."

Eyes moist with emotion, the hefty little soldier said simply as he embraced his mother: "Comment ca va, tes tu bien emmeve?"—how are you, were you very homesick?

Agathe Gagneau, Dugal's 20-year-old sweetheart, then embraced the auburn-haired soldier whose left side is partially paralyzed.

About 30 people greeted the prisoner of war at the airport in windy, rainy weather. They included former school mates and friends.

U.K. Conservatives Win Important By-election

LONDON, (Reuters)—Winston Churchill's Conservative party won an important by-election in Sunderland Wednesday, taking the seat away from the Labour party.

The result was: Paul Williams, Conservative, 23,114; Alexander Whipp, Labour, 21,939; and Roy Leslie, Liberal, 2,524.

Conservatives attached great importance to winning the seat, which Labour had won last time with a majority of 306 votes in a straight two-way fight.

They regarded the result as a real test of the government's prestige.

It is the first change of party at a by-election since the 1951 general election.

Conservatives regarded the voters' decision as an indication that the Churchill government's stock is rising.

The high gives the Conservatives an effective majority of 19 in the House of Commons.

Despite the victory, political quarters believe Churchill has no intention of putting his Conservative government to the test in a general election this year.

Total votes cast were 45,577 or 72.5 per cent of those eligible—a record for a by-election. At the general election 94.27 per cent of the electorate here voted.

The breakdown of seats in the 625-seat House of Commons now is: Conservatives and allies 322
Labour 295
Liberals 6
Irish Nationalist 2
Total 625

Shippers To Hold Meetings

MONCTON, (CP)—Meetings of shippers will be held in the Maritimes this month to consider briefs to the board of transport commissioners on the impact of freight-rate increases and the proposed application of freight-rate equalization in Canada, the Maritimes transportation commission announced Wednesday.

The meetings will be held at Moncton May 18, Halifax May 21, and Saint John June 4.

The series of meetings spring from a conference of Maritime shippers last month in Amherst, N.S., which framed a resolution as "strenuously protesting against the freight rate developments which have taken place and which are seriously affecting the economy of these provinces."

Convicted of Manslaughter

PICTOU, N. S., (CP)—Harry Sanford Jackson, 24, of Priestville, was convicted of manslaughter Wednesday in the slugging death of Walter Scott Roy of New Glasgow Feb. 18. He was remanded for sentence at the end of the Supreme Court term.

Charge Giant Monopoly In British Match Industry

LONDON, (Reuters)—The government commission on monopolies reported Wednesday that the match industry is one of the largest and most anti-social cartels in Britain.

The British Match Corporation, controlling 92 per cent of all match sales in Britain, "operates against the public interest" and should be subjected to government restriction on price control, the 10-man group said in a report on a four-year study.

By controlling chemical plants and manufacturing equipment, the BMC syndicate is able to make sure that 98 handful of competitors must pay "up to 77 per cent" more in production costs, it added.

Grave View Of Incidents In London

CAIRO, (AP)—The Egyptian army's chief of staff predicts a popular Egyptian uprising against British troops in the Suez Canal Zone unless they pull out within two or three months.

Lt. Col. Ghabrial Abdel Nasser gave this indication Wednesday of a summer deadline for Britain's acceptance of Egypt's demands for unconditional evacuation as the old quarrel between the two nations built up new tensions. Neither side shows signs of compromise.

Egypt Has Plans
Asked by a newspaper man whether Egypt planned to declare war on Britain if the stalemate continues or whether action against the British troops might take the form of a civil uprising, Nasser said his government has its own plans about that.

He made this comment in an interview with Alexander MacDonal, editor of the Bangkok Post, who is visiting in Cairo. In the past Nasser has urged guerrilla warfare if the British remained.
